Clinton, Dr. Diane Langberg, 2011-09 Internationally recognized AACC President and leading women s counseling expert offer a practical comprehensive and biblical guide to counseling women **Happily Ever After Marriage** Sarah Hampson, 2011-01-04 Earlier in my post divorce life I thought marriage would never happen again for me Having exited a painful one I had no desire to enter another Why would anyone want to repeat a difficult experience I felt that my heart

would never be as trusting as it once was I had lost my faith in marriage I wasn't sure it was the best custodian of love And I still feared how the wife identity could sabotage me I was content to sit to the side and let others have their turn at giving the institution a whirl from Happily Ever After Marriage There's Nothing Like Divorce to Clear the Mind by Sarah Hampson After eighteen years of marriage and three children Sarah Hampson finds herself amongst the growing ranks of divorced MLWs Mid Life Women This is what happens when you are outside the marriage bubble she writes Suddenly you are in a parallel universe across some mythic river in a place where you are the un wife and you and your un husband are on the un married side And once there as some kind of compensation for the hardship of the journey you develop relationship X ray vision You know more than if you had never inhabited the bubble Illusions and delusions drop away Everything is clearer pp xi xii Hampson uses this newfound vantage point outside the marriage bubble to bravely explore the institution of matrimony She applies her famously warm perceptive and frequently hilarious perspective not only to her own marriage experience but also to those of her family and friends along with the myriad celebrities she has interviewed in more than a decade of journalism Hampson asserts that the tradition of unveiling the bride after the vows have been made is all wrong A bride wears a veil after she becomes a wife she writes For many it's a question of denial not just of what they want and their unhappiness but also of the characteristics in their mate p 138 With the veil lifted from her eyes Hampson scrutinizes the marriage assumptions she made as a child better able to see the domestic compromises made by her mother and grandmother as well as her own As a young girl growing up in a comfortably privileged household Hampson felt secure in her expectation that she would one day be taken care of by a husband The message in all quarters of our upbringing was that marriage was the life glue p 30 she writes Now an Un Married Hampson has no end of worries to keep her awake at night Will her children be irreparably damaged by the divorce Will her Ghost Dad ex stop disappointing them and her How will she manage financially Will she find the serenity she craves And yet despite her worries Hampson finds that as a mature and independent woman she has access to the sort of security and self possession that she sorely lacked when married She traces her divorce journey from her hilarious Un marriage Ceremony selling her wedding ring to a junk gold broker to a more fully realized state of being in which life can be viewed as a carnival of choices good and bad wise and regrettable designed not to teach us pride in ourselves for engineering whatever successes we may have but humility in acceptance of how it happened to unfold p 280 Candid humorous and full of fascinating stories Happily Ever After Marriage is part modern guide part passionate conversation with friends and part meditation on what can be seen as a new rite of passage to self actualization in mid life By bravely examining her own life Hampson brings clarity to the underlying cultural messages that inform the choices we make and shows how embracing change at mid life can open oneself to new possibilities of connectedness

The High Calling of Motherhood Chimene Shipley Dupler, 2017-05-01 Does motherhood matter Have we lost our sense of identity especially through social media which can pour both accolades and acid into our hearts and minds Does our role as a mother have any

lasting purpose What about the hard stuff Do we self medicate more than we self motivate to fight for our families If we don't have a sense of purpose how will our children Chimene Shipley Dupler believes you are created for more You are created in the image of God You have value significance and purpose You are chosen In The High Calling of Motherhood Chimene will challenge and inspire you Motherhood can change the trajectory of a generation as we discover the authority that God has given mothers Chimene desires to see mothers experience the joy that comes in the value and worth that God places on motherhood

Motherhood is a calling a high calling from God Chimene will equip you and give you tools for success You are a difference maker You are raising world changers You are a mom **Tell it to Women** Osonye Tess Onwueme,1997 Tell It To Women gives traditional rural women a voice the women from Idu break from their assumed position of silence and powerlessness to confront the urban women who believe their western education gives them the authority to speak for all women Using the magic of movement dance and drama and the devices of humor and metaphor Osonye Tess Onwueme has created a post feminist epic drama that transcends current feminist theories An ideologically and politically powerful work Tell It to Women offers a critical discourse on the western feminist movement from an African traditional perspective focusing attention on the often silenced issues of intra gender politics and class inequities Silent Sorrows: Let's Talk About Abortion, Reproductive Technologies, and Adoption Katherine Breckenridge,2024-05-15 Today's self indulgent society is one in which satisfying one's desires at the expense of others prevails This mindset is particularly common in areas of procreation such as abortion and various assisted reproductive technologies Through a lens that combines Christianity natural law and scientific reason this book discusses how the breakdown of man woman marriage biological connection the destruction and disregard for human life and the objectification and commodification of women and children manufactures trauma in not only adults but in children This trauma is evidenced by the stories of adult children who are victims of society's current cultural trends as well as evidenced by the research of various psychologists sociologists and other professionals For too long adults have been asking children to conform to their ways of living assuming children will just get over it and children are now starting to speak out about the harms of their upbringings It's essential to illuminate their voices as these familial breakdowns have become so normal that we currently can't talk about any of their negative aspects with any degree of common sense **The Old Troop** John Lacy,1672 An exaggerated and farcical description of the repute in which cavalier troopers were held by the country folk together with some particulars of the kind of plundering to which the soldiers were addicted cf The Dictionary of National Biography By Sidney Lee p 381 Ten Ways to Destroy the Imagination of Your Child Anthony Esolen,2023-07-18 Play dates soccer practice day care political correctness drudgery without facts television video games constant supervision endless distractions these and other insidious trends in child rearing and education are now the hallmarks of childhood As author Anthony Esolen demonstrates in this elegantly written

often wickedly funny book almost everything we are doing to children now constricts their imaginations usually to serve the ulterior motives of the constrictors *Ten Ways to Destroy the Imagination of Your Child* takes square aim at these accelerating trends in a bitingly witty style reminiscent of C S Lewis while offering parents and children hopeful alternatives Esolen shows how imagination is snuffed out at practically every turn in the rearing of children almost exclusively indoors in the flattening of love to sex education and sex education to prurience and hygiene in the loss of traditional childhood games in the refusal to allow children to organize themselves into teams in the effacing of the glorious differences between the sexes in the dismissal of the power of memory which creates the worst of all possible worlds in school drudgery without even the merit of imparting facts in the strict separation of the child's world from the adult's and in the denial of the transcendent which places a low ceiling on the child's developing spirit and mind But Esolen doesn't stop at pointing out the problem he offers clear solutions as well With charming stories from his own boyhood and an assist from the master authors and thinkers of the Western tradition *Ten Ways to Destroy the Imagination of Your Child* is a welcome respite from the overwhelming banality of contemporary culture Interwoven throughout this indispensable guide to child rearing is a rich tapestry of the literature music art and thought that once enriched the lives of American children *Ten Ways to Destroy the Imagination of Your Child* confronts contemporary trends in parenting and schooling by reclaiming lost traditions This practical insightful book is essential reading for any parent who cares about the paltry thing that childhood has become and who wants to give a child something beyond the dull drone of today's culture
