The Life of Sir Joseph Banks, President of the Royal Society Edward Smith, 2015-07-12 Excerpt from *The Life of Sir Joseph Banks President of the Royal Society With Some Notices of His Friends and Contemporaries* With the idea of presenting to modern readers an unfamiliar side of the eighteenth century in which Science and Public Spirit would be represented it appeared to me that a prominent figure could be chosen to serve as a common centre The eye fell upon the name of Sir Joseph Banks concerning whom many persons have vague notions of a distinguished character not yet unveiled to the student of English social history Banks s record is that of a man of unbounded Public Spirit Science was his passion and the public service through the applications of science was his constant aim Fortune favoured him in several ways and he left an enduring mark upon the times in which he lived The ensuing pages will be something of a revelation especially in the devotion and regard shown to Banks by so many varied characters among his contemporaries The man has practically vanished from our ken as an individual but as the tale develops we shall discover that Banks was the inspiring agent of a number of useful works which have permanently benefited the world A detailed life of this worthy man has always been wanted About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
