Teenagers and the Church Leslie J. Francis,1984-01-01 No Youth...No Church Dorothy L. Oden,2024-03-28 The book No Youth No Church Exploring the decline and Impact of Young People Not Attending Church After High School and College is a scholarly nonfiction work written after the author observed many years of teenagers and young adults leaving the Christian faith especially the Pentecostal Apostolic churches after they graduated from high school or entered and graduated college The book provides clear easy to read researched information on some reasons that young people are not staying in church Included in the book are statistics and interviews from young people and pastors and possible interventions that could work for churches with declining attendance of young people Without young people in the church it will die

Almost Christian Kenda Creasy Dean,2010-07-16 The National Study of Youth and Religion asserts that instead of consequential faith most American teenagers practice Moralistic Therapeutic Deism a superficial low commitment self serving spirituality that seems to characterize many American churches Dean believes that churches must recover a missional mindset the conviction that we are not here for ourselves and that consequential faith begins by helping teenagers parents and congregations reclaim de centering practices like translation testimony and spiritual detachment what the mystics called the ability to focus on God and others instead of ourselves Drawing on a major national study this volume argues that the Church has failed to instill genuine religious passion in American teenagers *Christian Youth, an In-depth Study* Roy B. Zuck,Gene A. Getz,1968 Young People and Church Since 1900 Naomi Thompson,2017-08-04 When the Sunday School pioneers saw a need in their communities in the late eighteenth century their response provoked a 200 year movement These early Sunday Schools met a clear social need that for basic education By the 1960s they faced rapid decline a rigid institution amidst societal change Over recent decades Christian youth work has emerged as a response to further youth decline within churches Many youth workers engage with young people s self perceived needs by delivering open access youth provision in their local communities alongside more specifically Christian activities Tensions emerge over whether the youth worker s role is to serve community or church needs with churches often emphasising the desire to see young people in services Drawing together historical and contemporary research *Young People and Church Since 1900* identifies patterns and change in young people s engagement with organised Christianity across time Through this it provides a unique analysis of the engagement and exclusion of young people in three key time periods 1900 1910 1955 1972 and the present day Whilst much commentary on religious decline has focused on changes external to churches this text draws out the internal decisions and processes that have affected the longevity of Christianity in England This book will be of interest to researchers and scholars of young people and Christianity in the twentieth century and today as well as youth ministry students and practitioners and those interested in youth decline in churches more widely Choosing Church Carol E. Lytch,2004-01-01 This well researched study explains what attracts teenagers to church and keeps them there It provides

Real Teens George Barna,2001-10-03 They are the digital generation the Mosaics a new wave of connected and decidedly upbeat young people who are anxious to make a positive difference in the world around them Skepticism once the hallmark of Generation X is waning as the prevalent attitude among teens As teens change so must our way of teaching them and reaching them How can we effectively convey the eternal truths of the gospel to high tech information drenched highly mobile youth who believe themselves to be self sufficient What are the challenges we face in reaching out to the Mosaic generation And what are the opportunities they present Once again George Barna points the way

Why Our Teenagers Leave the Church Roger L. Dudley,2000 Between 40 and 50 per cent of Adventist youth leave the church in their 20s Why How can we keep them How can we win them back This book is the culmination of a magnificent obsession For more than ten years Roger Dudley traced the lives of 1500 teenagers as they grew up and often grew disillusioned Refusing to let them leave in peace Dudley bombarded them with questionnaires Many of them answered This is their story Dudley puts faces on the statistics by focusing in on individual case studies He cites the heart wrenching testimony of desperately lonely people surrounded by uncaring members They want to belong to be needed to be heard to be loved They made some mistakes We share their pain and their dreams and feel the dissonant cadences of their troubled hearts Some who never left explain what kept them in the church Many who left want to return Without God life is hell wrote one If you want to know what the youth of your church are not telling you read this book It includes the responses of a group of kids who were asked to design the ideal church and an appendix explaining the causes of adolescent heresy the conflict spawned by the teenage struggle for autonomy

Soul Searching : The Religious and Spiritual Lives of American Teenagers Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame, Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA, 2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of

teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole
