Tantric Distinction A Buddhists Reflections On Compassion And Emptiness:

The Tantric Distinction Jeffrey Hopkins,2013-10-23 The ideas concepts and methods of various religions must be tried on for size must be lifted above museum displays must be confronted and allowed to resonate with one s own character It is in this spirit that I present here a personalized account of central Buddhist practices from the author s preface Widely recognized as one of the West s leading scholars of Tibetan Buddhism Professor Jeffrey Hopkins is renowned for his textual translations and original scholarship For ten years he served as the principal English translator for His Holiness the Dalai Lama The Tantric Distinction is his effort to make accessible the complexities of this highly sophisticated philosophy by sharing his personal individual experience with Buddhist thought and practice It lays out the entire Buddhist path as a living experience

Buddhist Acts of Compassion Pamela Bloom,2000-11 My religion is compassion the Dalai Lama has said Indeed the vow to be of benefit to others lies at the heart of Buddhist practice This book collects dozens of profound and moving stories of true compassion From the Buddhist monk who offered his body to starving animals to modern Western practitioners who use Buddhist principles for healing and social reform these stories inspire with their depth tenderness humor and occasional outrageousness Included are tales of the crazy wisdom kindness practiced by many masters in the Tibetan and Zen traditions as well as selections from the best loved Buddhist figures of today including Sogyal Rinpoche Sharon Salzberg Thich Nhat Hanh and the Dalai Lama

Becoming Buddhist Glenys Eddy,2012-02-02 What does it mean to be a Western Buddhist For the predominantly Anglo Australian affiliates of two Western Buddhist centres in Australia the author proposes an answer to this question and finds support for it from interviews and her own participant observation experience Practitioners prior experiences of experimentation with spiritual groups and practices and their experiences of participation practice and self transformation are examined with respect to their roles in practitioners appropriation of the Buddhist worldview and their subsequent commitment to the path to enlightenment Religious commitment is experienced as a decision point itself the effect of the individual s experimental immersion in the Centre s activities During this time the claims of the Buddhist worldview are tested against personal experience and convictions Using rich ethnographic data and Lofland and Skonovd s experimental conversion motif as a model for theorizing the stages of involvement leading to commitment the author demonstrates that this study has a wider application to our understanding of the role of alternative religions in western contexts

Meditation on Emptiness Jeffrey Hopkins,2025-03-04 A comprehensive and in depth survey of the philosophical underpinnings of the Dalai Lama s Geluk tradition written by one of the founding figures of Tibetan Buddhist studies in the West In this classic work of Buddhist studies scholarship Jeffrey Hopkins one of the world s foremost scholar practitioners of Tibetan Buddhism offers a clear exposition of the Prasangika Madhyamaka view of emptiness as presented in the Geluk tradition of Tibetan Buddhism In bringing this remarkable and complex philosophy to life he describes the meditational practices by which emptiness can be realized and shows throughout that far from being merely abstract

scholasticism these classic teachings can be vivid and utterly practical Treating subjects ranging from the progressive path of meditation to the nature of emptiness and how it can be directly realized this wide ranging book guides the reader on an itinerary of intellectual and spiritual discovery unpacking the distinctive Geluk synthesis of scholastic and meditative practices The first study in any Western language to provide a comprehensive treatment of the doctrines and practices of a Tibetan Buddhist school this book is indispensable for those wishing to delve deeply into Buddhist thought and its practical relevance

The Power of Compassion Pamela Bloom, 2025-09-12 This book of real life stories is a palliative for the pain of everyday life The basic premise is that intentional acts of kindness can have unintended and far reaching consequences that can affect individuals in extraordinary ways Here are over forty first person stories contributors range from Surya Dass to Thich Nat Hanh to John F Kennedy Jr that concretely demonstrate the dynamic power of compassion We hear the story of a monk who welcomed a dying underprivileged child into his home giving the boy nine months of peace and attention before his death A civil right protestor tells how she learned compassion and love for the opposition from a cellmate Engaging and inspiring this is a book that will motivate readers to change their lives and the world through intentional acts of compassion This is a re package with a new introduction of a book that was originally published by Conari Press in 2000

Science and Philosophy in the Indian Buddhist Classics, Vol. 2 Thupten Jinpa, 2020-11-10 The second volume in a prominent new series on Buddhism and science directed by the Dalai Lama and previously covered by the BBC Science and Philosophy in the Indian Buddhist Classics compiles classical Buddhist explorations of the nature of our material world the human mind logic and phenomenology and puts them into context for the modern reader This ambitious four volume series a major resource for the history of ideas and especially the history of science and philosophy has been conceived by and compiled under the visionary supervision of His Holiness the Dalai Lama himself It is his view that the exploratory thinking of great Indian masters in the first millennium CE still has much that is of interest to us today whether we are Buddhist or not These volumes make those insights accessible This the second volume in the series focuses on the science of the mind Readers are first introduced to Buddhist conceptions of mind and consciousness and then led through traditional presentations of mental phenomena to reveal a Buddhist vision of the inner world with fascinating implications for the contemporary disciplines of cognitive science psychology emotion research and philosophy of mind Major topics include The distinction between sensory and conceptual processes and the pan Indian notion of mental consciousness Mental factors specific mental states such as attention mindfulness and compassion and how they relate to one another The unique tantric theory of subtle levels of consciousness their connection to the subtle energies or winds that flow through channels in the human body and what happens to each when the body and mind dissolve at the time of death The seven types of mental states and how they impact the process of perception Styles of reasoning which Buddhists understand as a valid avenue for acquiring sound knowledge In the final section the volume offers what might be called Buddhist contemplative science a presentation of the classical Buddhist

understanding of the psychology behind meditation and other forms of mental training To present these specific ideas and their rationale the volume weaves together passages from the works of great Buddhist thinkers like Asanga Vasubandhu Nagarjuna Dignaga and Dharmakirti His Holiness the Dalai Lama s introduction outlines scientific and philosophical thinking in the history of the Buddhist tradition To provide additional context for Western readers each of the six major topics is introduced with an essay by John D Dunne distinguished professor of Buddhist philosophy and contemplative practice at the University of Wisconsin These essays connect the traditional material to contemporary debates and Western parallels and provide helpful suggestions for further reading *Engaged Buddhism in the West* Christopher S. Queen, 2012-11-12

Engaged Buddhism is founded on the belief that genuine spiritual practice requires an active involvement in society Engaged Buddhism in the West illuminates the evolution of this new chapter in the Buddhist tradition including its history leadership and teachings and addresses issues such as violence and peace race and gender homelessness prisons and the environment Eighteen new studies explore the activism of renowned leaders and organizations such as Thich Nhat Hanh Bernard Glassman Joanna Macy the Buddhist Peace Fellowship and the Free Tibet Movement and the emergence of a new Buddhism in North America Europe South Africa and Australia *Tantric Buddhism in East Asia* Richard K. Payne, 2006 Although Indian and Tibetan versions of tantric Buddhism are increasingly recognized the East Asian variations on this practice remain largely overlooked The only book to present the entire breadth of tantric Buddhism in East Asia this collection remedies that situation with 12 key essays drawn from rare sources Organized into four sections China and Korea Japan Deities and Practices and Influences on Japanese Religion the book brings together a critical mass of scholarship with the potential to create a sea change in the understanding of this subject *The Door to Satisfaction* Thubten Zopa, 2014-05-01

In *Door to Satisfaction* Lama Zopa Rinpoche reveals a text he discovered in a cave in the Himalayas that captures the essential point of Buddhist training Rinpoche says Only when I read this text did I come to know what the practice of Dharma really means Without proper motivation it does not matter what we do Whether reciting prayers meditating or enduring great hardships if our actions are devoid of good intention they will not become Dharma practice Proper motivation transcends our ordinary ephemeral desires and ultimately seeks the happiness of all living beings In your life says Rinpoche there is nothing to do other than to work for others to cherish others There is nothing more important in your life than this This powerful simple message applies to Buddhists and non Buddhists alike we all have the power to unlock our greatest potential Open this book and open the door to a timeless path leading to wisdom and joy **Authorized Lives** Elijah Ary, 2015-05-12

Delve into the biographies of Tsongkhapa Khedrup and Jetsunpa In *Authorized Lives* Elijah Ary former Geluk monk recognized tulku and Harvard trained scholar looks at various commonly accepted conceptions of Tsongkhapa s biography He demonstrates how these conceptions evolved in the decades after his death *Authorized Lives* is the first work devoted to early Geluk history and to the role of biographies in shifting established lineages As the dominant tradition of Tibetan Buddhism that provides the

intellectual backdrop for the Dalai Lama's teachings the Geluk lineage traces its origins to the figure of Tsongkhapa Losang Drakpa 1357-1419 Gelukpas today believe Tsongkhapa is a manifestation of the bodhisattva Manjushri and revere him with his two heart disciples Gyaltsap and Khedrup But as Elijah Ary a former Geluk monk and Harvard trained scholar points out both of these conceptions of Tsongkhapa arose many decades after his death Delving into the early Geluk biographical tradition Ary follows the tracks of this evolution in the biographies of Tsongkhapa Khedrup and the influential early Geluk writer and reformer Jetsun Chokyi Gyaltsen
