questions key terms suggestions for additional reading and Web resources **Special Issue** Austin Sarat, 2016-02-17 This volume carefully examines the relationship between gender equality and power across an array of realms sex reproduction pleasure work money It identifies social political economic developmental and psychological and somatic forces operating both internally and externally that complicate the expression and constraint of power **The Gender Vendors** A. L. Jones, 2014-08-26 Among numerous ancient Western tropes about gender and procreation the seed and the soil is arguably the oldest most potent and most invisible in its apparent naturalness The Gender Vendors denaturalizes this proto theory of procreation and deconstructs its contemporary legacy As metaphor for gender and procreation seed and soil constructs the father as the sole generating parent and the mother as nurturing medium like soil for the man s seed child In other words men give life women merely give birth The Gender Vendors examines seed and soil in the context of the psychology of gender honor and chastity codes female genital mutilation the taboo on male femininity femiphobia the fear of being feminine or feminized sexual violence institutionalized abuse the early modern witch hunts the medicalization and criminalization of gender nonconformity and campaigns against women s rights The examination is structured around particular watersheds in the history of seed and soil for example Genesis ancient Greece early Christianity the medieval Church the early modern European witch hunts and the campaigns of the nineteenth and twentieth centuries against women s suffrage and education The neglected story of seed and soil matters to everyone who cares about gender equality and why it is taking so long to achieve *The Changing Face of Sex* Wayne P. Anderson, PhD, 2013-03 The Changing Face of Sex is a thorough study of the history of sex by a leading expert in the field of Human Sexuality education Dr Wayne Anderson has been teaching Human Sexuality for over 50 years This book chronicles the changes he has witnessed through his own observation and data he has collected from his students with the 1960s being a critical point of change Dr Anderson also details fascinating historical facts about society s view and treatment of sexual matters beginning with Victorian era practice and laws Written with wit and humor in a language suitable for lay person and professional alike everyone should read this book and be rewarded with a greater understanding and comfort with their own sexuality and sexual history **Modernist Poetry, Gender and Leisure Technologies** Alex Goody, 2019-10-29 Modernist Poetry Gender and Leisure Technologies Machine Amusements explores how modernist women poets were inspired by leisure technologies to write new versions of the gendered subject Focusing on American women writers and particularly on the city of New York the book argues that the poetry of modernist women that engages with examines or critiques the new leisure technologies of their era is fundamentally changed by the encounter with that technology The chapters in the book focus on shopping advertising dance film radio and phonography on city spaces such as Coney Island Greenwich Village and Harlem and on poetry that embraces the linguistic and formal innovations of modernism whilst paying close attention to the embodied politics of gender The technologized city and the leisure cultures and media forms emerging from it enabled modernist women writers to re imagine forms of lyric

embodiment inspired by the impact of technology on modern ideas of selfhood and subjectivity Erotic Attunement Cristina L. H. Traina, 2011-12-01 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context Though our society has moved toward increasingly strict enforcement of this taboo studies have shown that young children need regular human contact and the benefits of breastfeeding have been widely extolled Exploring the complicated history of love desire gender sexuality parenthood and inequality Erotic Attunement probes the disquieting issue of how we can draw a clear line between natural affection toward children and perverse exploitation of them Cristina L H Traina demonstrates that we cannot determine what is wrong about sexual abuse without first understanding what is good about appropriate sensual affection Pondering topics such as the importance of touch in nurturing children the psychology of abuse and victimhood and recent ideologies of motherhood she argues that we must expand our philosophical and theological language of physical love and make a distinction between sexual love and erotic love Taking on theological and ethical arguments over the question of sexuality between unequals she arrives at the provocative conclusion that it can be destructive to completely bar eroticism from these relationships The Psychology of Human Sexuality Justin J. Lehmiller, 2019-02-22 New edition of an authoritative guide to human sexual behavior from a biopsychosocial perspective The thoroughly revised and updated second edition of The Psychology of Human Sexuality explores the roles that biology psychology and the social and cultural context play in shaping human sexual behavior The author a noted authority on the topic and an affiliate of the acclaimed Kinsey Institute puts the spotlight on the most recent research and theory on human sexuality with an emphasis on psychology The text presents the major theoretical perspectives on human sexuality and details the vast diversity of sexual attitudes and behaviors that exist in the modern world The author also reviews the history of sexology and explores its unique methods and ethical considerations Overall this important and comprehensive text provides readers with a better understanding of and appreciation for the science of sex and the amazing complexity of human sexuality Features broad coverage of topics including anatomy gender and sexual orientation sexual behaviors sexual difficulties and solutions prostitution and pornography Offers more in depth treatment of relationships than comparable texts with separate chapters dealing with attraction and relationship processes Includes cutting edge research on the origins of sexual orientation and gender identity as well as new treatments for sexually transmitted infections and sexual dysfunctions Is written from a sex positive perspective with expanded coverage of cross cultural research throughout and material that is inclusive and respectful of a diverse audience Includes numerous activities to facilitate dynamic interactive classroom environments Written for students of human sexuality and anyone interested in the topic The Psychology of Human Sexuality offers a guide to the psychology of human sexual behavior that is at once inclusive thorough and authoritative in its approach *The Rise of Viagra* Meika Loe, 2006-03 Drawing on interviews with men who take the drug their wives doctors and pharmacists as well as scientists and researchers in the field this fascinating account provides

