Sins Of Scripture Beyond Texts Of Hate To Reveal The God Of Love:

The Sins of Scripture John Shelby Spong, 2009-10-13 In the history of the Western World the Bible has been a perpetual source of inspiration and guidance for countless Christians However this Bible has also left a trail of pain Controversial bishop and champion of liberal Christianity John Shelby Spong explores those passages that have been used to justify oppression violence discrimination against women and homosexuals and murder As he exposes and challenges what he calls the terrible texts of the Bible laying bare the evil done in the name of God he also seeks to redeem them hoping to recover their ultimate depth and purpose As Spong battles against the way the Bible has been used throughout history he provides a new framework for interpretation explaining how the Bible s overall good news overcomes these terrible texts and delivering a fresh inspiring message of how Christians can use the Bible today John Shelby Spong was the Episcopal Bishop of Newark before his retirement in 2000 As a visiting lecturer at Harvard and at universities and churches throughout North America and the English speaking world he is one of the leading spokespersons for liberal Christianity His books include *A New Christianity for a New World* *Rescuing the Bible from Fundamentalism* *Resurrection Myth or Reality* *Why Christianity Must Change or Die* and his autobiography *Here I Stand* A valuable modernist manifesto for progressive readers seeking a response to the conservative theology dominating the news these days Boston Globe

Beyond Biblical Theology Timo Eskola, 2013-10-02 Reading Heikki Rönkä s hermeneutics in context Timo Eskola explores the development of Western New Testament interpretation Reclaiming a Wredean approach to the Scriptures Rönkä focuses on tradition and interpretation He builds on Weberian sociology adopted through Peter Berger s theories and substitutes sacralized culturalism for biblical theology After examining fourteenth century Quran criticism and its impact on Reimaruskönig Eskola discusses the genesis of the revised history of religion theory that Rönkä developed when investigating the Quran s relationship to the Bible Sociology then becomes a link between standard historicism and poststructuralism as Rönkä reinterprets Berger s sociology of knowledge Rönkä s sacralized culturalism finally becomes the theory from which his magnum opus *The Rise of Christian Beliefs* has been written

Bloody, Brutal, and Barbaric? William J. Webb, Gordon K. Oest, 2019-12-03 Christians cannot ignore the intersection of religion and violence In our own Scriptures war texts that appear to approve of genocidal killings and war rape raise hard questions about biblical ethics and the character of God Have we missed something in our traditional readings Identifying a spectrum of views on biblical war texts Webb and Oest pursue a middle path using a hermeneutic of incremental redemptive movement ethics

Moses Maurice D. Harris, 2012-03-01 In *Moses A Stranger among Us* Rabbi Maurice Harris leads us to look beyond familiar and popular portrayals of Moses so that we can discover the Moses whose lesser known attributes and experiences provide us with surprisingly fresh ethical and spiritual guidance Harris offers many angles on his subject interweaving traditional religious interpretations academic Bible scholarship psychological and sociological analysis feminist readings and more Combining deep respect for the biblical text with a

willingness to question received tradition Harris reveals a complex Moses whose life story gives us important tools for better understanding issues like religious fundamentalism intermarriage identity confusion civil disobedience gay and lesbian equality and the nature of sacred mythic storytelling Written in a refreshing plainspoken voice for people of all faiths or none the result is a volume of creative thought provoking and exciting readings of the Bible

Jesus for the Non-Religious John Shelby Spong, 2009-10-13 Writing from his prison cell in Nazi Germany theologian Dietrich Bonhoeffer envisioned what he called religionless Christianity In Jesus for the Non Religious John Shelby Spong expands on Bonhoeffer's idea the result is a strikingly new and different portrait of Jesus of Nazareth a Jesus for the non religious Spong challenges much of the traditional Jesus story from the Virgin Birth to the ascension into Heaven He also addresses those contemporary critics of Christianity who call God a delusion and express fears that Christianity has become evil and destructive Spong proposes a new way of understanding the divinity of Christ as the ultimate dimension of a fulfilled humanity Jesus for the Non Religious may be the book that finally brings the pious and the secular into a meaningful dialogue opening the door to a living Christianity in the post Christian world John Shelby Spong was the Episcopal Bishop of Newark before his retirement in 2000 He is one of the leading spokespersons for liberal Christianity His books include Sins of Scripture A New Christianity for a New World Rescuing the Bible from Fundamentalism Resurrection Myth or Reality Why Christianity Must Change or Die and his autobiography Here I Stand He has initiated landmark discussions of controversies within the church and has become an outspoken advocate for change Sparkling with personal anecdotes and nurtured by a wide range of scriptural scholarship Spong's book deconstructs conventional religion and then fashions a new Jesus consonant with modern consciousness Hal Taussig author of A New Spiritual Home Progressive Christianity at the Grass Roots *The New Heretics* Rebekka King, 2023-02-07 The New Heretics charts the development of progressive Christianity a movement that seeks to redefine Christianity in light of modern science historical criticism and liberal humanism

Human wisdom is of little or no value wrote Plato in his Apology And yet the ancient Greeks including Plato himself more than any other people of antiquity were fascinated by the pursuit of the wisdom they called philosophia That search for knowledge involved an extensive use of maxims and quotations as we can see from those expressions of Homer prefaced by the phrase as people say Homer the Seven Sages and the Pre Socratic philosophers are still extensively quoted in all the major western languages Yet for all their popularity until now there has been no single resource to which interested readers might turn This unique reference book offers one of the most comprehensive selections of Greek quotations ever committed to print With its English text matched by the original Greek the volume collects 7500 entries ranging from the archaic period to late antiquity and across philosophy drama poetry history science and medicine each indexed with key words to enable fast sourcing Together these selections provide an incomparable insight into the glories of Greek civilization
