importance of Hughes's children's writing from an ecocritical perspective and argues that the healing function that Hughes ascribes to nature in his children's literature is closely linked to the development of his own sense of environmental responsibility This book will be the first sustained examination of Hughes's greening in relation to his writing for children providing a detailed reading of Hughes's children's literature through his poetry prose and drama as well as his critical essays and letters In addition it also explores how Hughes s children s writing is a window to the poet s own emotional struggles as well as his environmental consciousness and concern to reconnect a society that has become alienated from nature This book will be of great interest to not only those studying Ted Hughes but also students and scholars of environment and literature ecocriticism children s literature and twentieth century literature **Reading Ted Hughes: New Selected Poems** Neil Roberts, 2016-10-09 A brilliant new study of one of the great English poets of the 20th Century by a distinguished critic and scholar This book opens with a section on Hughes's life including the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation followed by a review of Hughes s artistic strategies his poetic language and influences on his work including the poets of Eastern Europe The body of the book offers an approach to reading New Selected Poems 1995 taking in turn each of the remarkable and remarkably varied works from which the poems were selected The Hawk in the Rain Lupercal Wodwo Crow Cave Birds Season Songs Gaudete Remains of Elmet Moortown Diary River and Wolfwatching It concludes with a review of Hughes's reception and a six page bibliography Professor Roberts s books include Ted Hughes A Critical Study with Terry Gifford Faber 1981 D H Lawrence Travel and Cultural Difference Palgrave 2004 and Ted Hughes A Literary Life Palgrave 2006 Ted Hughes: New Selected Poems Neil Roberts, 2007-01-01 This book opens with a section on Hughes's life including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation followed by a review of Hughes s artistic strategies his poetic language and influences on his work including his openness to mythology and the poets of Eastern Europe The body of the book offers an approach to reading New Selected Poems 1995 taking in turn each of the remarkable and remarkably varied works from which the poems were selected The Hawk in the Rain Lupercal Wodwo Crow Cave Birds Season Songs Gaudete Remains of Elmet Moortown Diary River and Wolfwatching It concludes with a review of Hughes s reception and a six page bibliography A Vertical Art Simon Armitage, 2022-05-24 From the UK Poet Laureate and bestselling translator a spirited book that demystifies and celebrates the art of poetry today In A Vertical Art acclaimed poet Simon Armitage takes a refreshingly common sense approach to an art form that can easily lend itself to grand statements and hollow gestures Questioning both the facile and obscure ends of the poetry spectrum he offers sparkling new insights about poetry and an array of favorite poets Based on Armitage's public lectures as Oxford Professor of Poetry A Vertical Art illuminates poets as varied as Emily Dickinson Walt Whitman Marianne Moore W H Auden Ted Hughes Thom Gunn A R Ammons and Claudia Rankine The chapters are often delightfully sassy in their treatment as in Like Elizabeth Bishop in

which Armitage dissects and tallies the poet's predilection for similes He discusses Bob Dylan's Nobel Prize poetic lists poetry and the underworld and the dilemmas of translating Sir Gawain and the Green Knight Armitage also pulls back the curtain on the unromantic realities of making a living as a contemporary poet and ends the book with his own list of Ninety Five Theses on the principles and practice of poetry An appealingly personal book that explores the volatile and disputed definitions of poetry from the viewpoint of a practicing writer and dedicated reader A Vertical Art makes an insightful and entertaining case for the power and potential of poetry today English Poetry Since 1940 Neil Corcoran, 2014-07-15 Neil Corcoran's book is a major survey and interpretation of modern British poetry since 1940 offering a wealth of insights into poets and their work and placing them in a broader context of poetic dialogue and cultural exchange The book is organised into five main parts beginning with a consideration of the late Modernism of T S Eliot and W H Auden and ranging decade by decade from the poetry of the Second World War and the New Romanticism of Dylan Thomas to the Movement the poetry of Northern Ireland the variety of contemporary women's poetry and the diversity of the contemporary scene The book will be especially useful for students as it includes detailed and lively readings of works by such poets as Ted Hughes Seamus Heaney and Philip Larkin **Lines of Resistance** Adrian Grafe, Jessica Stephens, 2014-01-10 Resistance is a key concept for understanding the twentieth and early twenty first centuries and for approaching the poetry of the period This collection of 15 critical essays explores how poetry and resistance interact set against a philosophical historical and cultural background In the light of the upheavals of the age and the changing perception of the nature of language resistance is seen to lie at the core of poetic preoccupations moving poetic language forward From this perspective the resistance of poetry is connected with the human call to solidarity resilience and ultimately meaning The volume covers poetry from Hardy Yeats and Auden among others to contemporary writers like Hugo Williams and Linton Kwesi Johnson **Chameleon Poet** S.J. Perry, 2013-11 Chameleon Poet book goes against the grain of previous readings of the Welsh poet and nationalist R S Thomas by revealing him as profoundly indebted to the modes traditions and personae of the English literary canon **Companion to Twentieth-Century Poetry** Neil Roberts, 2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context

intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century In Black and Gold ,2022-06-08 In Black and Gold indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual guest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world The Figure of the Animal in Modern and Contemporary Poetry Michael Malay, 2018-06-05 This book argues that there are deep connections between poetic thinking and the sensitive recognition of creaturely others It explores this proposition in relation to four poets Marianne Moore Elizabeth Bishop Ted Hughes and Les Murray Through a series of close readings and by paying close attention to issues of sound rhythm simile metaphor and image it explores how poetry cultivates a special openness towards animal others. The thinking behind this book is inspired by J M Coetzee's The Lives of Animals In particular it takes up that book s suggestion that poetry invites us to relate to animals in an open ended and sympathetic manner Poets according to Elizabeth Costello the book s protagonist return the living electric being to language and doing so compel us to open our hearts towards animals and the claims they make upon us There are special affinities for her between the music of poetry and the recognition of others But what might it mean to say that poets to return life to language And why might this have any bearing on our relationship with animals Beyond offering many suggestive starting points Elizabeth Costello says very little about the nature of poetry's special relationship with the animal one aim of this study then is to ask of what this relationship consists not least by examining the various ways poets have bodied forth animals in language Misreading England Raphaël Ingelbien, 2021-11-01 In Misreading England Poetry and Nationhood Since the Second World War Rapha l Ingelbien examines how issues of nationhood have affected the works and the reception of several English and Irish poets Philip Larkin Ted Hughes Geoffrey Hill and Seamus Heaney This study explores the interactions between post war English poets and the ways in which they transformed or misread earlier poetic visions of England Romantic Georgian Modernist It also traces often neglected but crucial links between their troubled

poetics of Englishness and Seamus Heaney's poetry of Irish nationhood This radically intertextual approach takes issue with influential accounts of post war poetry that have drawn on postcolonialism Instead of being made to reflect contemporary agendas the poetics of nationhood are here considered in all their textual and ideological complexity and restored to the historical intellectual and literary contexts which postcolonial emphases on identity often play down or simplify Whereas critics in post devolution Britain increasingly use texts to debunk or promote specific versions of national identity this study interrogates the very terms in which the debate has been conducted Its metacritical analyses expose the contradictions of identity politics and its intertextual readings help re draw the map of post war poetry in Britain and Ireland of D. H. Lawrence Jeffrey Meyers, 1987-06-18 Philip Larkin, Popular Culture, and the English Individual J. Ryan Hibbett, 2019-02-18 Despite the denigrating revelations of his published letters Philip Larkin looms larger than ever both as an English national icon and as a championed voice of postwar English poetry Philip Larkin Popular Culture and the English Individual seeks to move beyond the decades long preoccupation with Larkin's reputation and canonical status approaching Larkin instead as part of a persevering cultural phenomenon through which the traditionally distinguished individual is reconstituted in the company of the ordinary and the interchangeable It tracks how Larkin's poetic texts negotiate and engage with representations of popular culture at a time when notions of celebrity authenticity and cultural authority were newly and deeply unsettled by rock and roll and when cultural capital had become a coveted substitute for diminished imperial wealth From his unprecedented f bombs to his cultivation of a familiar comedic personality this book examines how Larkin realigns common social practices and popular art forms be it attending a church service watching television or enjoying a concert to the isolated knowing gaze of the individual The Bloomsbury Handbook to Sylvia Plath Anita Helle, Amanda Golden, Maeve O'Brien, 2022-03-24 With chapters written by more than 25 leading and emerging international scholars The Bloomsbury Handbook to Sylvia Plath provides the most comprehensive collection of contemporary scholarship on Plath's work Including new scholarly perspectives from feminist and gender studies critical race studies medical humanities and disability studies this collection explores Plath's literary contexts from the Classics and the long poem to W B Yeats Edith Sitwell Ruth Sillitoe Carol Ann Duffy and Ted Hughes New insights from Plath's previously unpublished letters and writings Plath's broadcasting work for the BBC Providing new approaches to her life and work this book is an indispensable volume for scholars of Sylvia Plath
