Gandhi Institute for Nonviolence **The System of Things III** Luis E. Sweeney, 2021-02-22 About This Book This book was actually written about me I had used the name John D Robinson as the main character in my other two books titled The System of Things I and II At that time I was still working for the government as a state trooper I knew my superiors would retaliate against me and would try to terminate me for exposing the truth Although I had since retired I decided to continue using the name John D Robinson Unlike my first two books that was written in a worldly manner this book was written in a way that it could be read in a church I wanted to give everyone an opportunity to know what really takes place behind the

closed doors of our government This book was written as a result of the injustice and corruption that I had seen as well as being a victim thereof It was written in attempt to show that our system of government and society how great it is in comparison to other nations it could be better once one understand and realize what our system and society has become due to the zeal to be number one and racism Having that being said I wanted everyone to know that I truly believe in the Constitution of the United States of America the Magna Carta and the Bill of Rights Those were some of the reasons why I served my country during a time of war I joined and wasn't drafted This book was written to show that I also believe in our symbol of justice and the mission statement of the Statue of Liberty This book was written for the benefit of every human being regardless of the color of one's skin gender religion origin of birth and or whether one is an ally or foe or whether one is innocent or guilty for everyone should be given the same benefits and rights that this country offers This book was written especially for the men and women who had chose to get involved in the political process and to those individuals who were involved in the Civil Rights Movement who live and died taking a stand for justice Most importantly I hope this book through the trials and tribulations of John D Robinson will open your eyes so that one would have a peace of mind in knowing that having faith is the key to surviving physically mentally and spiritually in spite of the negative current events and pandemic taking place in the world today Respectfully Yours Luis E Sweeney John D Robinson
