Whitcomb,2016-07-29 This book is fiction and could fill several niches in the marketplace Reluctant readers those learning English as a second language trivia buffs and fans of Beatles spring to mind This Is as Big as It Gets tells the story of two boys who meet and pair up with two girls The four of them then banter as they try to put the world to rights while coping with stepparents sexism abused parents sick parents a plague of rats death suicide and a terrorist attackbut not necessarily in that order Interspersed with these dramas is an offbeat modern fairy tale told by one of the boys it is so well received that he decides to write a book His friends try to help him with ideas and they get sidetracked by idioms song lyrics jokes palindromes and trivia However the

book is never penned not in this story anyway The entire text of the story is told using no words longer than four letters because it began life as a teaching exercise for primary school children in Australia The language is not your average American English and for that reason a glossary is attached by way of a translation from the Australian and English idioms and vocabulary that the story is punctuated with This Is as Big as It Gets will hopefully be followed by A Bit of This and a Bit of That and then to complete the trilogy Amen to All That The pattern of using no words longer than four letters in the telling of the story will continue A Flicker In The Dark Edwina Reizer,2008-03-25 A flicker in the dark Or just a tiny spark Can start a flame inside of you That will make its mark This mark will keep you burning And help to keep you yearning To know the reason you were born That reason is for learning Why else would we dare enter A place that at its center Is filled with too much sorrow in its core Thus I am a dissenter I reject mainstream philosophy And the principles of theocracy My ruler has always been my brain Which never brings hypocrisy
