

Television As A Social Issue

**Maxine P. Atkinson, Kathleen Odell
Korgen**

Television As A Social Issue:

Social Issues in Television Fiction Lesley Henderson, 2007-06-06 Why are some controversial issues covered in TV soaps and dramas and not others How are decisions really made behind the scenes How do programme makers push boundaries without losing viewers What do audiences take away from their viewing experience Does TV fiction have a greater impact on public understandings than TV news This exciting new book draws on unique empirical data to examine the relationship between popular television fiction and wider society The book gives lively and engaging insights into how and why socially sensitive story lines were taken up by different TV programmes from the late 1980s to the 2000s Drawing on a series of case studies of medicine health illness and social problems including breast cancer mental distress sexual abuse and violence it comprehensively traces the path of storylines from initial conception through to audience reception and uses contemporary examples to link practice to theory For the first time this book addresses production and reception

Psychology and Social Issues Raymond Cochrane, Douglas Carroll, 1991 Addresses topical social issues from a psychological perspective for example unemployment child abuse and AIDS Each contribution is self contained does not presume previous knowledge of the topic and is suitable for students to use as the basis for a tutorial discussion

Social Issues in America James Ciment, 2015-03-04 Truly comprehensive in scope and arranged in A Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a bibliography and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates

Social Issues in Sport Ron Woods, B. Nalani Butler, 2020 Social Issues in Sport Fourth Edition explores common questions and issues about sport and its relation to society through various sociological and cultural lenses The text is grounded in practical application and provides social theories through which students may examine real world issues

Connecting Social Problems and Popular Culture Karen Sternheimer, 2018-05-04 Is violence on the streets caused by violence in video games Does cyber bullying lead to an increase in suicide rates Are teens promiscuous because of Teen Mom As Karen Sternheimer clearly demonstrates popular culture is an easy scapegoat for many of society's problems but it is almost always the wrong answer Now in its second edition Connecting Social Problems and Popular Culture goes beyond the news grabbing headlines claiming that popular culture is public enemy number one to consider what really causes the social problems we are most concerned about The sobering fact is that a media made them do it explanation fails to illuminate the roots of social problems like poverty violence and environmental degradation Sternheimer's analysis deftly illustrates how welfare reform a two tiered

health care system and other difficult systemic issues have far more to do with our contemporary social problems than Grand Theft Auto or Facebook The fully revised new edition features recent moral panics think sexting and cyberbullying and an entirely new chapter exploring social media Expanded discussion of how we understand society s problems as social constructions without disregarding empirical evidence as well as the cultural and structural issues underlying those ills allows students to stretch their sociological imaginations

Social Issues in Sport-3rd Edition Woods, Ron,2015-09-24

Social Issues in Sport Third Edition explores common questions and issues about sport and its relation to society through various sociological and cultural lenses The text is grounded in practical application and provides social theories through which students may examine real world issues

Social Issues in Sport Ron Woods,2015-11-06

Social Issues in Sport Third Edition explores common questions and issues about sport and its relation to society through various sociological and cultural lenses Author Ronald Woods draws on a lifetime in sport as a participant observer fan teacher coach administrator and critic to explore historical perspectives and complex relationships that have emerged between sport and our modern society The text s engaging writing style full color design and ample learning tools keep students engaged Social Issues in Sport Third Edition remains grounded in practical application and follows the framework of the previous editions to provide social theories through which students may examine real world issues Updated statistical information allows students to analyze trends in participation popularity gender race and class as they relate to sport The third edition also features the following enhancements New Applying Social Theory activities in each chapter that foster an understanding of social theories that ground the subject area Updated Activity Time Out Expert s View Pop Culture and In the Arena With sidebars that offer a contemporary context to which students can apply the concepts in the text Increased emphasis on emerging issues such as sport for development and peace as well as the growing role of electronic media Updated instructor ancillaries that provide assistance in lecture preparation and give instructors new ways to engage students and reinforce concepts found throughout the text Social Issues in Sport Third Edition is divided into four parts maintaining the student friendly format and accessibility of previous editions Part I presents the framework for study through defining terms and presenting six crucial social theories that are used throughout the rest of the text Part II addresses various forms of participation in sport from spectator to participant recreational to professional and explores sport marketing and commercialization as well as the close relationship between sport and media In part III the role of sport programs and player development from youth to intercollegiate as well as the crucial role of sport coach and its many responsibilities Part IV delves into sport and culture focusing on social classifications and their powerful effects on sport participation Ancillary materials are available to aid instructors using this text in the classroom An updated instructor guide includes chapter summaries student objectives chapter outlines and additional student activities A test package chapter quizzes and presentation package provide instructors with support for lecture preparation and tools to ensure that students remain engaged Social Issues in Sport

Third Edition provides the foundations for examining the multifaceted roles of sport and physical activity in society and for studying sport from a critical perspective. The information and many activities used throughout the text invite students to understand and evaluate the sociocultural issues raised by sport and relate these themes to their own lives. Through this in-depth examination of sociocultural issues, students will be able to understand and appreciate the development of sport as a part and reflection of the development of society.

