Global Issues in Contemporary Hispanic Women's Writing Estrella Cibreiro, Francisca López, 2013

Carolyn Tuttle led a group that interviewed 620 women maquila workers in Nogales Sonora Mexico The responses from this representative sample refute many of the hopeful predictions made by scholars before NAFTA and reveal instead that little has improved for maquila workers The women's stories make it plain that free trade has created more low paying jobs in sweatshops where workers are exploited Families of maquila workers live in one or two room houses with no running water no drainage and no heat The multinational companies who operate the maquilas consistently break Mexican labor laws by requiring women to work more than nine hours a day six days a week without medical benefits while the minimum wage they pay workers is insufficient to feed their families These findings will make a crucial contribution to debates over free trade

Cahiers du CRIAR n°17, Interdits et transgressions 1

Béatrice Salazar (dir.), 1997 Ce numero 17 des Cahiers du CRIAR a été inspiré par le thème de la journée d'études annuelle organisée en 1995 par le Centre de recherches d'études ibériques et ibéro-américaines de l'université de Rouen. Les notions d'interdit et de transgression y sont étudiées dans deux domaines différents : celui de la création individuelle la littérature et celui de la participation collective la langue afin d'apporter une réponse à la question suivante : La transgression d'une norme aboutit-elle toujours à un non-sens ou à un choc littéraire ? La relation interdit-transgression est présente et traverse les travaux publiés dans ce numéro sous un aspect dynamique en tant que moteur du renouveau et de l'évolution.

Escritores y televisión en España

Jean-Stéphane Durán Froix, 2025-09-23 La expansión de la televisión en España a partir de 1956 induce desde sus inicios un cambio fundamental de paradigma cultural caracterizado por la suplantación de la secular grafoesfera por una innovadora videoesfera. Este libro examina la relevancia de este fenómeno a través de la relación que se establece entre los escritores más importantes exponentes del modelo cultural en declive y la televisión medio audiovisual de masas por antonomasia. A diferencia de lo que ocurre con el cine, los intercambios entre la literatura y la televisión obedecen menos a una motivación artística que a una necesidad económica tipificando así la intermedialidad entre ambos. Y sin embargo, contrariamente a lo que sucede en otros países, España no cuenta en este más de medio siglo con programas literarios tan longevos, exitosos e influyentes como los de las otras grandes potencias literarias europeas. La televisión ha convertido a la sociedad en un espectáculo permanente en el que el escritor queda sometido a una economía de la atención que altera la función autoral hasta provocar seguidos Juan Marsella, la muerte del autor ya anunciada por Roland Barthes y Michel Foucault. Sin embargo, Manuel Vázquez Montalbán, gran figura literaria de los años ochenta y noventa, da fe del provecho que todo polígrafo puede sacar tanto a nivel creativo como en materia de capital simbólico de esta profunda recomposición del campo cultural encarnando así plenamente la intermedialidad posmoderna.

La metaficción en la novela española contemporánea

Francisco G. Orejas, 2003 El concepto de metaficción que en los últimos años ha adquirido carta de naturaleza en el ámbito de los estudios de teoría y crítica literaria ha servido para designar una serie de obras fundamentalmente narrativas que incorporan dentro de sí una reflexión o comentario sobre su propio procedimiento discursivo o constructivo, la identidad del relato o del autor o de forma genérica sobre la literatura misma. El presente estudio sobre la metaficción en la novela española contemporánea es más ambicioso de cuantos se han dedicado hasta la fecha a la metaficción en la literatura española, incorpora un minucioso repaso y una reevaluación crítica de la teoría metafictiva, rastrea la presencia de rasgos procedimientos metaliterarios en la historia de la literatura universal y culmina con un pormenorizado análisis de la narrativa española.
