Sir Keith Holyoake Towards A Political Biography:

Sir Keith Holyoake Margaret Clark,1997 Sir Keith Holyoake was one of New Zealand's longest serving Prime Ministers and led the National Party to four election victories in 1960 1963 1966 and 1969 His remarkable public life spanned nearly half a century as he first entered Parliament in 1932 and retired as Governor General in 1980 For many people Keith Holyoake came to embody the National Party He was conservative but not illiberal He was cautious but not inflexible He was an instinctive democrat and sought to govern consensually He had the good fortune to govern in a time of full employment and economic growth The Holyoake years therefore are often thought of as the good years However there were clouds on the horizon Some historians have argued that New Zealand under Holyoake was complacent and insufficiently innovative The seeds of our subsequent discontents they say were sown then We didn't diversify our economy fast enough Maori grievances were not addressed and the concerns of environmentalists and feminists were ignored All these questions are raised in this collection of essays towards a political biography Readers are given much evidence with which to judge the true stature of the man

Political Life Writing in the Pacific Jack Corbett,Brij V. Lal,2015-07-29 This book aims to reflect on the experiential side of writing political lives in the Pacific region The collection touches on aspects of the life writing art that are particularly pertinent to political figures public perception and ideology identifying important political successes and policy initiatives grappling with issues like corruption and age old political science questions about leadership and dirty hands These are general themes but they take on a particular significance in the Pacific context and so the contributions explore these themes in relation to patterns of colonisation and the memory of independence issues elliptically captured by terms like culture and tradition the nature of self presented in Pacific life writing and the tendency for many of these texts to be written by outsiders or at least the increasingly contested nature of what that term means

Becoming Aotearoa Michael Belgrave,2024-10-10 In the first major national history of Aotearoa New Zealand to be published for 20 years Professor Michael Belgrave advances the notion that New Zealand's two peoples tangata whenua and subsequent migrants have together built an open liberal society based on a series of social contracts Frayed though they may sometimes be these contracts have created a country that is distinct This engaging new look at our history examines how

His Way Barry Gustafson,2013-11-01 This the only authorized biography of New Zealand's prime minister Robert Muldoon one of the dominant political figures of the last half century in that country Based on many hours of conversation with Muldoon himself as well as colleagues friends and family and wide access to the prime minister's official and private papers and diaries this book has been awarded the Ian Wards Prize for published historical writing Muldoon is shown as a champion of the ordinary people whose vision over time became anachronistic and inflexible The book is also a fascinating picture of New Zealand's changing political landscape from the 1940s to the 1980s

The History of New Zealand Tom Brooking,2004-06-30 With its closest neighbor some 1 200 miles away New Zealand is one of the most geographically isolated countries in the world Its

remoteness led to its relatively late settlement. Brooking traces New Zealand from its earliest Maori settlers to issues in 2003 covering intertribal relations, the effects of European contact, the challenges of globalization and more. The volume includes a timeline of historical events, biographical entries of notable people in the history of New Zealand, a glossary of Maori terms, and a bibliographic essay. Historical Dictionary of New Zealand Janine Hayward, Richard Shaw, Lara Greaves, Claire Timperley, 2024-11-19. The Historical Dictionary of New Zealand Fourth Edition provides a broad introduction to New Zealand as well as rich detail about the people, events, laws, concepts, and institutions that have shaped New Zealand history. The Uneasy Relationships Between Parliamentary Members and Leaders Reuven Y. Hazan, Lawrence D. Longley, 2014-04-04. The bases of uneasy member leadership relations, their manifestation, and sometimes resolution, and the consequences of member leadership tension to effective parliamentary performance and policy making are considered in studies ranging from Germany to the US and New Zealand and globally.

New Zealand and the Soviet Union, 1950-1991 A. C. Wilson, 2004. This study follows the history of the relationship between New Zealand and the Soviet Union, especially between the years 1950 and 1991. The emphasis is on the official government-to-government relations that defined the context and tone of political and commercial dealings between countries. These official relations, however, shed light on the unofficial relations, and the book examines how trade union contacts, the intellectual/cultural climate, and pro and anti-Soviet lobbies all impacted on the relationship. Back cover.

The Nationbuilders Brian Easton, 2013-10-01. This is a collection of linked essays on individuals and companies from 1931 to 1984 who contributed in major ways to building the New Zealand nation. It captures the intertwining of the lives of politicians, their advisers, and those who influence them, as well as the ideas and experiences that drove them. While it focuses on economic strategy, the book also looks at the cultural, social, union, business, and foreign policy strands of nationbuilding. An original and provocative book, it is backed by powerful nationalistic emotions and by a deep distaste for the kind of country that has been fashioned in New Zealand since 1984.
