Technology as Institutionally Related to Human Values Martin Green,1974 **Technology as Institutionally Related to Human Values** Martin Green,1974 **Who Owns America's Past?** Robert C. Post,2013-10-15 When preserving our history what do we choose to value why and who decides Honorable Mention for the National Council on Public History Book Award of the National Council on Public History In 1994 when the National Air and Space Museum announced plans to display the Enola Gay the B 29 sent to destroy Hiroshima with an atomic bomb the ensuing political uproar caught the museum s parent Smithsonian Institution entirely unprepared As the largest such complex in the world the Smithsonian cares for millions of objects and has displayed everything from George Washington s sword to moon rocks to Dorothy s ruby slippers from The Wizard of Oz Why did this particular object arouse such controversy From an insider s perspective Robert C Post s Who Owns America s Past offers insight into the politics of display and the interpretation of history Never before has a book about the Smithsonian detailed the recent and dramatic shift from collection driven shows with artifacts meant to speak for themselves to concept driven exhibitions in which objects aim to tell a story displayed like illustrations in a book Even more recently the trend is to show artifacts along with props sound effects and interactive elements in order to create an immersive environment Rather than looking at history visitors are invited to experience it Who Owns America s Past examines the different ways that the Smithsonian s exhibitions have been conceived and designed whether to educate visitors celebrate an important historical moment or satisfy donor demands or partisan agendas Combining information from hitherto untapped archival sources extensive interviews a thorough review of the secondary literature and considerable personal experience Post gives the reader a behind the scenes view of disputes among curators academics and stakeholders that were sometimes private and at other times burst into headline news *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1976 **Passage to a Just Society** Reza Rezazadeh,2003 For more information about the author and his publications visit www.democracywhere.com This study demonstrates that because their opposing nature democracy and capitalism or socialism cannot coexist To have a democratic society we have to replace capitalism or socialism with a democratic free market economy and take government out of regulating people s business and daily life The author attempts to present such a democratic concept its societal structure and function and how under such a system people understand the purpose of life work less hours yet have a prosperous leisurely and satisfying life The book is actually the story of some parts from the author s life written in an autobiographical form showing hardships sufferings failures incredible adventures romance and love he encountered in developing his theory and how persistence and determination despite repeated failures helped him to succeed in developing his theory and at the same time transformed him to a better human being **Institutional Economics and the Theory of Social Value: Essays in Honor of Marc R. Tool** Charles M.A. Clark,2012-12-06 Marc R Tool both through his writings and his editorship of the Journal of Economic Issues has had a

profound influence on institutional economics Tool s efforts in his own words has been to keep values on the agenda of economic inquiry which is another way of saying keep economic inquiry relevant Tool s work on the theory of social value and instrumental valuation has helped to keep institutional economics focused on the core economic and social issues facing society providing both a perspective from which to analyze the economy and a criteria for evaluating outcomes This collection of essays is a testament to this legacy Although these 15 chapters cover a wide and diverse range of topics it is the common themes which are most striking the inescapable necessity of values in economic discourse the central role of valuation in economic activity and most importantly the requirement of democratic participation to achieve efficient solutions to the economic problem These essays are offered to honor a body of work a set of ideas but mostly a man who by directing economic inquiry to these core issues has promoted the continuity of human life and the noninvidious recreation of community through the instrumental use of knowledge

Faculty Members' Scholarly Learning Across Institutional Types
Vicki L. Baker,Aimee LaPointe Terosky,Edna Martinez,2017-08-22 Explore an important yet understudied concept faculty scholarly learning Taking a broad view this volume explains how scholarly learning is defined and conceptualized by scholars The authors synthesize the recent literature and organize the findings according to Boyers four forms of scholarship discovery teaching engagement and integration They then offer a counternarrative to faculty scholarly learning and the ways in which it is enacted and supported Recommendations for developing supporting and evaluating faculty scholarly learning are also presented This volume answers What does scholarly learning look like at different types of institutions What contexts and or supports hinder or help faculty members scholarly learning at the different institutional types What challenges are noted in the extant literature on faculty work around further study or better understanding of faculty members scholarly learning across institutional types This is the second issue of the 43rd volume of the Jossey Bass series ASHE Higher Education Report Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences Topics are identified by a national survey Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication

Institutional Dynamics in Environmental Governance Bas Arts,Pieter Leroy,2006-09-09 Environmental policy in its broadest context has been significantly revitalized and renewed during the last two decades That observation is nothing new attested to by the number of publications conferences and both private and public projects that have been initiated However our understanding of the dynamics of this renewal has generally been informed by studies on single policies and projects leaving us with a limited understanding of what the newness consists of in terms of an integrated perspective This book presents fresh analyses of a number of well known cases but does so from one comprehensive view the so called policy arrangement approach Cases discussed range over organic farming integrated water management nature policy cultural heritage policy integrated region oriented policy corporate environmental management and target group policy always in

search of the commonality of experience and conclusions to be drawn in understanding the past and in formulating future perspectives

Value Theory and Economic Progress: The Institutional Economics of J. Fagg Foster Marc R. Tool, 2012-12-06

J Fagg Foster 1907 1985 was one of the most significant creators of institutionalist economic theory in the twentieth century He wrote and taught in the American intellectual tradition of Thorstein Veblen John R Commons John Dewey and Clarence E Ayres This tradition shares purpose and philosophy with the European contributors Gunnar Myrdal and K William Kapp Because little of Foster s scholarly work was formally published professional knowledge of his extraordinary contribution is quite limited beyond the circle of his students and colleagues Value Theory and Economic Progress attempts to correct that deficiency by providing an extended characterization of this missing and crucial component of the development of American heterodox economic thought Its purpose is to demonstrate the timely relevance and significance of this model of inquiry in political economy In addition this volume explains that contemporary problem solving means changing what is into what ought to be through

institutional adjustments such a demonstration is at the heart of Foster s contribution to institutional thought

