Small Towns In Early Modern Europe:

Small Towns in Early Modern Europe Peter Clark, 2002-05-09 Despite the great wave of publications on European cities and towns in the pre industrial period little has been written about the thousands of small towns which played a key role in the economic social and cultural life of early modern Europe This collection written by leading experts redresses that imbalance It provides the first comparative overview of European small towns from the fifteenth to the early nineteenth century examining their position in the urban hierarchy demographic structures economic trends relations with the countryside and political and cultural developments Case studies discuss networks in all the major European countries as well as looking at the distinctive world of small towns in the more peripheral countries of Scandinavia and central Europe A wide ranging editorial introduction puts individual chapters in historical perspective

Cultural History of Early Modern European Streets Riitta Laitinen, Thomas Vance Cohen, 2009 In urban life streets are elemental but urban history seldom places them centre stage It tends to view them as mere backdrops for events or social relations or to study them as material constructions the fruit of urban planning but largely vacant of inhabitants Examining people and streets in tandem the contributors to this volume strive towards more integrated urban history They discuss the social and political processes of early modern street life and the discursive play in which streets figured Six chapters based in Sweden Finland England Portugal Italy and Transylvania discuss the subtle interplay of the material and immaterial public and private planned order and versatility spontaneous invention control and resistance a all matters central to how streets worked Contributors are Emese Balint Maria Helena Barreiros Elizabeth S Cohen Thomas V Cohen Alexander Cowan Anu Korhonen Riitta Laitinen and Dag LindstrAm

The Oxford Handbook of Early Modern European History, 1350-1750 Hamish M. Scott, 2015 This Handbook re examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of

present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on Orthodoxy Judaism and Islam **Print Culture and Peripheries in Early Modern Europe** Benito Rial Costas,2012-11-09 This volume seeks to enhance our understanding of printing and the book trade in small and peripheral European cities in the 15th and 16th centuries through a number of specific case studies

Town and Country in Europe, 1300-1800 S. R. Epstein,2001 This 2001 book was the first survey of relations between town and country across Europe between 1300 and 1800 Urban Life in Nordic Countries Heiko Droste,2023-12-18 Based on empirical studies this book investigates the particular urban history of the North from the 17th century until today in a comparative Northern perspective Urban Life in Nordic Countries is the result of a conference on Urbanity in the Periphery held in Stockholm on the occasion of the 100th anniversary of the Institute of Urban History at Stockholm University aimed at establishing the field of the urban history of the North and creating a network of urban historians of the North With a broad range of contributions from Sweden Finland Denmark Norway and Estonia the volume seeks to further discourse on the region within national and transnational lenses and to highlight possibilities for new cooperation among researchers Urban history is a transdisciplinary subject engaging not only historians but also ethnologists sociologists urban planners and cultural geographers and this book targets all scholars whose work requires a historical understanding of the Northern town European urban historians outside the region will also find this text valuable as one of the few studies to consider the urban history of the continent from a North centered viewpoint The Oxford Handbook of Cities in World History Peter Clark,2013-02-14 In 2008 for the first time the majority of the planet s inhabitants lived in cities and towns Becoming globally urban has been one of mankind s greatest collective achievements over time and raises many questions How did global city systems evolve and interact in the past How have historic urban patterns impacted on those of the contemporary world And what were the key drivers in the roller coaster of urban change over the millennia market forces such as trade and industry rulers and governments competition and collaboration between cities or the urban environment and demographic forces This pioneering comparative work by leading scholars drawn from a range of disciplines offers the first detailed comparative study of urban development from ancient times to the present day The Oxford Handbook of Cities in World History explores not only the main trends in the growth of cities and towns across the world in Asia and the Middle East Europe Africa and the Americas and the different types of cities from great metropolitan centres to suburbs colonial cities and market towns but also many of the essential themes in the making and remaking of the urban world the role of power economic development migration social inequality environmental challenge and the urban response religion and representation cinema and urban

creativity Split into three parts covering Ancient cities the medieval and early modern period and the modern and contemporary era it begins with an introduction by the editor identifying the importance and challenges of research on cities in world history as well as the crucial outlines of urban development since the earliest cities in ancient Mesopotamia to the present

Early Modern European Society Henry Kamen, 2021-08-31 A new edition of a seminal work one that explores crucial changes within Europe from the fifteenth to the eighteenth century The early modern period was one of profound change in Europe It was witness to the development of science religious reformation and the birth of the nation state As Europeans explored the world looking to Asia and the Americas for new peoples and lands their societies grew and adapted Eminent historian Henry Kamen explores in depth the issues that most affected those living in early modern Europe from leisure work and migration to religion gender and discipline and the way in which population change impacted the aristocracy the bourgeoisie and the poor The third edition of this pioneering study includes new and updated material on gender religion and population movement Richly illustrated this is essential reading for all those interested in early modern European society

A Companion to Eighteenth-Century Europe Peter H. Wilson, 2014-01-28 A COMPANION TO EIGHTEENTH CENTURY EUROPE This is an impressive volume with leading experts

providing a wide ranging coverage that should satisfy most requirements for effective and thoughtful introductory surveys All specialists on this period will find much of value in this excellent volume History The Journal of the Historical Association This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth century Europe It considers not just major western European states but also the often neglected countries of eastern and northern Europe Placing Europe within an international context contributors investigate key areas of society economics culture and political development The book concludes with the French and other European revolutions that brought the century to a close both chronologically and as regards the Ancien R gime A Companion to Eighteenth Century Europe examines both established and emerging areas of interest in the field making it an essential guide for students and scholars

