Magnet People Roger Fritz, 2001-10 Who is a true leader Who is a false pretender This book shows how to tell the difference Award winning author Roger Fritz explains how Magnet People enable themselves and others to succeed and shows readers how to become one      Nothing Ventured, Nothing Gained Roger Fritz, 2005      The Hidden Structure of Violence Marc Pilisuk, Jennifer Achord Rountree, 2015-07-17 Acts of violence assume many forms they may travel by the arc of a guided missile or in the language of an economic policy and they may leave behind a smoldering village or a starved child The all pervasiveness of violence makes it seem like an unavoidable and ultimately incomprehensible aspect of the modern world But in this detailed and expansive book Marc Pilisuk and Jen Rountree demonstrate otherwise Widespread violence they argue is in fact an expression of the underlying social order and whether it is carried out by military forces or by patterns of investment the aim is to strengthen that order for the benefit of the powerful The Hidden Structure of Violence marshals vast amounts of evidence to examine the costs of direct violence including military preparedness and the social reverberations of war alongside the costs of structural violence expressed as poverty and chronic illness It also documents the relatively small number of people and corporations responsible for facilitating the violent status quo whether by setting the range of permissible discussion or benefiting directly as financiers and manufacturers The result is a stunning indictment of our violent world and a powerful critique of the ways through which violence is reproduced on a daily basis whether at the highest levels of the state or in the deepest recesses of the mind      **52 Simple Steps to Natural Health** Mark Mayell, Claire Zion, 1995 This indispensable volume contains the best natural health ideas culled from 20 years of Natural Health magazine the foremost publication of its kind Each of the 52 steps to enduring good health summarizes the best technique for achieving a specific effect from back health to longevity to sharpening vision
