Talking Up A Storm Voices Of The New West:

Talking Up a Storm Gregory Lynn Morris, 2016-07 In interviews with fifteen contemporary writers of the American West Gregory L Morris demonstrates what these widely divergent talents have in common they all redefine what it is to be a western writer No longer enthralled though sometimes inspired by the literary traditions of openness place and rugged individualism each of the writers has remained true to the demand for clarity strength and honesty virtues sustained in their conversations Morris talks with Ralph Beer Mary Clearman Blew Elizabeth Cook Lynn James Crumley Ivan Doig Gretel Ehrlich Richard Ford Molly Gloss Ron Hansen John Keeble William Kittredge David Long Thomas McGuane Amy Tan and Douglas Unger Their lives and fiction stretch from Montana to Texas from ranches to universities from sea level to mountain slopes

The Cultures of the American New West Neil Campbell, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company

Lost in the New West Mark Asquith, 2021-10-07 *Lost in the New West* investigates a group of writers John Williams Cormac McCarthy Annie Proulx and Thomas McGuane who have sought to explore the tensions inherent to the Western where the distinctions between old and new myth and reality authenticity and sentimentality are frequently blurred Collectively these authors demonstrate a deep seated attachment to the landscape people and values of the West and offer a critical appraisal of the dialogue between the contemporary West and its legacy Mark Asquith draws attention to the idealistic young men at the center of such works as Williams's *Butcher's Crossing* 1960 McCarthy's *Blood Meridian* 1985 and *Border Trilogy* Proulx's Wyoming stories and McGuane's *Deadrock* novels For each writer these characters struggle to come to terms with the difference between the suspect mythology of the West that shapes their identity and the reality that surrounds them They are in short lost in the new West

Contemporary Western White John White, 2019-05-03 The September 11th attacks in 2001 and the subsequent War on Terror have had a profound effect on American cinema and the contemporary Western is no exception In this book John White explores how films such as *Open Range* *True Grit* and *Jane Got a Gun* reinforce a conservative myth of America exceptionalism endorsing the use of extreme force in dealing with enemies and highlighting the importance of defending the homeland Placing their characters within a dark world of confusion and horror these films reflect the United States post 9 11 uncertainties and the conflict between civilised values and the brutality employed to defend them

Updating the Literary West, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the *Literary History of the American West* TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes *Updating the Literary West* a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of *LHAW* western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new

tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children s literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West s literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister

The Rockies in First Person Ron McFarland,2014-01-10 The autobiography has not always been acknowledged as true literature Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection This study focuses critical attention on ten memoirs from the northern U S Rockies including Utah Colorado Wyoming Montana and Idaho By comparing memoirs representing states that share similar demographic ecological and socio economic characteristics this historic and literary analysis reveals both commonalities and divergences among American Western memoirs Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians

The Lost Frontier Mark Asquith,2014-06-19 Annie Proulx is one of the most provocative and stylistically innovative writers in America today She is at her best in the short story format and the best of these are to be found in her Wyoming trilogy in which she turns her eye on America s West both past and present Yet despite the vast amount of print expended reviewing her books there has been nothing published on the Wyoming Stories The Lost Frontier fills this critical void by offering a detailed examination of the key stories in the trilogy Close Range 1999 Bad Dirt 2004 Fine Just the Way it Is 2008 The chapters are arranged according to western archetypes the Pioneer Rancher Cowboy Indian and arguably the most important character of them all in Proulx s fiction Landscape The Lost Frontier offers students a clear sense of the novelist s early life and work her stylistic influences and the characteristics of her fiction and an understanding of where the Wyoming Stories and Annie Proulx s work as a whole fits into traditional and contemporary writing about the American West

Encyclopedia of the American Novel Abby H. P. Werlock,2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this

Bone Deep in Landscape Mary Clearman Blew,2000-09-01 Blew s reflections on a woman s life in the Rocky Mountain West immerse readers in the landscape of mountains and prairies and of blizzards and scorching sun Blew again demonstrates her artistry and strong connection to the Western terrain of her past and present homes in Montana and Idaho Publishers Weekly 9 illustrations
