Richard Grindal, 2016-01-14 When journalist Ronnie Bart visits a Rome clinic where one of his colleagues lies drugged he becomes involved in a series of adventures in which fear and death are never far away In a Copenhagen nightclub Bart meets a young millionaire Paul Arved and goes with him and his flying circus of girls and hangers on in a private jet to the South of France They then proceed to Sicily where the story reaches a dramatic violent finale *Taste Berries for Teens 3* Bettie B. Youngs, 2002-04 This collection contains inspirational short stories and encouragement on life love and friends including the one in the mirror **Here, Taste This** H Smith, 2015-01-23 This is a collection of metaphorical short stories created from bits of my life When you have a negative experience do you replay it over and over allowing it to build upon itself thereby magnifying those negative feelings On the other hand when you have a positive experience do you replay that over and over allowing it to build upon itself more and more feelings of joy Do you find yourself attributing more aspects of good to the experience because of the uplifting feelings it brought to you Couples who are in love often do this In either case the event is technically over with Have you let those experiences go or are you still living within them as if they were happening now If the experience was negative did you resolve it or did you just bury it within the deep recesses of your mind where it may be awakened from time to time in reaction to lifes continuing experiences If it was positive do you keep replaying it over and over as if there will be no more thereby preventing yourself from creating and enjoying even better ones Since the experiences however you would describe them have already happened you can now rewrite the memory or story of any of them in a way that allows you to let them go using the information and understanding you have assimilated since then If negative you can take the bitter foods of those experiences the spinach turnips and liver then add spices and sauces of understanding forgiveness and love and let them pass out of your consciousness leaving you free to create a buffet of even more tasteful and delicious life experiences The metaphorical foods that came my way may not have been ones I would have consciously chosen yet I have now made them palatable adding value to my life and allowing me to let them go and move on So can you This is a portion of my buffet of stories What are yours The Sweet Taste of Empire Kim Hall, 2025-08-19 How seventeenth century English literary genres associated with gastronomic and aesthetic pleasure shaped representations of Caribbean colonization and slavery Over the course of the seventeenth century sugar prices fell drastically As this newly affordable luxury made its way from royal entertainments to the closets of home cooks in ever increasing quantities sugar bound England s fortunes to the Caribbean The pursuit of sugar s pleasures and profits generated newly visible and vexed relationships not simply between enslaved and enslaver but also between enslaved and consumer that threatened the English sense of the nation the household and the self The Sweet Taste of Empire explores how the unique emphasis the English placed on confections as a marker of status and national identity offered a framework for grappling with changing notions of race gender labor and domesticity that shaped early colonization Tracing the literal and literary uses of sugar in seventeenth century England Kim F Hall shows how literary genres associated with gastronomic and aesthetic pleasure shaped

representations of Caribbean colonization and slavery developing a culinary language that functioned as a discourse of pleasure and white innocence In turn Hall argues Caribbean sugar production influenced domestic consumption and trade in England as well as the very notion of what it meant to be English Drawing on a wide range of early Anglo Caribbean texts from cookbooks and banquet menus to economic poetry to maps and treatises on plantation labor and health Hall uncovers what she calls a plantation aesthetic in which writers mobilize ways of seeing from pastoral georgic and landscape discourses when addressing issues of race and enslavement This plantation aesthetic reveals deep worry over the threat African slavery poses to the imagined idea of English plantations as idealized agrarian life ultimately shaping the history of both English slavery and the later anti slavery response Recentering the Caribbean in early modern literary studies The Sweet Taste of Empire sheds new light on the aesthetic and the poetic in the archives of Caribbean enslavement **A Hinky Taste of You**
