Cureton,David Wasserman,2020 This Handbook introduces philosophers as well as other scholars in the humanities and
social sciences to one of the most dynamic new areas of philosophical inquiry Disability raises some of the deepest
conceptual and normative issues about human embodiment and well being dignity respect justice and equality and personal
and social identity But it also raises pressing practical questions for educational health reproductive and technology policy
and confronts controversial questions about the scope and direction of the human and civil rights movements The Handbook
addresses these issues and more with contributions from some of the most prominent philosophers in the field The clarity it
brings to these discussions demonstrates fully the continued centrality and importance of philosophical inquiry
