[Buren](#) Susan Jankowski, 2002 Examines the life of the lawyer politician who became the eighth president of the United States and led the country through its first serious depression Includes Internet links to Web sites source documents and

photographs related to Martin Van Buren **I Freed Myself** David Williams, 2014-04-21 For a century and a half Abraham Lincoln s signing of the Emancipation Proclamation has been the dominant narrative of African American freedom in the Civil War era However David Williams suggests that this portrayal marginalizes the role that African American slaves played in freeing themselves At the Civil War s outset Lincoln made clear his intent was to save the Union rather than free slaves despite his personal distaste for slavery he claimed no authority to interfere with the institution By the second year of the war though when the Union army was in desperate need of black support former slaves who escaped to Union lines struck a bargain they would fight for the Union only if they were granted their freedom Williams importantly demonstrates that freedom was not simply the absence of slavery but rather a dynamic process enacted by self emancipated African American

refugees which compelled Lincoln to modify his war aims and place black freedom at the center of his wartime policies

Slaves No More Ira Berlin, 1992-11-27 Three essays present an introduction and history of the emancipation of the slaves during the Civil War **Conflict and Compromise** Roger L. Ransom, 1989 Ransom examines the economic and political factors that led to the attempt by Southerners to dissolve the Union in 1860 Freedom National: The Destruction of Slavery in the United States, 1861-1865 James Oakes, 2013 Traces the history of emancipation and its impact on the Civil War discussing how Lincoln and the Republicans fought primarily for freeing slaves throughout the war not just as a secondary objective in an effort to restore the country OCLC **Confederate Emancipation** Bruce Levine, 2005-11-01 In early 1864 as the Confederate Army of Tennessee licked its wounds after being routed at the Battle of Chattanooga Major General Patrick Cleburne the Stonewall of the West proposed that the most courageous of our slaves be trained as soldiers and that every slave in the South who shall remain true to the Confederacy in this war be freed In *Confederate Emancipation* Bruce Levine looks closely at such Confederate plans to arm and free slaves He shows that within a year of Cleburne's proposal which was initially rejected out of hand Jefferson Davis Judah P Benjamin and Robert E Lee had all reached the same conclusions At that point the idea was debated widely in newspapers and drawing rooms across the South as more and more slaves fled to Union lines and fought in the ranks of the Union army Eventually the soldiers of Lee's army voted on the proposal and the Confederate government actually enacted a version of it in March The Army issued the necessary orders just two weeks before Appomattox too late to affect the course of the war Throughout the book Levine captures the voices of blacks and whites wealthy planters and poor farmers soldiers and officers and newspaper editors and politicians from all across the South In the process he sheds light on such hot button topics as what the Confederacy was fighting for whether black southerners were willing to fight in large numbers in defense of the South and what this episode foretold about life and politics in the post war South *Confederate Emancipation* offers an engaging and illuminating account of a fascinating and politically charged idea setting it firmly and vividly in the context of the Civil War and the part played in it by the issue of slavery and the actions of the slaves themselves
