Speed of Light Gwyneth Cravens, 1979      JUPITER ONE RON DACIAN, Jupiter One is a science fiction story with a philosophical focus It is the first installment in a series depicting a possible future where human civilization must coexist with human spirits The story follows the exciting adventures of a group of normal people with no superpowers or superintelligence They are as they are with both good and bad habits and facing both good and bad things The first book Jupiter One describes what might happen when humans are able to separate their souls from their bodies No it is not about death or an inevitable end There are no such things There are just limits The author attempts to present a scientific perspective on how human spirits confront one of their most significant challenges the flow of time When we do not have our body to stabilize the flow of time this flow might become strange Enjoy your reading      *The Adventures of Ragweed and Petals in the "Big Apple"* Peter D.Snyder, 2014-10-15 This is a heartfelt story of childhood innocence and naivety a story that began out of boredom one very wet and rainy afternoon in Tokyo Japan While on a concert tour of Japan with the Los Angeles Philharmonic Orchestra in 1982 cellist artist and author Peter David Snyder happened to walk by a local stationary store on a very wet morning and noticed a uniquely packaged set of drawing pens Wanting something to draw with besides a pencil he went inside the store and purchased them Since the continual rainy weather showed no signs of letting up the pen set would enable him to enjoy the free time in a relaxed and creative manner As he began to sketch some arbitrary flowers he d seen outside the hotel in the gardens some ideas began to take shape on his sketchpad Gradually as he continued drawing he realized that their look and color could develop into something very special The idea of a comic strip featuring two talking flowers came to mind The thought of two flowers talking to one another about the mundane daily activities that usually occurred in an average garden was interesting and intriguing Worms snails all crawling around them or the ever pervasive and creeping morning glory vines would provide constant banter for them in the beginning      *AB Bookman's Weekly* ,1986
