Siren Song Leah Alvord, 2011-09-12 Beauty Grace Song The three core traits that make up the Sirens Traits that create chaos and tragedy wherever they go with every move that they make To lose the effect they are forced to give up its cause their song A pact was forged centuries ago in an agreement to stop singing A pact that continues to be broken Crevan is the name the three Sirens take when they move to Florence Oregon as they once more try to escape what they are Ariana is the eldest and most beautiful Siren sister Her entire purpose in life is to care for her sisters A purpose that continuously washes away who she really is Shae is the middle Siren and flaunts her differences in any way possible with little to no restraint It is she that possesses the most grace and charm of the three Both of which she uses to have a good time as often as possible Kalina is the youngest sister with a tendency to screw up Of the three traits cursed upon the Sirens hers is the most potent and the most dangerous for she has the greatest song A song that pulses through her very blood and tests her control with each and every breath Florence was another stop in their world Another place to call home for no longer than eight years if they were lucky It was never meant to be more than a place to recover from the last fall But Florence has more in store for the Sirens than they could have possibly foreseen Once more Kalina finds herself flirting with disaster when she befriends William James A human male intent on gaining some form of satisfaction from the enigmatic creature he has found Inevitably Kalina finds herself falling for William and her entire nature changes because of it But her love is a betrayal in itself Furious her sisters are determined to do whatever they must in order to protect themselves Now Kalina must fight the entire world in order to keep the one man who has become absolutely vital to her own survival

Siren Song Stephanie Draven, 2011-01-01 When Chloe Karras sings she knows that no one can resist her sensual allure except for the sexy naval officer seemingly immune to her voice But Captain Alex Shore is just the man she wants to take home after her performance until he tells her what she thought were imagined powers are real and dangerous Alexandros knows firsthand how seductive sirens are as well as their potential to destroy Yet the former sea soldier feels a powerful attraction to the beautiful rock singer that goes beyond her spell Can he banish Chloe

from the town he's vowed to protect or will he be drawn into the siren's bed

Cogito and the Unconscious Slavoj Zizek, 1998-04-08

The Cartesian cogito the principle articulated by Descartes that I think therefore I am is often hailed as the precursor of modern science At the same time the cogito's agent the ego is sometimes feared as the agency of manipulative domination responsible for all present woes from patriarchal oppression to ecological catastrophes Without psychoanalyzing philosophy *Cogito and the Unconscious* explores the vicissitudes of the cogito and shows that psychoanalyses can render visible a constitutive madness within modern philosophy the point at which I think therefore I am becomes obsessional neurosis characterized by If I stop thinking I will cease to exist Noting that for Lacan the Cartesian construct is the same as the Freudian subject of the unconscious the contributors follow Lacan's plea for a psychoanalytic return to the cogito Along the path of this return they examine the ethical attitude that befits modern subjectivity the inherent sexualization of modern subjectivity the impasse in which the Cartesian project becomes involved given the enigmatic status of the human body and the Cartesian subject's confrontation with its modern critics including Althusser Bataille and Dennett In a style that has become familiar to Zizek's readers these essays bring together a strict conceptual analysis and an approach to a wide range of cultural and ideological phenomena from the sadist paradoxes of Kant's moral philosophy to the universe of Ayn Rand's novels from the question Which if any is the sex of the cogito to the defense of the cogito against the onslaught of cognitive sciences Challenging us to reconsider fundamental notions of human consciousness and modern subjectivity this is a book whose very Lacanian orthodoxy makes it irreverently transgressive of predominant theoretical paradigms *Cogito and the Unconscious* will appeal to readers interested in philosophy psychoanalysis cultural studies and theories of ideology
