Target Athena Force:

Moving Target Lori A. May, 2008-01-01 Francesca Thorn is the FBI's best profiler and she's needed to target Athena Academy's most dangerous foe. Getting inside the dark mind of a serial blackmailer is easy. The hard part: Working alongside an irritatingly sexy U.S. Army bodyguard who's shadowing her every move. But as she gets dangerously close to revealing the identity of her alma mater's greatest threat, it seems someone will stop at nothing to ensure she remains dead silent. And her only choice is to accept all the help her personal protector can provide. **Pursued** Catherine Mann, 2010-07-17 Air force captain Josie Lockworth came from a long line of American patriots and was expected to follow her family's example. But after a good friend's death, the usually savvy Athena Academy graduate wasn't performing at her best. Still, when the project she'd been working on for months crashed and burned, she knew it wasn't due to her negligence. Someone was trying to sabotage her career. With the authorities after her head and an unsettling inspector looking over her shoulder, Josie raced to clear her name before she became the next casualty of war. **Exposed** Katherine Garbera, 2010-07-01 A little danger couldn't keep hotshot reporter Tory Patton from the story of a lifetime. Plus an exclusive with the navy SEAL Tom King held hostage in war-torn Central America would put her in the big leagues. But an assassination attempt on the wounded soldier suddenly turned Tory's interview into a rescue mission. With the help of a mysterious operative who seemed to shadow her every move, Tory summoned her well-trained survival skills to get them to safety. But would she live long enough to discover more about her sexy guardian angel and expose a shocking scandal that could implicate everyone from the top levels of the White House to the very people she trusted most. **Justice** Debra Webb, 2010-07-17 Her best friend's killer was dead and so was Kayla Ryan's best lead to find her friend's missing child. But the determined police lieutenant didn't have it in her to give up. Now she would join forces with a secretive detective to find the people who'd sent the assassin and bring them to justice. Her life and all those she loved depended on exposing a chilling conspiracy. And she couldn't shake the feeling that someone was watching her every move. Could the enemy be closer than Kayla had ever suspected. **In Athena's Camp** John Arquilla, David Ronfeldt, 1997-10-07 The information revolution, which is as much an organizational as a technological revolution, is transforming the nature of conflict across the spectrum from open warfare to terrorism, crime, and even radical social activism. The era of massed field armies is passing because the new information and communications systems are increasing the lethality of quite small units that can call in deadly precise missile fire almost anywhere anytime. In social conflicts, the Internet and other media are greatly empowering individuals and small groups to influence the behavior of states. Whether in military or social conflicts, all protagonists will soon be developing new doctrines, strategies, and tactics for swarming their opponents with weapons or words as circumstances require. Preparing for conflict in such a world will require shifting to new forms of organization, particularly the versatile, hardy, all-channel network. This shift will prove difficult for states and professional militaries that remain bastions of hierarchy, bound to resist institutional redesign. They will make the shift as

they realize that information and knowledge are becoming the key elements of power This implies among other things that Mars the old brute force god of war must give way to Athena the well armed goddess of wisdom Accepting Athena as the patroness of this information age represents a first step not only for preparing for future conflicts but also for preventing them