Investigating Social Problems A. Javier Trevino, 2017-12-21 The author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award, enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Given the complexity of the issues, the study of social problems requires indeed demands specialized focus by experts. A. Javier Trevino, working with a panel of experts, thoroughly examines all aspects of social problems, providing a contemporary and authoritative introduction to the field. Each chapter is written by a specialist on that particular topic, and the unique contributed format ensures that the research and examples provided are the most current and relevant available. The text is framed around three major themes: intersectionality, the interplay of race, ethnicity, class, and gender; the global scope of many problems; and how researchers take an evidence-based approach to studying problems. Social Issues in Living Color Arthur W. Blume, 2017-02-16 Offering fresh and exciting approaches to solving global problems, this book creatively views challenging social issues through the lens of racial and ethnic psychology. As the demographic makeup of the American population continues to evolve, understanding and addressing the psychological needs of ethnic minorities in the United States becomes more important to the overall health and well-being of society. This three-volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology. It uniquely presents racial and ethnic psychological perspectives on topics such as media, criminal justice, racism, climate change, gender bias, and health and mental health disparities. Volume one introduces readers to the basic scientific concepts of racial and ethnic minority psychology and then examines the intersectionality of race, ethnicity, gender, and sexual orientation. It also addresses how race and ethnicity affect communication styles, leadership styles, and media. The second volume discusses the experiences of individuals within racial and ethnic minorities, including overt racism, covert racism, and colonialism, and addresses how ethnic minority psychology plays a role in our educational system, poverty, global climate change, and sustainability. The third volume covers ethics in health and research, considers the causes of health and mental health disparities, and identifies diversity initiatives that can improve the health and well-being of all citizens, not just racial and ethnic minority citizens.

Social Issue of

Advertising Kara Chan, 2016-12-01 Advertising is something which we are exposed to from a young age and which can affect us in many different ways Centered around the question Does advertising improve society this volume explores the impact and issues of advertising and questions its social responsibility with a focus on Hong Kong society The collection of essays offers a broad view of the interaction between society and advertising from an introduction to semiotic studies exploring the use of gender stereotypes to the employment of brand placement as a new form of product promotion Written by professors of advertising with experience from both within the industry and from international research this is a senior level textbook designed to augment any studies in advertising marketing public relations or media studies *The Development of Social Maturity* David Clarence McClelland, 1982 **Soviet Social Problems** Walter Connor, David E Powell, Anthony Jones, 2019-09-05 This book analyzes the Soviet Union's social problems focusing on those it shares with Western industrial societies It assesses the social concerns confronting Gorbachev including poverty prostitution health education and family issues and the difficulty of adapting to technological change ICT4D Information Communication Technology for Development Parveen Pannu, Yuki Azaad Tomar, 2010 The present book discusses how digital revolution can be used effectively for development Every sector is involved governments academia small and large businesses large corporations inter governmental organizations and non profits and non governmental organizations ICTs can be a useful tool to support existing and new development activities The book highlights the range of electronic technologies and techniques which are used to manage information and knowledge it includes the old ICTs of radio television and telephone and the new ICTs of computers satellite and wireless technology and the internet Spread in twenty five chapters the book combines conceptual framework with practical guidance explaining the different ICTs It focuses on disseminating the theoretical and the practical knowledge about the old and new ICTs and using the specialized knowledge for development The book aims to highlight the role of ICTs to empower people with skills related to media technology journalism and an ability to make decisions regarding convergence of ICTs enabling them to improve their living standards and quality of life Useful for the students of Communication and Extension Journalism Mass Media Home Science Social Work etc **Thinking About Social Problems** Donileen Loseke, 2017-07-05 The new second edition of this distinctive and widely adopted textbook brings into the classroom an overview of how images of social problems can shape not only public policy and social services but also the ways in which we make sense of ourselves and others It introduces two primary changes First some attention is devoted to the new social movements that emphasize social change through identity transformation rather than through structural change Second the text now also looks more closely at the importance of emotions in constructing public consciousness of social problems When the first edition was published Teaching Sociology noted Loseke does a superb job explaining the relationship between sociology and social problems in a text that is very well researched and engaging yet with tremendous attention to detail and accuracy We would provide a solid base for any social problems class Contemporary Sociology wrote that the book is engagingly

well written in a personal unpretentious style and well informed by the author's knowledge of the professional literature

Social Problems Anna Leon-Guerrero, 2010-09-16 With an engaging writing style that has made it a popular choice at both 2 and 4 year schools the Third Edition of Anna Leon Guerrero's Social Problems textbook clearly presents contemporary social problems and addresses their consequences while emphasizing community involvement by both individuals and groups to achieve real solutions With an overarching focus on social inequalities this proven text provides a platform for discussion that encourages critical thinking through compelling illustrations boxed features learning checks discussion questions and online learning tools all designed to inspire hope rather than simply present a disheartening parade of maladies **Library**

of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2009 **Library of Congress Subject Headings** Library of Congress. Policy and Standards Division, 2009 **Social Problems** Maxine P.

Atkinson, Kathleen Odell Korgen, 2022-10-18 The Second Edition of Sociology in Action Social Problems is ideal for teachers who want to provide students with an active learning experience that relies less on lecturing and more on discussion collaboration self directed investigation observation analysis and reflection Maxine P Atkinson and Kathleen Odell Korgen provide concrete ways to make use of sociological training in the real world by considering sociological solutions to a range of social problems and issues facing society today **Encyclopedia of Contemporary American Social Issues** Michael

Shally-Jensen, 2010-12-22 This single source reference will help students and general readers alike understand the most critical issues facing American society today Featuring the work of almost 200 expert contributors the Encyclopedia of Contemporary American Social Issues comprises four volumes each devoted to a particular subject area Volume one covers business and the economy volume two criminal justice volume three family and society and volume four the environment science and technology Coverage within these volumes ranges from biotechnology to identity theft from racial profiling to corporate governance from school choice to food safety The work brings into focus a broad array of key issues confronting American society today Approximately 225 in depth entries lay out the controversies debated in the media on campuses in government in boardrooms and in homes and neighborhoods across the United States Critical issues in criminology medicine religion commerce education the environment media family life and science are all carefully described and examined in a scholarly yet accessible way Sidebars photos charts and graphs throughout augment the entries making them even more compelling and informative **Library of Congress Subject Headings** Library of Congress, Library of Congress.
