consumption of games to be a revelatory experience as the meaning of a game is oftentimes derived by the manner in which they are played Combining sharp criticism of our most beloved and well known video game series with a fascinating discussion of how our cultural values form Story Mode is a truly original examination of the unique space games now occupy from one of the sharpest games critics working today *The Game Designer's Playbook* Samantha Stahlke, Pejman Mirza-Babaei, 2022 This book is about game interaction design in other words shaping what players can do and how they do it to make a game satisfying and memorable
