Hart,2009-01-14 If in fact Lizzie Borden took an axe and gave her step mother forty whacks why from a representational standpoint did her stepmother deserve it If older gay men in Internet chat rooms regularly provide much needed acceptance and advice to younger gay males during the coming out process how is it that they continually reinforce racist ideologies and powerless subjectivities while doing so What sorts of media images are commonly presented of individuals and groups that are regarded as being deviant in society and whose interests do they ultimately serve The answers to these important questions and many others are provided in the pages of Mediated Deviance and Social Otherness Interrogating Influential Representations which explores provocative representations of deviance in various media forms including books films musical offerings news accounts television programs and Internet sites and their substantial cultural political and social consequences for the lived realities of individuals of different backgrounds and lifestyles The eye opening chapters of this book enable readers to more fully realize the regularity with which media representations continuously contribute in powerful ways to the formation and perpetuation of influential social constructions of deviance and otherness as they pertain to delinquents criminals and individuals of all ages classes genders races sexual orientations and health disability statuses Mediated Deviance and Social Otherness Interrogating Influential Representations is a thought provoking anthology that offers fresh insight and new approaches to critically analyzing social constructions of deviancy across a

variety of media forms While scholars have long examined the relationship between media and deviancy this collection of essays features a range of theoretical perspectives through which to investigate deviancy and its various interpretations in original ways In the process it deepens our understanding of how deviancy has been constructed across time and in differing social cultural milieus The essays in this anthology reflect the diverse disciplines of their contributing scholars At the same time the anthology does not waver from its clear focus on deviancy lending it substantial coherence and readability The book is expertly structured and edited Each of the essays draws inspiration from a refreshing variety of sources and fields of study The anthology is accordingly divided into six distinct yet related sections that mark its coherence and readability Simultaneously the essays within each section are quite different from one another allowing the reader to make thought provoking connections between representations of deviancy both within sections and among them Mediated Deviance and Social Otherness Interrogating Influential Representations is an important text Considering the growth of new media forms its investigation of both old and new media in relation to social constructions of deviancy represents a timely and topical contribution to the field of media and cultural studies Given its breadth and scope the anthology represents a highly significant scholarly contribution that will greatly benefit scholars students and interested individuals of all levels It offers eye opening insights to anyone with an interest in cultural studies disease and disability studies film and television studies LGBT studies criminal justice sociology and related fields

Brief Reviewer Bio Metasebia Woldemariam Ph D is an associate professor of communication and media studies at Plymouth State University who specializes in media representations of deviancy and otherness Mediated Deviance and Social Otherness Interrogating Influential Representations is an erudite collection offering critical and cultural analysis of media representations within various media forms including journalism film documentary television fiction music and the Internet The book is divided into six sections that highlight the categories of deviance and otherness the contributors emphasize 1 Age 2 Crime and Criminals 3 Disease and Disability 4 Gender Race and Class 5 Sexual Orientation and 6 Other Forms of Deviance which include masochism carnival spectacles and cultures of violence While some chapters feature links to topics common to media studies such as the Motion Picture Production Code what is powerful about the collection is how varied the interpretive standpoints of the contributors are An example of one such unique interpretive perspective comes from Linda K Fuller whose chapter examines the sexual political aspects of African AIDS related films based on her work in West Africa with a sexologist collating and critiquing appropriate media for Life Skills This interpretive variety inspires novel examination of media representations through the originality of varied genres of analysis the collection offers analysis of classic as well as popular literature popular as well as veiled news media award winning as well as obscure television series and outlaw country music as well as rap music Because media is so broadly interpreted within the collection readers are encouraged to view mass media as a crucial cultural landscape for meaning making Each contributor offers a timely perspective about past or contemporary society through the analysis of

