Telling It Like It Isnt:

Intentions in the Experience of Meaning Raymond W. Gibbs, 1999-09-13 What do our assumptions about authorship matter for our experience of meaning This book examines the debates in the humanities and social sciences over whether authorial intentions can or should constrain our interpretation of language and art Scholars assume that understanding of linguistic and artistic meaning should not be constrained by beliefs about authors and their possible intentions in creating a human artifact It is argued here that people are strongly disposed to infer intentionality when understanding oral speech written texts artworks and many other human actions Although ordinary people and scholars may infer meanings that diverge from or extend beyond what authors intend our experience of human artifacts as meaningful is fundamentally tied to our assumptions of intentionality This challenges the traditional ideas of intentions as existing solely in the minds of individuals and formulates a new conceptual framework for examining if and when intentions influence the interpretation of meaning

Nick Crozby, 2013-10 Pleeaze Tell me that bomb isn't live is a follow on from Nick Crozbys successful first book Pleeaze tell me that wasn't a teacher Like its predecessor it continues in a humorously written anecdotal style and is based on the multifarious events and incidents the author Nick Crozby has been privileged to encounter enjoy and occasionally suffer during his long career in education The events related were real but the names of all those involved have been changed to preserve anonymity Pleeaze Tell me that bomb isn't live describes how it was a working visit to Saudi that led to a totally unexpected change in direction to his and his wife's newly established teacher recruitment company That in turn led to exciting sometimes difficult but always interesting experiences and events in countries across the world Helping set up new schools in Eastern Europe Bahrain and China advising and helping to staff and improve established schools in the Caribbean Africa and Hong Kong all as a result of an initial visit to the Middle East The scariest times were as a result of the Gulf Wars and visits to Kuwait Qatar Dubai in the aftermath With his well chosen stories and incidents Nick not only entertains but informs the reader about the nefarious colourful behind the scenes goings on in the international educational world The dialogue is colourfully illustrated with many carefully recalled situations some sad others naughty and some very moving Incidents and characters seemed to follow him during his time in teacher recruitment just as they had during his teaching career and these too are humorously related *The Baltimore Underwriter*, 1929