The English Urban Renaissance Revisited John Hinks, 2018-12-04 A quarter of a century ago Professor Peter Borsay identified a specifically urban phenomenon of cultural revival that took root in the late seventeenth century leading to the flowering of a wide range of cultural forms and the extensive remodelling of the townscape along classically inspired lines Borsay called this the English Urban Renaissance These essays including Borsay s reflective and thought provoking revisiting of his concept offer a wide ranging exploration of the continuing and still developing impact of the English Urban Renaissance and investigate the wider impact of the concept beyond England The essays reiterate the importance of provincial towns as hubs of economic cultural and political activity and the strength and vitality of urban culture beyond the metropolis They trace the development of urban culture over time in the light of the concept of urban renaissance showing how urban townscapes and cultural life were transformed throughout the long eighteenth century Together they establish the continuing impact and importance of Borsay s concept demonstrate the breadth of its influence in the UK and beyond and point to possible areas of research for the future

Innovation and Creativity in Late Medieval and Early Modern European Cities Karel Davids, Bert De Munck, 2016-05-23 Late medieval and early modern cities are often depicted as cradles of artistic creativity and hotbeds of new material culture Cities in renaissance Italy and in seventeenth and eighteenth century northwestern Europe are the most obvious cases in point But how did this come about Why did cities rather than rural environments produce new artistic genres new products and new techniques How did pre industrial cities evolve into centres of innovation and creativity As the most urbanized regions of continental Europe in this period Italy and the Low Countries provide a rich source of case studies as the contributors to this volume demonstrate They set out to examine the relationship between institutional arrangements and regulatory mechanisms such as citizenship and guild rules and innovation and creativity in late medieval and early modern cities They analyze whether in what context and why regulation or deregulation influenced innovation and creativity and what the impact was of long term changes in the political and economic sphere

From Reich to Revolution Peter H. Wilson, 2019-10-10 German history after the Reformation is often seen as a confusing period of political failures before the emergence of powerful states like Prussia give some coherence to

the national story The inability of Emperor Charles V to solve Germany's political and religious problems by 1558 seems to condemn the country to the chaos of the Thirty Years War and the subsequent partition of the Reich or Holy Roman Empire into virtually independent states until its final collapse in 1806 Peter H Wilson's major new study Weaves insights from the latest research into a comprehensive account of German social political and cultural development across two and a half centuries Addresses fundamental questions such as how the apparently fragile structure of the Reich survived the trauma of the Thirty Years War and why despite gross social inequality Germany did not experience mass French style revolution Provides a helpful glossary detailed appendices and a guide to further reading to aid study

Landless Households in Rural Europe, 1600-1900 Christine Fertig, Richard Paping, Henry French, 2022 First comparative study of landless households brings out their major role in European history and society The numbers of landless people those lacking formal rights to land or possessing only tiny smallholdings grew rapidly across post medieval Europe as rural population and economic growth divided landowners and farmers from increasingly landless rural workers But they have hitherto been relatively neglected a gap which this volume covering Scandinavia Germany Austria Netherlands Belgium Britain France and Spain from the sixteenth to the early twentieth centuries aims to fill making creative use of a diverse range of unexplored sources Instead of concentrating on the well documented cases of landholding peasants it explores the many different experiences of the numerous rural landless It explains how their households were formed often in the face of economic difficulties and official hostility how all the members of a family contributed to its survival how the landless related to other social groups and negotiated access to vital resources and how they adapted as rural society was changed by war politics agrarian and industrial development government policy and welfare systems Contributors Arnau Barquer i Cerd John Broad Dieter Bruneel Christine Fertig Henry French Margareth Lanzinger Jonas Lindström Riikka Miettinen Richard Paping Wouter Ronsijn Merja Uotila Nadine Vivierlated to other social groups and negotiated access to vital resources and how they adapted as rural society was changed by war politics agrarian and industrial development government policy and welfare systems Contributors Arnau Barquer i Cerd John Broad Dieter Bruneel Christine Fertig Henry French Margareth Lanzinger Jonas Lindström Riikka Miettinen Richard Paping Wouter Ronsijn Merja Uotila Nadine Vivierlated to other social groups and negotiated access to vital resources and how they adapted as rural society was changed by war politics agrarian and industrial development government policy and welfare systems Contributors Arnau Barquer i Cerd John Broad Dieter Bruneel Christine Fertig Henry French Margareth Lanzinger Jonas Lindström Riikka Miettinen Richard Paping Wouter Ronsijn Merja Uotila Nadine Vivierlated to other social groups and negotiated access to vital resources and how they adapted as rural society was changed by war politics agrarian and industrial development government policy and welfare systems Contributors Arnau Barquer i Cerd John Broad Dieter Bruneel Christine Fertig Henry French Margareth Lanzinger Jonas Lindström Riikka Miettinen Richard Paping Wouter Ronsijn Merja Uotila Nadine Vivier
