Technology Transfer Between East And West:

East-West Technology Transfer, 1984 *Trade and Technology: East-West trade and technology transfer* United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on International Finance, 1980

Economic Relations between East and West Nita G. M. Watts, 1978-12-14 **Technology and East-West Trade** United States. Congress. Office of Technology Assessment, 1979 **East-West Technology Transfer** Morris Bornstein, 1985 Industrial Cooperation between East and West Friedrich Levciik, Jan Stankovsky, 2017-09-08 This title was first published in 1979 A number of valuable and interesting publications have appeared in the last few years on East West cooperation These studies which by means of interviews and direct contacts with the firms concerned have shed some light on a subject that in the past had remained little known also provided us with extremely valuable incentives Most of these studies dealt only with individual aspects of cooperation particularly the legal and microeconomic aspects The quantitative data used however did not easily lend themselves to comparison Eastern European studies more often contained the views of the respective governments than the experiences of enterprises involved in cooperative undertakings In this book the authors have attempted to provide a unified picture of the most important problems of East West cooperation The motivations and goals of those concerned in all their microeconomic macroeconomic commercial and political aspects are brought together with the pertinent legal and institutional factors and are analyzed Technology and East-West trade., 1981 *Technology Transfer Between East and West* Eugene Zaleski, 1980 **East-West Technology Transfer** G. Bugliarello, Namik Kemal Pak, Zhores I. Alferov, John H. Moore, 2012-12-06 A wide ranging review of the issues and opportunities in the transfer of technology between advanced industrial countries and the countries of the Former Soviet Union A major theme is the complex socio technological aspects of the process together with the related human factors and leadership requirements The book presents a very open exchange of views on the difficult obstacles that the countries of the Former Soviet Union need to overcome and the market economy countries of the west need to understand Issues of patents intellectual property personnel training reorganization of formerly centralized economies incentives information exchange and possible models for effective transfer are highlighted together with specific examples and discussions of the most up to date knowledge about technology transfer Audience All individuals and organizations concerned with the transfer of technology particularly those interested in a candid appraisal of the issues and opportunities for the transfer of technology and industrial and scientific cooperation between industrialized market economies and the countries of Eastern Europe and Central Asia East-West Trade and Technology Transfer United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on International Finance and Monetary Policy, 1983 **The Politics Of East-west Trade** Gordon B Smith, 2019-06-26 Trade and technology transfer have come to occupy a major role in Soviet American relations Twice in recent years embargoes have been imposed on the sale of U S high technology to the U S S R

and these sanctions have had wide ranging political and economic consequences in the Soviet Union Europe and the United States The Politics of East West Trade draws together leading U S and European scholars government officials and businesspeople to explore the complex issues arising from U S trade policies toward the Soviet Union The book begins with an assessment of the degree to which the Soviet economy is dependent on Western technology imports In subsequent chapters in addition to assessing the general nature and volume of U S U S S R trade the contributors consider the extent to which Western technology has helped or hindered Soviet economic and technological growth the specific impact of U S trade sanctions in four critical sectors computers energy agriculture and defense and the impact in the West of U S trade policies for example recent embargoes have resulted in the loss of several billion dollars in U S equipment and commodity sales to the U S S R Examining the serious strains that differences over East West trade policy have put on U S relations with its West European allies the authors conclude that there are tangible limits on the ability of the United States to use technology trade as leverage to alter Soviet policies Partners in East-West Economic Relations Zbigniew M. Fallenbuchl, Carl H.

McMillan, 2013-10-22 Partners in East West Economic Relations The Determinants of Choice covers the proceedings of an international conference of the same name held at Montebello Quebec on April 26 29 1978 This conference brings together various professionals to address contemporary international economic relations issues One of the three major issues tackled in this compilation is the reintegration of the economics of the Soviet Union and Eastern Europe into the international division of labor This compendium also studies the determinants of the choice of partners in East West relations at the national and subnational levels The last major topic concerned in this selection is the similarities and differences between partnerships in the East West and North South contexts This compendium will be of interest to those interested in economics and related disciplines **Foreign Trade In Eastern Europe And The Soviet Union** Michael FriedlAnder, 2019-04-11

This second yearbook of The Vienna Institute for Comparative Economic Studies presents studies dealing with the economic situation in Eastern Europe and the Soviet Union Its foreign trade analysis offers insights into the ongoing transition process from centrally planned to market oriented systems Dictionary of International Relations Terms United States.

Department of State. Library, 1987 *International Relations Dictionary* United States. Department of State. Library, 1980

The Language of Foreign Affairs , 1987-10 **Problems of Communism** , 1980 *Technology transfer to the Middle East.* , Scientific Communication and National Security National Academy of Engineering, National Academy of Sciences, Policy and Global Affairs, Institute of Medicine, Committee on Science, Engineering, and Public Policy, Panel on Scientific Communication and National Security, 1982-02-01 The military political and economic preeminence of the United States during the post World War II era is based to a substantial degree on its superior rate of achievement in science and technology as well as on its capacity to translate these achievements into products and processes that contribute to economic prosperity and the national defense The success of the U S scientific enterprise has been facilitated by many factors

important among them the opportunity for American scientists and engineers to pursue their research and to communicate with each other in a free and open environment During the last two administrations however concern has arisen that the characteristically open U S scientific community has served as one of the channels through which critical information and know how are flowing to the Soviet Union and to other potential adversary countries openness in science is thus perceived to present short term national security risks in addition to its longer term national security benefits in improved U S military technology The Panel on Scientific Communication and National Security was asked to examine the various aspects of the application of controls to scientific communication and to suggest how to balance competing national objectives so as to best serve the general welfare The Panel held three two day meetings in Washington at which it was briefed by representatives of the departments of Defense State and Commerce and by representatives of the intelligence community including the Central Intelligence Agency the Federal Bureau of Investigation the Defense Intelligence Agency and the National Security Agency The Panel also heard presentations by members of the research community and by university representatives In addition to these briefings the Rand Corporation prepared an independent analysis of the transfer of sensitive technology from the United States to the Soviet Union To determine the views of scientists and administrators at major research universities the Panel asked a group of faculty members and administrative officials at Cornell University to prepare a paper incorporating their own views and those of counterparts at other universities The main thrust of the Panel s findings is completely reflected in this document However the Panel has also produced a classified version of the subpanel report based on the secret intelligence information it was given this statement is available at the Academy to those with the appropriate security clearance

Export Controls in Transition Gary K. Bertsch, Steven Elliott-Gower, 1992 Like many cold war artifacts the West s export control policies and institutions are being reevaluated after the tumult in the communist world at the end of the 1980s Policymakers and scholars are being forced to reexamine the premises of export control policy and the very concept of export controls as a tool of national security and foreign policy This volume brings together expert scholars and government officials who provide contrasting perspectives and address the prospects for export controls The contributors discuss the role and function of export control policies from a variety of perspectives security commerce diplomacy the European region and that of the newly industrialized countries Among the topics covered are the problems the United States and the Western export regime will face in the 1990s in light of changing international political alliances and dependencies in defining strategic exports in enforcing export controls and the role of the Coordinating Committee for Multilateral Export Controls Contributors Sumner Benson Beverly Crawford Richard t Cupitt Dorinda G Dallmeyer Paul Freedenberg Martin J Hillenbrand Hanns Dieter Jacobsen Bruce W Jentleson Kevin J Lasher William J Long Janne Haaland Matlary Jere W Morehead Henry R Nau Han S Park Kevin F F Quigley Alen B Sherr Christine Westbrook
