## **Technology Organizations And Innovation:**

*Technology, Organizations and Innovation: Towards 'real virtuality'?* Ian McLoughlin, David Preece, Patrick Dawson, 2000  
An authoritative collection of leading critical and contemporary writings published in the field of technology and organizations. The set spans a 50 year time period taking the reader from the first and most influential papers from the early 1950s through to some recent publications which address contemporary and emerging debates in the field at the dawn of the 21st century. Each of the 4 volumes has a particular focus upon this area of research and scholarship: the early debates, theories, paradigms and concepts; critical empirical studies and emerging themes and future debates. The editors provide an introduction to and overview of the themes, debates, perspectives, theories and paradigms which characterize this area of organization studies and set out a route map to help guide the reader through the four volumes. *Technology,*
