Babb, 2020-08-19 Earth is Ours a fresh and uniquely original story line bridges many genres A symbiotic relationship develops between a self aware female computer and an American Indian man dying of old age This is a forced relationship dictated by mutual needs for survival in a world stripped of technology by aliens The main characters begin the fight of their lives but before they can fight the fierce aliens Levi and Amy must fight for control of who they will be jointly What begins as conflict of minds develops into tolerance then cooperation and finally love This love of total oneness creates a unity of incredible power and strength that provides the means to fight the aliens Female brains and male brawn unite to battle against incredible odds for the survival of the human race The conflict of minds action adventure and suspense are all interlaced into a compelling and fast paced adventure The characters are three dimensional with real emotions not always perfect but always interacting The story presented from differing viewpoints depict the two main characters as they convey some of the same events from both a male and female perspective As they interface the events are often seen from conflicting emotions and motivations sometimes cynical and often humorous It is the ultimate struggle of male versus female while combating monstrous aliens As expected this action story has a strong appeal to men while the romance aspect compliments the story expanding the appeal in women Additionally one of the main characters is Amy a particularly brilliant and forceful female who demands attention from both sexes Her male counterpart is very physical and masculine representing everything Amy is not Both characters and sexes are presented in a positive although conflicting way at times These characters and the story are strong and their saga continues in its sequel Target Earth **Cambridge Learner's Dictionary English-Polish with CD-ROM** Cambridge University Press, 2011-05-19 This is a semibilingual Polish version of the Cambridge Learner's Dictionary with definitions in English and Polish translations of the headword for each

Coronary Stephen Klaidman, 2007-01-09 A chilling real life medical thriller *Coronary* chronicles the story of two highly respected heart doctors who violated the most sacred principle of their profession First do no harm In the summer of 2002 fifty five year old John Corapi a Catholic priest with a colorful background visited Dr Chae Hyun Moon a celebrated cardiologist in Redding California Corapi had been suffering from exhaustion and shortness of breath and although a physical examination and a conventional stress test revealed nothing abnormal Moon insisted that the calcium level in Corapi s coronary arteries called for a highly invasive diagnostic test an angiogram A chain smoking Korean immigrant known for his gruff bedside manner Moon performed the procedure briskly and immediately handed down a devastating diagnosis I m sorry there is nothing I can do for you You need a triple bypass tomorrow morning He then abruptly left the room Several hours later however Moon inexplicably decided the surgery could wait until Corapi returned from a previously scheduled cross country trip Unnerved by the dire diagnosis and also by Moon s inconsistent statements Corapi sought other opinions To his amazement a second third and fourth doctor found that his heart

was perfectly healthy In fact for a man his age Corapi s arteries were remarkably free of disease Sensing a cause more disturbing than human error Corapi took his story to the FBI As local agent Mike Skeen soon discovered Corapi was one of a number of people who had suspicions about Moon and Moon s go to cardiac surgeon Dr Fidel Realyvasquez an equally respected member of the close knit northern California community Working at a hospital owned by Tenet Healthcare Moon would make the diagnoses and Realyvasquez would perform the surgeries Together these leaders of the Redding medical establishment put hundreds of healthy people at risk some of whom never recovered Soon Skeen launched a major investigation interviewing numerous doctors and patients and forty federal agents raided the hospital where the doctors worked A timely and provocative dissection of America s medical industrial complex Coronary lays bare the financial structures that drive the American healthcare system and which precipitated Moon s and Realyvasquez s actions In a scheme that placed the demands of Wall Street above the lives of its patients Tenet Healthcare rewarded doctors based on how much revenue they generated for the corporation A meticulous three year FBI investigation and hundreds of civil suits culminated in no criminal charges but a series of settlements with Tenet Healthcare and the doctors that totaled more than 450 million and likely put an end to Moon s and Realyvasquez s medical careers The case s every twist and turn is documented here A riveting character rich narrative and a masterpiece of long form journalism Coronary is as powerful as it is alarming This is a hair raising story of the hundreds of men and women who went under the knife not in the name of medicine but of profit and prestige Brilliantly told Stephen Klaidman s Coronary is a cautionary tale in the age of miracle medicine and a shocking reminder to always get a second opinion