Strip Mining, Environmental Aspects Ina J. Weis,1982 *Institutional Issues Involving Ethics And Justice -Volume I* Robert Charles Elliot,2009-11-25 Institutional Issues Involving Ethics And Justice is a component of Encyclopedia of Institutional and Infrastructural Resources in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme considers issues dealing with fundamental matters of ethics and justice The chapters collected together in this theme are designed to contribute positively to the development of human institutions that will sustain a universally good quality of human life organized around fundamentals of ethics and justice These articles aim to assist us in thinking about the ethical dimensions of the social worlds we inhabit their global contexts and their impact on the natural world They are intended to provide a critical perspective on the current situation to question beliefs and attitudes that are taken for granted and to provide direction in developing and evolving the complex and interconnected array of attitudes policies laws principles practices and the like that are necessary for creating and sustaining a decent quality of life for all These three volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

Structural and Institutional Transformations in Doctoral Education Sónia Cardoso,Orlanda Tavares,Cristina Sin,Teresa Carvalho,2020-03-30 This book analyses the structural and institutional transformations undergone by doctoral education and the extent to which these transformations are in line with social political and doctoral candidates expectations Higher education has gone through profound changes driven by the massification and diversification of the student body the rise of neoliberal policies coupled with the reduction in public funding and the emergence of the knowledge society and economy As a result higher education has been assigned new and more outward looking missions which have subsequently affected doctoral education The editors and contributors examine these transformations and changes at the macro meso and micro levels wider and more structural changes as well as doctoral candidates experience of the degree itself This book will be of interest and value to scholars of doctoral education and the transformation of the university more widely

Institutional Economics Wendell Gordon,2014-07-03 Wendell Gordon presents the philosophy of economic institutionalism clearly and evocatively in the tradition of the pragmatism of Peirce James and Dewey In Gordon s view the institutionalism of Veblen and Ayres the only indigenous American school of economic thought offered the most hope for understanding and solving the economic problems of the twentieth century The institutional approach long known as the Texas School looks at social order as ongoing process The effort to explain how our attitudes have developed and how they are changed is central to this approach Gordon argues that the dynamics of technical change the institutionalism of behavior norms human biology and the resource endowment of the universe interact to create and change these attitudes Gordon thoroughly analyzes both orthodox and Marxist economic approaches with regard to institutional economics He also examines such other radical approaches as

underconsumption and the single tax There is a discussion of the procedures and problems involved in testing for the validity of institutional theory and the analysis of economic problems in the institutional frame of reference In addition inflation energy multinationals property rights business organization unemployment and other issues are considered from an institutional perspective *Global Issues in Institutional Research* Angel Calderone, Karen L. Webber, 2013-05-17 All around the world postsecondary institutions are facing competitive environments declining resources and changing societal needs Institutions are affected by globalization state and local government needs economic restructuring information technology and student and staff mobility Institutional researchers have a critical role to play in addressing these issues In this volume we have embedded the practice of IR as experienced globally We brought together a discussion that is delivered from multiple perspectives but fundamentally one that draws from the collaborative efforts of practitioners across borders By embedding notions of globalization that affect IR we can engage readers in broad discussions on where we are coming from and where we are heading This is the 157th volume of this Jossey Bass quarterly report series Always timely and comprehensive *New Directions for Institutional Research* provides planners and administrators in all types of academic institutions with guidelines in such areas as resource coordination information analysis program evaluation and institutional management *Institutional Economics: Theory, Method, Policy* Marc R. Tool, 2007-07-27 The volume appraises refines and extends the institutionalist s evolutionary theory of political economy in six different areas of inquiry a the provision of a fresh and comparative overview of institutional economics in general b the presentation and refinement of pragmatic methods of inquiry c the exploration of extensions and clarifications of instrumental value theory d the distillation of an emergent institutionalist theory of labor markets e the explication of a culture based theory of economic development and f the formulation of an analytical design that provides direction for institutional policy making *Institutional Economics Theory Method Policy* appears at an especially opportune time when there is widespread and accumulating analytical dissatisfaction with received economic doctrine The traditional neoclassical and Marxist views of how to explain order and operate a political economy are now in question throughout the world Appeals are being made for more relevant and pragmatic less doctrinaire and dogmatic approaches to economic inquiry and problem solving This volume provides fresh theoretical underpinnings for such problem solving efforts *Public Administration Series--Bibliography* ,1978 **The Impact of Comparative Education Research on Institutional Theory** David P. Baker, Alexander W. Wiseman, 2006-07-17 Explores how educational research from a comparative perspective has been instrumental in broadening and testing hypotheses from institutional theory This book contains theoretical discussions of the impact that comparative research has had on institutional theory and comparative scholarship that tests basic institutional assumptions and trends **Legal, Institutional, and Economic Indicators of Forest Conservation and Sustainable Management** ,2005 This review looks at the Nation s legal institutional and economic capacity to promote forest conservation and sustainable resource

management It focuses on 20 indicators of Criterion Seven of the so called Montreal Process and involves an extensive search and synthesis of information from a variety of sources It identifies ways to fill information gaps and improve the usefulness of several indicators It concludes that there is substantial information about the application of such capacities although that application is widely dispersed among agencies and private interests which in turn has led to differing interpretations of the indicators Individual chapters identify a need to further develop the conceptual foundation on which many of the indicators are predicated While many uncertainties in the type and accuracy of information are brought to light the review clearly indicates that legal institutional and economic capacities to promote sustainability are large and widely available in both the public and private sectors P vi
