

the effectiveness of the strong Russian air and tank forces could possibly be reduced. The wide expanse of woodland from Halbe via Kummersdorf to north of Luckenwalde offered the only possibility for this. This became more apparent with 12th Army's disappointing announcement that it was not attacking to the east, but to the north, towards Beelitz, so there was no longer any question of a thrust being made to meet us. Nevertheless, the High Command still ordered that 9th Army, following a successful break-out, was immediately to wheel and attack the rear of the enemy on the southern outskirts of Berlin. This order 9th Army neither heeded nor acknowledged.

We had to go about things in accordance with our intention to get as many troops away as possible from the Russians' grasp. Our firm resolve was to breach the encirclement on either side of Halbe and break through to south of Beelitz using the cover of the woods.¹²

The 21st Panzer Division was now deployed south from Karlshof, two kilometres north-west of the autobahn junction, with a series of strongpoints stretching to the west of Ragow and Mittenwalde down to Teupitz, and was heavily engaged all day. On its right, the land link to Berlin was reduced to a corridor barely four kilometres wide and already under artillery surveillance. Behind them in Königs Wusterhausen were the remains of the 32nd SS Volunteer Grenadier Division's battlegroup, which had been forced out of Wernsdorf and Niederlehme on the Spree-Dahme line by Chuikov's troops.¹³ A field hospital in the town, many of whose citizens were already displaying white flags, came under repeated attack from Soviet aircraft.¹⁴

During the day elements of 128th Rifle Corps of the Soviet 28th Army continued to arrive to take part in the operation but one formation, 152nd Rifle Division, was caught up near Mittenwalde in what was thought to be a break-out attempt by 9th Army. Whatever the cause, 152nd Rifle Division was still fighting in the Mittenwalde area that night and does not appear to have rejoined its parent formation for another day or two. The two other corps of 28th Army, 3rd and 20th Guards, did not appear, but were diverted

Deathride John Mosier, 2010-06-15 Originally published as *Deathride* this is the true story of the Eastern Front in World War II emphasizing how close Germany came to winning and the USSR to losing the severity of the Soviet losses which have been minimized due to Soviet propaganda and the importance of the Allied invasions of North Africa and Sicily among other factors in forcing Hitler to re-deploy troops saving the Soviets from disaster The German invasion of the Soviet Union on June 22 1941 began a war that lasted nearly four years and created by far the bloodiest theater in World War II In the conventional narrative of this war Hitler was defeated by Stalin because like Napoleon he underestimated the size and resources of his enemy In fact says historian John Mosier Hitler came very close to winning and lost only because of the intervention of the western Allies Stalin's great triumph was not winning the war but establishing the prevailing interpretation of the war The Great Patriotic War as it is known in Russia would eventually prove fatal setting in motion events that would culminate in the collapse of the Soviet Union Mosier argues that the Soviet losses in World War II were unsustainable and would eventually have led to defeat The Soviet Union had only twice the population of Germany at the time but it was suffering a casualty rate more than two and a half times the German rate Because Stalin had a notorious habit of imprisoning or killing anyone who brought him bad news and often their families as well Soviet battlefield reports were fantasies and the battle plans Soviet generals developed seldom responded to actual circumstances In this respect the Soviets waged war as they did everything else through propaganda rather than actual achievement What saved Stalin was the Allied decision to open the Mediterranean theater Once the Allies threatened Italy Hitler was forced to withdraw his best troops from the eastern front and redeploy them In addition the Allies provided heavy vehicles that the Soviets desperately needed and were unable to manufacture themselves It was not the resources of the Soviet Union that defeated Hitler but the resources of the West In this provocative revisionist analysis of the war between Hitler and Stalin Mosier provides a dramatic vigorous narrative of events as he shows how most previous histories accepted Stalin's lies and

