On the Law of Speaking Freely Adam Tomkins,2025-05-29 This book tackles the most pressing problems of contemporary free speech law by examining where the idea of free expression came from in the first place applying the lessons of the past to address the challenges of the present Free speech cannot be taken for granted it needs to be fought for But its champions will be successful only if they understand what they are defending For free speech is a deceptively simple principle How should it guide us on the bounds of what is acceptable to say Should we be free to preach hatred or to spread fear or fake news Can media freedom be balanced against the right to privacy How does free speech work online Can the internet be made a safe space without compromising freedom of expression On the Law of Speaking Freely offers not just insights but answers to these and other such vital questions by roaming widely over the law of free speech from English common law to the European Convention on Human Rights via the US First Amendment In rescuing free speech from the culture wars in which it has become embroiled Adam Tomkins restates its values its complexities and its enduring importance in prose that is as passionate as it is clear sighted Even handed informed and authoritative this is a major timely work from one of the UK's leading constitutional scholars

At Home in the Universe Rudolf Steiner,2000 5 lectures at The Hague November 13 18 1923 CW 231 What is our relationship to the planets we see in the night sky Does the cosmos have any affect on our individual lives Modern science tells us that we are an insignificant accident in a vast indifferent universe Rudolf Steiner maintains that we are intimately enmeshed with the whole cosmos right down to the very structure of our physical bodies In these talks Steiner explores our relationship as individuals to the spiritual cosmos where we will all become cosmonauts one day The key to being at home in the universe is to comprehend the significance of our individual physical lives on Earth and what happens when we leave our physical bodies behind Steiner describes his view of our journey after death and our subsequent return to Earth and a new life He describes the planetary spheres through which we pass and how they affect our future life He shows us how our character and actions on Earth affects us after we die and how those experiences in turn shape our next physical life This is not just more information to add to our already overloaded store of abstract concepts Steiner gives imaginative exercises that help us explore our suprasensory spiritual nature We can begin right now to act more consciously by recognizing the concrete nature of morality and the real consequences of our present lives The introduction and comprehensive afterword by Paul Mar gulies explain and contextualize Steiner's text revealing a message

that is more vital and relevant than ever in our frenzied materialistic times This book can help us experience more meaning in life and become more at home as spiritual citizens of the universe Read Bobby Matherne s review of this book Contents Introduction by Paul Margulies Lecture 1 A Speck of Dust Lecture 2 Interweaving Our Destinies Lecture 3 Through the Spheres Lecture 4 Through Midnight to Birth Lecture 5 Earth and the Mystery of Karma Afterword by Paul Margulies German title Der bersinnliche Mensch anthroposophisch erfa t An earlier English edition was titled Supersensible Man This edition was thoroughly revised

**Reading the Word of God in the Presence of God** Vern S. Poythress,2016-03-16 Biblical interpretation is typically viewed as concerned with understanding the human author s intended meaning However for Christians the Bible is first and foremost God s Word and must be understood in that light Helping Christians approach the Bible with God in mind this book sets forth a more nuanced approach to biblical interpretation that pays attention to both the human and divine origins of these sacred texts Whether it s reviewing the three basic steps of interpretation or emphasizing the importance of paying attention to the Christ centered character of both the Old and New Testaments this book is a much needed resource for the church as it wrestles to defend the authority of Scripture in our increasingly relativistic world
