Speaking Up in a Culture of Silence David Naylor, 2022-08-22 We know we should speak up and question what is being taken as normal in our work cultures to notice and call out bad behaviour and resist being silenced This book is a guide to what it takes to do this in a way that doesn t

expose you to the countermeasures of people who do not like being questioned What is explored through case studies and personal experience are ideas about how to resist being silenced at work where there are competing demands on your time and energy and where people have learnt to tolerate bad and uncivil behaviours just to get the work done There are no magic solutions or calls for decisive action Just some modest ideas about what can help you hold onto your voice and your thinking so that when the time is right you can say something that just may help keep us all a bit safer Speak Up Megan
