Copyright Office,1978 *Music of the First World War* Don Tyler,2016-03-21 This book discusses WWI era music in a historical context explaining music s importance at home and abroad during WWI as well as examining what music was being sung played and danced to during the years prior to America s involvement in the Great War Why was music so important to soldiers abroad during World War I What role did music ranging from classical to theater music rags and early jazz play on the American homefront Music of the First World War explores the tremendous importance of music during the years of the Great War when communication technologies were extremely limited and music often took the place of connecting directly with loved ones or reminiscing via recorded images

The book's chapters cover music's contribution to the war effort, the variety of war-related songs, popular hits and top recording artists of the war years, the music of Broadway shows and other theater productions and important composers and lyricists. The author also explores the development of the fledgling recording industry at this time. *Innovative Technologies in Intelligent Systems and Industrial Applications* Subhas Chandra Mukhopadhyay, S.M. The King of the United States Jean Claude Van Itallie, 1975. *THE STORY* Creating a mosaic of imaginative and stylistically diverse scenes interspersed with original songs, the author provides a close and revealing examination of our American penchant for selecting leaders who remind us as much as possible of the King. Jayton's Book of Poetry John Farrell, 2013-07-31. The purpose behind the writing of this book is twofold: one is to show that even though some may not believe that there is a God, that personally I do. And I also believe that everything that presently exists on the earth and above the earth was created by Him. Second, it is my hope that this inspirational book along with its secular content would be a means of enlightening the minds of those who truly need hope in their life. It will also endeavour to show that apart from God, we as human beings are helpless to save ourselves spiritually. Our only hope then is in the Son of God who gave his life so that all of us can live. Hence I thank Him for the inspiration that he has given me to compile these poems. THANK YOU God. And thanks also to those friends and family alike whose interest I have gained throughout the years. My prayer is that all who read its pages may find hope and comfort in their life. GOD BLESS. *The Publishers Weekly*, 1918.