unique media genres and artifacts or even through analysis of representations in multiple media forms For example Annette Holba examines multiple forms of the media representations of a less emphasized person in the Lizzie Borden case Borden's stepmother Editor Kylo Patrick R Hart's own contribution examines multiple media representations of the visible physical signs of AIDS before focusing on their representation in two particularly noteworthy film melodramas Rather than focusing on stereotypical categories of deviance and otherness the contributors focus on less commonly acknowledged representations or challenge commonly acknowledged understandings of media This is evident through Christopher J Perez's ethnographic observation of instant messages from Gay.com participants which dispels the notion that such online communities allow for positive expressions of gay identity Through its broad interpretation of media the collection offers an ample array of less commonly acknowledged media genres as evident in Margaret Weigel's class analysis of the electric bulb advertising sign spectaculars in Manhattan from 1892 to 1917 Wendy Korwin's visual analysis of a set of four image plates used within prescriptive literature and Amanda Klein's cinematic comparison of portrayed deviance in the 1950s juvenile delinquency teenpic and the 1990s ghetto action film Incorporated also are unique perspectives on traditional news media representations as in Thomas Grochowski's interpretation of celebrity defendant perspectives of O J Simpson Occasionally common themes thread particular chapters together allowing opportunities to understand how critics view the same or similar media differently For example David Sealy and Georges Claude Guilbert as well as Valentin Locoge offer analysis of the HBO television series OZ Additionally contemporary moral dilemmas and societal issues are covered as they appear in various media representations as when Barbara Barnett's discussion of journalistic representations of maternal infanticide and perfection appear alongside Robert Goff's analysis of the textured view of abortion provided by the film Vera Drake Hart's collection is important to expanding the scholarly understanding of media representations because it provokes thinking about what makes media mean so much to humans in particular social cultural historical and even technological contexts The issue of the detrimental effects of shared notions of deviance and social otherness is evident in chapters that highlight original perspectives useful for either scholarly analysis or challenging graduate level classroom discussions Also because the collection includes literary analysis it could serve well those with interest in literary criticism ELESIA RUMINSKI Ph.D is an assistant professor of English at Indiana University of Pennsylvania with experience teaching mass communication film studies and visual communication

Last Moment fabulousqueenangel, At the last chance in the final moment in the final chapter of the story of life grief and suffering prevail ever since everything was lost In the end comes regret When the time has come to realize and know the truth it's already too late to feel it To feel the love that knows no bounds In a person's life there are many trials many problems But you can overcome them if you trust yourself and have faith in Him Life's wheel keeps turning round and round repeating yet we continue to live to love and to be loved There are times when certain things memories or whatever it may be must be forgotten must be erased from our minds because they bring pain when recalled or

evoke anger and guilt in life Some are brought together by destiny some are separated but there are memories that cannot be erased for a lifetime A past that should be revisited remembered and valued as long as it s in our minds In the final moment of my life I am with her In the final moment I held her In the final moment I saw her smile And in the final moment we will leave this world peacefully and together heading to the afterlife And in the next life it will still be her and me until the last moment of my life True love will never disappear but if it s a lie it will In the name of love anything can be done no matter what A love tested by fate hindered by destiny but fought for until the last moment of love Inspired by the song Huling Sandali by the band December Avenue a story filled with love liberation appreciation and sacrifice for family friends and the beloved And a love that is fought for even unto death Love can sacrifice everything true love never fades unless it was a lie

Armstrong,2011-02 As children many of us have had dreams and aspirations of what we hoped to achieve in our future But for some of us we only hoped that our tortured lives are nothing but a mere dream However for Kelly Anderson this hope is too much to ask because her nightmares are indeed real As long as she can remember Kelly had been surrounded by violence and dysfunction Having a mother who was emotionally unavailable and a father who was a violent alcoholic it is no wonder Kelly felt abandoned and alone the first time she was raped But Kelly would

soon learn that her only escape from her torture is by death This is the true story based on actual events of a child s struggle to cope with the pain and confusion of physical and sexual abuse In this disturbing story you will experience life through the eyes of the victims as well as the victimizers You will follow Kelly s quest to find love freedom and serenity amid so much turmoil You will feel Kelly s pain and understand what really lies beneath **THE TORTURED SMILE** [Farewell Love!