distortions to produce a false sense of Soviet triumph This is the real story of the Eastern Front fresh and different from what we thought we knew **500 Days** Sean M. McAteer,2009 **Berlin Soldier** Helmut Altner,2016-08-12 This book is an explosive memoir of a 17 year old German boy called up to fight in the last weeks of the Second World War This is a teenager's vivid account of his experiences as a conscript during the final desperate weeks of the Third Reich during which he experienced training immediately behind the front line east of Berlin was caught up in the massive Soviet assault on Berlin from the Oder retreated successfully and then took part in the fight for the western suburb of Spandau where he became one of the only two survivors of his company of seventeen year olds Absolute War Chris Bellamy,2007 Drawing on sources newly available since the collapse of the Soviet Union historian and journalist Bellamy gives readers a comprehensive account of the decisive battles on the Eastern Front during World War II Illustrated Annihilation Thomas Zeiler,2011 From 1937 to 1945 the world witnessed a succession of savage military policies innovations and actions on the field in the water and in the skies that resulted in the butchery of over fifty million people The military history of the Second World War involves heroism and evil effective and hopeless strategies bold and pointless operations calculation and luck politics and diplomacy and production and attrition This study incorporates recent scholarship on the military history of the Second World War to examine both chronologically and in a comprehensive geographic way the most destructive event in recorded human history Annihilation argues that World War II evolved into a war of annihilation a total war that engulfed militaries and civilians alike and spared no country either destruction or blame for the carnage The book questions the adopted intention of the good war thesis by wielding the strategy of annihilation on all sides as an architectural framework Readers will find global coverage linking together all theaters of the conflict in a narrative that advances from the beginning to end of the war This is the first study of the World War II that allows instructors to assign chapters of the book according to time periods or by place *Bloody Streets* A. and defeat a superpower in the making the Soviet Union Foolishly they thought in a swift campaign they could smash the Red Army and force Stalin to sue for peace despite dire warnings that Stalin was amassing a reserve army of more than 1 million men on the Volga The end result would be such carnage that it would tear the German forces apart In his major reassessment of the war on the Eastern Front Anthony Tucker Jones casts new light on the brutal fighting including such astounding German defeats as at Stalingrad Kursk Minsk and finally Berlin He controversially contends that from the very start intelligence officers on both sides failed to influence their leadership resulting in untold slaughter He also reveals the shocking blunders by Hitler Stalin and even Churchill that led to the appalling needless destruction of Hitler's armed forces as early as the winter of 1941-42 Step by step Tucker Jones describes how the German war machine fought to its very last against a relentless enemy fully aware that defeat was inevitable *The British National Bibliography* Arthur James Wells, 2005

The Battle of Berlin 1945 Tony Le Tissier, 2008-12-08 Tony Le Tissier is arguably the finest English language historian of the Battle of Berlin defenceWeb The Battle of Berlin was a battle on an unprecedented scale The Soviets massed 1.6 million troops for Operation Berlin and Marshal Zhukov in the centre had half of them but his initial attack floundered lasting four days instead of one It was so costly that he had to revise his plans for taking the city and to revise them yet again when Stalin allowed his rival Marshal Koniev to intervene The battle thus became a contest for the prize of the Reichstag Meanwhile Hitler and his courtiers sought to continue the struggle in the totally unrealistic atmosphere that prevailed in his bunker while soldiers and civilians alike suffered and perished unheeded all around them In *The Battle of Berlin 1945* Tony Le Tissier brings us the definitive history of the last great battle of the Second World War a fight to the death in the smouldering ruins of the capital of Hitler's Third Reich

Race for the Reichstag Tony Le Tissier, 2010-04-30 The acclaimed historian's classic account of the Battle for Berlin offers unprecedented detail and insight into the final days of WWII in Europe This authoritative study dispels the myths created by Soviet propaganda and describes the Red Army's final offensive against Nazi Germany in graphic detail For the Soviets Berlin and the Reichstag in particular was seen as the ultimate prize Stalin had initially promised Berlin to Marshal Zhukov But after Zhukov blundered a preliminary battle Stalin allowed Marshal Koniev Zhukov's rival to launch one of his powerful tank armies at the city The advancing Soviet forces were confronted by a desperate inadequate German defense General Weidling's panzer corps was dragged into the city in a futile attempt to prolong the existence of the Third Reich whose leaders squabbled and schemed in their underground shelters Ten days later after the suicides of Hitler and Goebbels the survivors had to choose between breakout and surrender Drawing on a wide range of Soviet sources and unprecedented access to German archival and memoir materials *Race for the Reichstag* brings into startling focus the bitter fight for the last patch of soil under Wehrmacht control
