Tanto Mejor Un Enfoque Comunicativo Estructural Y Cultural:

"Aquí Se Imprimen Libros" Mark Groundland,2008

El devenir de la lingüística y la cultura: un estudio

interdisciplinar sobre lengua, literatura y traducción. Aitor Garcés Manzanera,Omar Salem Ould García,Salud Adelaida Flores Borjabad,2022-06-06 Todo ser vivo necesita interactuar con el medio que lo rodea generando un tipo de información que lo lleva a crear un acto de comunicación. Así se desarrollan una serie de lenguajes que los llevan a comunicarse con la comunidad. Por ejemplo en el caso de los animales se puede observar cómo emiten diferentes sonidos para realizar cualquier tipo de acción o incluso para advertir de cualquier peligro a su alrededor. En el caso de los seres humanos desde nuestros órganos hemos generado gestos y expresiones que varían de un lugar a otro así como también hemos elaborado sistemas de comunicación basados en señales para poder comunicarnos. No obstante en el caso de los seres humanos todo esto va más allá en tanto que hemos sido capaces de desarrollar un sistema de comunicación verbal y escrito otorgándole convenciones que varían de un lugar a otro. Siguiendo esta línea nuestra forma de comunicación ha ido más allá de la simbología hasta tal punto de elaborar un sistema de símbolos sonoros y gráficos que se articulan de diferentes formas con el fin de elaborar un sistema complejo de estructuras que nos llevan a comentar nuestro presente pasado y futuro lo que se ha denominado lengua. Además de todo esto hay que tener en cuenta el factor geográfico puesto que no se puede hablar en exclusiva de una única lengua. En este contexto la lengua o las lenguas varían en función de los fenómenos socioculturales que la rodean es decir existe una relación intrínseca entre lengua lenguaje y sociedad teniendo en cuenta sus usos y el contexto en el que se desenvuelven.

De Acuerdo! Thomas A. Lathrop,1987-02