an intimate history of the Viagra's effect on America The Conclusion of the Sexual Revolution Wylark Day, 2004-05-18
This is a book about sexual morality Not a morality based on shame or tradition however but one based on combining the most up to date findings of sex researchers with the most ancient teachings of the Judeo Christian Bible In this book you will find that Private masturbation and public nudity are the two Pillars upon which all healthy attitudes towards Sex must be based Faithful heterosexual monogamy is God's Plan for Sex but a minority who deviate from this Plan such as homosexuals are nonetheless necessary for a whole society And that Virgin Sex for young adults which means enjoying sex play while rejecting intercourse is the Key to true romantic passion equality between the sexes and even to the very Future of Humanity At last A book that tells the truth about Sex and God *Gender and Technology* Nina Lerman, Ruth Oldenziel, Arwen P. Mohun, 2003-10-15 McGraw Hill
Joy Parr Simon Fraser University *Sex and the Bible* Wylark Day, 2002-02-14 Where did the Sexual Revolution come from Why do we in the West believe in Equality for Women when so many older cultures do not What does God really think about Sex The answers to all these questions and more can be found in Sex and the Bible In this book you will learn what the Bible really teaches about Sex You will also discover how the influence of the Bible on attitudes towards human sexuality has led to the very creation of Modern Civilization and peer into the future to see how those same attitudes threaten to destroy it *Hysterical Methodologies in the Arts* Johanna Braun, 2021-06-18 Hysteria is alive and well in our present time and is apparently spreading contagiously especially the second decade of the twenty first century has displayed an ever increasing interest in the term A quick Google search opens the gates to sheer endless swathes of discussions on hysteria covering almost every aspect of public discourses The arts as it is often in such cases seem conspicuously involved in and engaged with this hysterical discourse Surprisingly while the strong academic interest in hysteria throughout the twentieth century and most prominently at the turn of the century is well known and much discussed the study of how these discourses have continued well into twenty first century art practices is largely pressing on a blind spot It is the aim of this volume to illustrate how hysteria was already well established within the arts alongside and at times even separately from the much covered medical studies and reveal how those current artistic practices very much continue a century spanning cross fertilization between hysteria and the arts *Testosterone Dreams* J. Hoberman, 2005-02-21
Testosterone Dreams is a timely book on the uses of hormone therapy and their effects on society as well as the normal life cycle and aging process The Body Electric Carolyn Thomas de la Pena, 2003-05-01 Between the years 1850 and 1950 Americans became the leading energy consumers on the planet expending tremendous physical resources on energy exploration mental resources on energy exploitation and monetary resources on energy acquisition A unique combination of pseudoscientific theories of health and the public's rudimentary understanding of energy created an age in which sources of industrial power seemed capable of curing the physical limitations and ill health that plagued Victorian bodies Licensed and quack physicians alike promoted machines electricity and radium as invigorating cures veritable fountains of youth that

would infuse the body with energy and push out disease and death The Body Electric is the first book to place changing ideas about fitness and gender in dialogue with the popular culture of technology Whether through wearing electric belts drinking radium water or lifting mechanized weights many Americans came to believe that by embracing the nation's rapid march to industrialization electrification and radiomania their bodies would emerge fully powered Only by uncovering this belief's passions and products Thomas de la Pe a argues can we fully understand our culture's twentieth century energy enthusiasm

The Age of Scientific Sexism Mari Ruti,2015-07-30 We trust our sciences to operate on a plane of objectivity and fact in a world of subjectivity and cultural ideologies but should we In The Age of Scientific Sexism philosopher Mari Ruti offers a sharp critique of the gender profiling tendencies of evolutionary psychology untangling the insidious threads of various gender mythologies that have infiltrated or perhaps even define this faux science Selling stereotypes as scientific facts evolutionary psychology continually brings retrograde models of sexuality into mainstream culture it insists that men and women live in two completely different psychological emotional and sexual universes and that they will consequently always be locked in a vicious battle of the sexes Among these regressive arguments is the assumption that men's sexuality is urgent and indiscriminate whereas women are naturally reluctant reticent and choosy a concept constructed to justify masculine behavior such as cheating that women have historically found painful On its most basic level The Age of Scientific Sexism explores our impulse to explain romantic behavior through science in the increasingly egalitarian gender landscape of our society why are we so eager to embrace the rampant gender profiling that evolutionary psychology promotes Perhaps these simplistic gender caricatures owe their popularity at least in part to our overly pragmatic society pragmatic society which encourages us to search for easy answers to complex questions Sex, Sects and Society Russell Davies,2018-03-28 This book will provide an educational and entertaining read It will explain the contradictions and complexities of the Welsh national identity This book will reveal the hardships and horrors of some people's lives It will reveal how religion and superstition ebbed and flowed together Anarchism & Sexuality Jamie Heckert,Richard Cleminson,2011-10-20 Anarchism Sexuality Ethics Relationships and Power brings the rich traditions of anarchist thought and practice to contemporary questions about the politics of sexuality
