Sit Still:

Teach Us to Sit Still Tim Parks, 2012-07-03 *Teach Us to Sit Still* is the visceral thought provoking and inexplicably entertaining story of how Tim Parks found himself in serious pain how doctors failed to help and the quest he took to find his own way out Overwhelmed by a crippling condition which nobody could explain or relieve Parks follows a fruitless journey through the conventional medical system only to find relief in the most unexpected place a breathing exercise that eventually leads him to take up meditation This was the very last place Parks anticipated finding answers he was about as far from New Age as you can get As everything that he once held true is called into question Parks confronts the relationship between his mind and body the hectic modern world that seems to demand all our focus and his chosen life as an intellectual and writer He is drawn to consider the effects of illness on the work of other writers the role of religion in shaping our sense of self and the influence of sports and art on our attitudes toward health and well being Most of us will fall ill at some point few will describe that journey with the same verve insight and radiant intelligence as Tim Parks Provided by publisher Why Don't Children Sit Still? Engaging Terror Marianne Vardalos, 2009 Engaging Terror A Critical and Interdisciplinary Approach is a collection of select extended papers drawn from The Human Condition Series THCS conference on Terror that took place in May 2008 The international scope of the conference drew participants from twenty three countries including Brazil Columbia Cuba France Israel Lebanon Lithuania New Zealand Nigeria Pakistan the Philippines Scotland Singapore South Africa Turkey and the United Kingdom The thirty five essays presented here are a representative sample of the interdisciplinary discussion which sought to analyze popular concepts like terrorism and terrorist as social political and psychosocial phenomena Engaging Terror seeks to reveal the diverse forms of terror that persist in contemporary societies For instance cultural forms such as the fine arts film literature mass media religion and market economy continue to define and limit rationality and freedom through institutionalized forms of terror In this way terror shapes our experiences not only through the politics of nation building and international relations but also through the social and ideological production of fear in everyday life Topics covered in this volume include the representation and production of terror from a multiplicity of sites ranging from mental health practices and organized religion to news coverage and musical scores This book will appeal to both scholars and general readers interested in how seemingly benign forms of terror shape and maintain the contemporary human condition Reaching beyond mainstream studies on terror as simply an international political phenomenon this interdisciplinary collection of work multiplies the fields of critical research to broaden the scope of analysis and fundamentally challenge the state of modernity
