Telephoning In English Coursebook:

Telephoning in English Audio Cassette Set (2 Cassettes) B. Jean Naterop, Rod Revell, 1997-05-08 Telephoning in English is for professionals or trainee professionals in business commerce and administration who need to make and answer phone calls. It is suitable for learners at the intermediate and upper intermediate levels and can be used in class or for self study. The emphasis is on developing and consolidating practical telephone skills in a variety of interesting and relevant contexts. Activities range from message taking and spelling practice to role play providing learners with a comprehensive course in using the telephone in English. Second edition. This has been fully revised and updated to take into account the most important recent developments in the world of telecommunications. It has also been redesigned at a larger format and in colour to make it easier to use for learners working on their own. The recorded material is available on an audio cassette set 2 or audio CD set 2.

English for Telephoning David Gordon Smith, 2007 English for Telephoning teaches students strategies for communicating by telephone and trains them how to sequence a conversation. The course builds up students' confidence to communicate effectively during a telephone call. English for Telephoning has six units which deal with specific areas related to communicating by telephone including spelling over the phone and leaving and taking messages. Skills become more advanced as the course progresses. Exercises in every unit allow students to review their telephone English, learn new expressions and practise core grammatical structures. publisher's website
