society she argues this inclination forms part of a living art in some respects a passive evasive strategy for self preservation in other respects a strategy for coping with intrapersonal interpersonal and social complexities Drawing on an extensive range of primary sources and original research the analysis skillfully combines philosophical and socio historical analysis with theory from Chinese philosophy philosophical psychology and the relatively new field of indigenous psychology to provide an in depth understanding of how Nande hutu has shaped and continues to shape the Chinese psyche and behaviour This book will appeal to all readers looking for fresh insights into Chinese culture and in particular to students and scholars of Chinese and Asian studies cultural and social anthropology and philosophical and indigenous psychology **Eastern**
