Tartuffe Devant L'opinion Française

J. Prest

Tartuffe Devant L'opinion Francaise:

Tartuffe devant l'opinion française Herman Prins Salomon, 1962 Church and Society in Eighteenth-Century France: Volume 2: The Religion of the People and the Politics of Religion John McManners, 1998-08-27 This second volume begins with a Section on the religion of the people The clergy offered the liturgical services sermons evangelistic missions and the offices sanctifying birth marriage and death distinctions are made between what they intended and how their ministrations were popularly interpreted and incorporated into the social order Statistical soundings concerning the extent of religious practice and the degree of conviction involved are evaluated Further chapters deal with processions pilgrimages and popular practices and superstitions with hermits and confraternities with the impact of reading the Bible and other edifying literature in an age of increasing literacy Finally comes a view of the twilight world of magic and sorcery Throughout this Section the comments of theologians and thinkers of the Enlightenment are recorded whether in coincidence or contradiction The next section deals with the efficacy of the confessional and the role of the casuistry of the Church in attempting to mould sexual mores business practices and in the world of the theatre In the next two Sections the role of religious issues in political affairs is detailed An overview of the Jansenist quarrel and of the activities of the Jesuits brings in the story of the struggle between Crown and Parlement while an extended portrayal of the life of the Protestant and Jewish communities leads to the history of the debate on toleration involving the Gallican Church in political interventions and controversy Throughout the two volumes the rising forces of anticlericalism and the tensions within the ecclesiastical establishment have been recorded and these themes come to their climax in a final section on the role played by churchmen in the coming of the Revolution

Church and Society in Eighteenth-century France John McManners, 1999 This second volume begins with a Section on the religion of the people The clergy offered the liturgical services sermons evangelistic missions and the offices sanctifying birth marriage and death distinctions are made between what they intended and how their ministrations were popularly interpreted and incorporated into the social order Statistical soundings concerning the extent of religious practice and the degree of conviction involved are evaluated Further chapters deal with processions pilgrimages and popular practices and superstitions with hermits and confraternities with the impact of reading the Bible and other edifying literature in an age of increasing literacy Finally comes a view of the twilight world of magic and sorcery Throughout this Section the comments of theologians and thinkers of the Enlightenment are recorded whether in coincidence or contradiction The next section deals with the efficacy of the confessional and the role of the casuistry of the Church in attempting to mould sexual mores business practices and in the world of the theatre In the next two Sections the role of religious issues in political affairs is detailed An overview of the Jansenist quarrel and of the activities of the Jesuits brings in the story of the struggle between Crown and Parlement while an extended portrayal of the life of the Protestant and Jewish communities leads to the history of the debate on toleration involving the Gallican Church in political interventions and controversy Throughout the

two volumes the rising forces of anticlericalism and the tensions within the ecclesiastical establishment have been recorded and these themes come to their climax in a final section on the role played by churchmen in the coming of the Revolution

Controversy in French Drama J. Prest, 2014-01-01 In 1664 Molière's *Tartuffe* was banned from public performance This book provides a detailed in depth account of five year struggle 1664-69 to have the ban lifted and so doing sheds important new light on 1660s France and the ancien régime more broadly

Fangs Of Malice Matthew H Wikander, 2002 The idea that actors are hypocrites and fakes and therefore dangerous to society was widespread in the seventeenth and eighteenth centuries *Fangs of Malice* examines the equation between the vice of hypocrisy and the craft of acting as it appears in antitheatrical tracts in popular and high culture and especially in plays of the period Rousseau and others argue that actors expert at seeming other than they are pose a threat to society yet dissembling seems also to be an inevitable consequence of human social intercourse The antitheatrical prejudice offers a unique perspective on the high value that modern western culture places on sincerity on being true to one's own self Taking a cue from the antitheatrical critics themselves Matthew Wikander structures his book in acts and scenes each based on a particular slander against actors A prologue introduces his main issues Act One deals with the proposition They Dress Up foppish slavery to fashion cross dressing and dressing as clergy Act Two treats the proposition They Lie by focusing on social dissembling and the phenomenon of the self-deceiving hypocrite and the public princely hypocrite Act Three They Drink examines a wide range of antisocial behavior ascribed to actors such as drinking gambling and whoring An epilogue ties the ancient ideas of possession and the panic that actors inspire to contemporary anxieties about representation not only in theatre but also in the visual and literary arts *Fangs of Malice* will be of great interest to scholars and students of drama as well as to theatre professionals and buffs

