Nolan,2011-11-20 In the 1950 s and 1960 s drug use and crime rates were sky rocketing all across America s major cities This specific story takes place in Harlem NYC with an average hardworking man trying to provide for his family while facing the danger that Harlem produced The job description was a delivery truck driver selling cake on a cash basis to grocers and markets for a small company based out of NJ Selling cake on a cash basis is what made this job so dangerous and nerve racking with drivers who more then often ended up in the hospital The company finally found a driver who would be kept on this route and not only get the job done but dealt with these hoodlums This book has stories not only of the author but stories of others who also had similar problems **A Sensory History of Ancient Warfare** Conor Whately,2021-08-26 How can we attempt to understand the experience of those involved in ancient battles sieges and campaigns What was the visual impact of seeing the massed ranks of the enemy approaching or the sky darkened with their arrows How did it feel to

be trapped in the press of bodies as phalanxes clashed shield to shield What of the taste of dust on the march or the smell of split blood and entrails What of the rumble of approaching cavalry the clash of iron weapons and the screams of the dying The assault on all five senses which must have occurred is the subject of this innovative book Sensory history is a new approach that attempts to understand the full spectrum of the experience of the participants in history Conor Whately is the first to apply the discipline in a dedicated study of warfare in the classical world He draws on literary archaeological reconstructive and comparative evidence to understand the human experience of the ancient battlefield in unprecedented depth
