Patinkin I have always been in awe of Richard Hester's gift as a storyteller. He has beautifully crafted a diary that reminds us of the journey we have been on for the past two years and with this book given us the courage to carry on with hope and faith. Sergio Trujillo, Director/Choreographer. Hester describes such experiences in a warm conversational tone in a book in which his lyrical writing about the natural world adds dimension to humorous stories about working and not working from home. Hester interweaves descriptions of living through Covid 19 with stories of his colorful theatrical career. Kirkus Reviews

The Publishers Weekly, 1996 **Between the Devil and the Deep** Della A. Scott-Ireton, 2013-08-23 In creating interpretive strategies for maritime sites, archaeologists and resource managers often are required to think creatively to overcome challenges and problems. These issues include interpreting sites in inaccessible locations and extremely deep water; enabling and controlling access to fragile sites and restricted areas; monitoring visitor behavior; making information interesting to a wide audience; and creating opportunities for public engagement among other concerns. *Meeting Challenges* presents cutting edge interpretation and public education strategies for maritime resources both on land and underwater, with emphasis on solving the unique problems often associated with presenting these fragile, limited access sites as heritage attractions and on developing effective visitation and civic engagement opportunities. The examples presented ideally can serve as models for resource managers, archaeologists engaged in interpretation, and site administrators. This volume brings together a diverse group of heritage professionals to discuss issues they've encountered and to present ideas and case studies for adapting, improvising, and overcoming them.
