Navigating Adult Stammering Trudy Stewart, 2022-06-08 This book the first in an exciting new series provides speech and language therapy students and newly qualified and beginning stammering specialists with 100 key points that will help form a strong foundation for their work supporting adults and teenagers who stammer Composed of practical relevant and useful advice from an experienced clinician chapters break advice down into sections which include information about the therapeutic relationship therapeutic approaches and signposts to further resources Throughout the book comments from stammering specialists describe what they wish they had known at the start of their careers This book Puts the person who stammers at the heart of therapy following the clinical choices they might make Is written in an accessible style designed to be dipped in and out of as required Draws on the experience of therapists working with those who stammer Full of advice and guidance to support effective practice this is an essential resource for anybody new to this client group

Speech and Language Therapy Carolyn Anderson, Anna van der Gaag, 2005-11-29 This book demonstrates novel ways of working across a wide variety of clinical areas including children people with learning difficulties and adults with acquired communication disabilities It explores the paradigm shifts beyond technical rational approaches to professional artistry underpinned by reflective practice and user involvement It discusses values understanding expectations of clients the commonalities of therapy the Care Aims model and the biopsychosocial model in dysphasia management The contributors look at the three elements of competence knowledge skills and attitudes and attributes to demonstrate the relationship between observable skills and the hidden influential aspects of competence that play a vital role in making a practitioner professionally competent By bringing together constructs and challenges from differing areas of practice the book will stimulate readers to think about their work in new ways by learning from experts outside their own scope of practice

Persisting Speech Difficulties in Children Michelle Pascoe, Joy Stackhouse, Bill Wells, 2006-05-12 This is the third book in the series Children's Speech and Literacy Difficulties and is based on research and practice with school age children with persisting speech and associated difficulties It focuses on the psycholinguistic nature of their difficulties how to design intervention programmes and how intervention outcomes might be measured It will serve as a practical handbook and will contain useful word lists tips and photocopiable sheets in the appendix Each chapter will summarise recent research findings and close with a bulleted summary of the main points in the chapter Provides an explanation of the psycholinguistic approach and how to implement it and integrate it with other approaches Includes case studies

Speech and Language Monica Bray, Celia Todd, Alison Ross, 2006 This book demonstrates how students can apply what they have learned to bridge the gap between theory and

therapy as they begin their professional practice The authors argue that the only way to be ready to face the demands of professional practice and life long learning is to acquire a thorough understanding of the process and practice of clinical work Fully revised this second edition incorporates new standards of service delivery and clinical competencies registration of the profession under the Health Professions Council collaborative working with shared client programmes and records client centred philosophy and social models of intervention The authors emphasize the need to have a sound knowledge of what the profession is and who it encompasses the awareness of the concepts that underpin decision making planning and choice of activities and understanding of the philosophies that drive the choice of working practices Stammering

Fourie, 2010-11-25 Why do many people with disorders of communication experience a sense of demoralization Do these subjective experiences have any bearing on how such problems should be treated How can professionals dealing with speech language hearing and other communication disorders analyse and respond to the subjective and relational needs of clients with such problems In this book authors in the fields of communication disorders analyse the psychological social and linguistic processes and interactions that underpin clinical practice from both client and clinician perspectives The chapters demonstrate how it is possible to analyze and understand client clinician discourse using qualitative research and describe various challenges to establishing relationships such as cultural gender and age differences The authors go on to describe self care processes the therapeutic use of the self and various psychological factors that could be important for developing therapeutic relationships Also covered are the rarely considered topics of spirituality and transpersonal issues which may at times be relevant to clinicians working with clients who have debilitating degenerative and terminal illnesses associated with

certain communication disorders While this book is geared toward the needs of practicing and training speech language and hearing clinicians other professional such as teachers of the deaf psychotherapists nurses and occupational therapists will find the ideas relevant interesting and easily translatable for use in their own clinical practice **Learning Disabilities**

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
