Monatsschrift Für Das Deutsche Geistesleben, 1903 *Operas in German: A Dictionary* Margaret Ross

Griffel, 2018-01-23. With nearly three thousand new entries, the revised edition of *Operas in German: A Dictionary* is the most current encyclopedic treatment of operas written specifically to a German text from the seventeenth century through 2016. Musicologist Margaret Ross Griffel details the operas, composers, scores, librettos, first performances, and bibliographic sources. Four appendixes then list composers, librettists, authors whose works inspired or were adapted for the opera librettos, and a chronological listing of the entries in the A-Z section. The bibliography details other dictionaries and encyclopedias, performance studies, collections of plot summaries, general studies on operas, sources on locales where opera premieres took place, works on the history of operas in German, and selective volumes on individual opera composers, librettists, producers, directors, and designers. Finally, two indexes list the main characters in each opera and the names of singers, conductors, producers, composers, directors, choreographers, and arrangers. The revised edition of *Operas in German* provides opera historians, musicologists, performers, and opera lovers with an invaluable resource for continued study and enjoyment.

Welthumor: Die fünf Sinne: von Anzengruber bis Arthur Schnitzler Theodor Etzel, 1925 **Opera Companies and Houses of Western Europe, Canada, Australia and New Zealand** Karyl Lynn Zietz, 2024-10-15. Although books have been written about various opera houses throughout the world, no one work has covered more than a relatively small number of the larger, well-known companies and houses, and none have made more than brief mention of the smaller houses. No book has comprehensively listed opera repertoires. Little in sum has been written about any of the smaller companies and houses located in non-English speaking countries. This is the most comprehensive reference book ever written on opera companies and houses in Western Europe, Canada, Australia, and New Zealand, over 300 from the well-known to the smaller. Each entry includes a history of the opera house or company, the works, title and composer, and type of productions offered, company staff, world and country premieres, repertory, and practical information on the theater's address, nearby hotel accommodations, and how to order tickets. Most entries conclude with a bibliography. *Studien Zur Literatur Der Gegenwart* Adolf Stern, 1905