Education in France, 1961

Mendacity and the Figure of the Liar in Seventeenth-Century French Comedy Emilia

Wilton-Godberfforde, 2017-06-14 The first book length study devoted to this topic *Mendacity and the Figure of the Liar in Seventeenth Century French Comedy* offers an important contribution to scholarship on the theatre as well as on early modern attitudes in France specifically on the subject of lying and deception Unusually for a scholarly work on seventeenth century theatre it is particularly alert to plays as performed pieces and not simply printed texts The study also distinguishes itself by offering original readings of Molière alongside innovative analyses of other playwrights The chapters offer fresh insights on well known plays by Molière and Pierre Corneille but also invite readers to discover lesser known works of the time by writers such as Benserade Thomas Corneille Dufresny and Rotrou Through comparative and sustained close readings including a linguistic and speech act approach a historical survey of texts with an analysis of different versions and a study of irony the reader is shown the manifest ways in which different playwrights incorporate the comedic tropes of lying and scheming confusion and unmasking Drawing particular attention to the levels of communicative or miscommunicative exchanges on the character to character axis and the character to audience axis this work examines the process whereby

characters in the comedies construct narratives designed to trick misdirect dazzle confuse or exploit their interlocutors In the different incarnations of seducer parasite cross dresser duplicitous narrator messenger and deluded mythomaniac the author underscores the way in which the figure of the liar both entertains and troubles making it a fascinating subject worthy of detailed investigation **The Theatre and Its Critics in Seventeenth-century France** Henry Phillips,1980

Politics and Theater Sheryl Kroen,2000-09-04 Moli re s anticlerical comedy Tartuffe is the unique prism through which Sheryl Kroen views postrevolutionary France in the years of the Restoration Following the lead of the French men and women who turned to this play in the 1820s to make sense of their world Kroen exposes the crisis of legitimacy defining the regime in these years and demonstrates how the people of the time made steps toward a democratic resolution to this crisis Moving from the town squares where state and ecclesiastical officials orchestrated their public spectacles in favor of the monarchy to the theaters where the French used Tartuffe to mock the restored monarch and the church this cultural history of the Restoration offers a rich and colorful portrait of a period in which critical legacies of the revolutionary period were played out and cemented While most historians have characterized the Restoration as a period of reaction and reversal Kroen offers convincing evidence that the Restoration was a critical bridge between the emerging practices of the Old Regime the Revolution and the post 1830 politics of protest She re creates the atmosphere of Restoration France and at the same time brings major nineteenth century themes into focus memory and commemoration public and private spheres politics and religion anticlericalism and the formation of democratic ideologies and practices **Reconsidering National Plays in Europe** Suze van der Poll,Rob van der Zalm,2018-05-04 This volume frames the concept of a national play By analysing a number of European case studies it addresses the following question Which play could be regarded as a country s national play and how does it represent its national identity The chapters provide an in depth look at plays in eight different countries Germany Die R uber Friedrich Schiller Switzerland Wilhelm Tell Friedrich Schiller Hungary B nk B n J zsef Katona Sweden Gustav Vasa August Strindberg Norway Peer Gynt Henrik Ibsen the Netherlands The Good Hope Herman Heijermans France Tartuffe Moli re and Ireland This collection is especially relevant at a time of socio political flux when national identity and the future of the nation state is being reconsidered

The Enigmatic Realm of **Tartuffe Devant Lopinion Francaise**: Unleashing the Language is Inner Magic
