Sir Garnet Wolseley:

Sir Garnet Wolseley Stephen Manning, 2024-02-01 Field Marshal Lord Wolseley was an eminent Victorian one of a handful of late nineteenth century military men whose reputation transcends his age He served the British empire in Burma India China the Crimea Canada Asante Egypt South Africa and the Sudan He excelled as a regimental soldier staff officer army commander and reformer and eventually commander in chief Yet there has been no substantial work on Wolseley for a generation and a reassessment based upon a fresh look at the man and his achievements is long overdue That is why Stephen Manning's perceptive military biography which sets Wolseley firmly in the context of his period and seeks to strip away the legend that developed during his lifetime is so timely and important Each of Wolseley's campaigns is examined in vivid detail and there are graphic descriptions of the major battles in which he took part either as an officer or a general His performance as a commander from his great success during the expedition against the Asante to his failure to rescue Gordon from Khartoum is critically assessed to see if he deserves his brilliant reputation His efforts as an army reformer are examined too in particular whether he could have done more to prepare Britain for war against the Boers Stephen Manning's incisive account of Wolseley's career will be fascinating reading for anyone who is interested in the British army in the nineteenth century in colonial warfare and in the exploits of one of Queen Victoria's most admired generals *Sir Garnet Wolseley's Ancestry. Sir Garnet Wolseley Halik Kochanski, 1999-01-01 Before leaving England he placed his finger on a map of Egypt at the point now known to fame as Tel El Kebir and said That is where I shall beat Arabi No Victorian was a greater hero for a longer period than Sir Garnet Wolseley 1833 1913 The leading British general of the second half of the nineteenth century he personally took part in a significantly influenced every campaign between the Crimea and the Boer War To Disraeli he was Our Only General while to many soldiers and to the public at large he epitomised the virtues they most admired exceptional personal bravery and an unshakeable belief in the virtues of the British Empire The phrase All Sir Garnet was a guarantee that everything was under control Seen from another angle Wolseley's career reflects a number of weaknesses To control a global empire Britain had a powerful navy but only a small army Its ability to deploy a force of limited size throughout the world almost always against untrained and underequipped native armies gave the dangerous and ultimately disastrous illusion that Britain was as formidable by land as it was by sea **A Memoir of Lieutenant-General Sir Garnet J. Queen Victoria'S Paladins John Philip Jones,2018-05-24 QUEEN VICTORIAS PALADINS The unique feature of this book is that it is a dual biography Garnet Wolseley 18331913 and Frederick Roberts 18321914 were the most important British soldiers during the last quarter of the nineteenth century They both became field marshals and were both raised to the peerage and entered the House of Lords Wolseley and Roberts were Queen Victorias paladins Their reputations were built on the expeditions they led Wolseley commanded forces in North America and Africa Roberts commanded in Afghanistan and at the end of his career in South Africa Both men were army reformers and Roberts dedicated his retirement to a campaign to introduce a brief period of compulsory army service for all physically fit young men with the objective of building a large reserve of partially trained soldiers However this proposal was not acceptable to any British government Both Wolseley and Roberts left extensive well written personal memoirs and their campaigns also generated a substantial literature They both attracted followers The officers who surrounded them some of them highly talented became known as the Wolseley Ring and the Roberts Ring Queen Victorias paladins devoted their lives to the British Empire They demonstrated formidable strategic and tactical skills and won a succession of wars against brave but militarily backward opponents This book compares Wolseley and Roberts as commanders It also touches on whether Wolseley and Roberts can be compared with generals like Wellington and Montgomery who won their battles against large well organized and well armed enemy armies It is by no means certain that Wolseley and Roberts would have done well in such different circumstances
