Rollins, 2021-09-15 From Ken Burns's documentaries to historical dramas such as *Roots* from A&E's Biography series to CNN television has become the primary source for historical information for tens of millions of Americans today Why has television become such a respected authority What falsehoods enter our collective memory as truths How is one to know what is real and what is imagined or ignored by producers directors or writers Gary Edgerton and Peter Rollins have collected a group of essays that answer these and many other questions The contributors examine the full spectrum of historical genres but also institutions such as the History Channel and production histories of such series as *The Jack Benny Show* which ran for fifteen years The authors explore the tensions between popular history and professional history and the tendency of some academics to declare the past off limits to nonscholars Several of them point to the tendency for television histories to embed current concerns and priorities within the past as in such popular shows as *Quantum Leap* and *Dr Quinn Medicine Woman* The result is an insightful portrayal of the power television possesses to influence our culture **Laughter**

in the Living Room Michael Tueth, 2005 For more than fifty years some very funny people have been entering American homes through television's big picture window From *Lucy* and *Uncle Miltie* to *Archie Bunker* and *Marge Simpson* certain comic stars of television history have become not just cultural icons but friends of the family This comprehensive study of the most successful television comedies including domestic sitcoms workplace comedies variety shows late night comedy animated comedy and more reveals that unlike the comedy found in film on stage in comedy clubs and concert halls television's presentation of comic characters and stories must negotiate a relationship with the more privatized and value laden environment of each American home that it enters **The Entertainment Functions of Television** P.
