**The Ex Who Conned a Psychic** Sally Berneathy, 2014-05-09

Amanda is still haunted by her ex husband Charley literally haunted. He's stuck between this life and the next, unable to move on, unable to get more than a couple of hundred feet away from Amanda and unwilling to go even that far. She'd like to take a shower without worrying about him peeking, to have a phone conversation without him listening and commenting, to have a date with the hot Detective Jake Daggett. Jake has asked but a threesome with Charley doesn't sound like fun. Her new friend Teresa, a professional psychic and medium, may be able to help. However, before she moves Charley on to the next life, she needs his help in contacting her own dead husband to find out who murdered him. His ghost isn't talking, and if they can't find his killer, Teresa could go to prison. Amanda would lose not only a friend but also the possibility of getting rid of Charley. The facilities for spiritual progression in prison are limited. While Amanda is trying to help Teresa find her husband's murderer, a man from Charley's past shows up with a document signed by Charley giving him possession of Amanda's motorcycle shop and apartment. Surely Ronald Collins doesn't really believe he can get away with that, but after he shoots Amanda's live oak tree and burns her truck, she realizes the man is serious and psychotic. Amanda just wanted to get rid of her ghost. Now she has a killer, a crazy man, and two ghosts in her life.

**Tales from the Crib** DeeDee Filiatreault, 2016-11-01

Tales from the Crib will make all parental units feel better about themselves: no vegetables required. Let's be honest: Nobody wants to sit next to that chipper mom at playgroup who knows everything. Please! You want to plop down by the mom who's just as clueless and cranky as you are and have a good, hearty conspiratorial laugh together. Because that mom gets it. That mom makes you feel better. That mom isn't afraid to admit that chicken nuggets are one of her household's major food groups, though she is fraught with guilt over it. That mom is just like you. That mom is DeeDee Filiatreault, a regular housewife with fairly normal kids, if there is such a thing. But unlike you, she writes all her ridiculous family stuff down for her newspaper column and blog with wit, snark, heart, faith, and far fewer swear words than she's probably thinking. Her writings have yet to appear in the New Yorker or HuffPo; she doesn't go on morning shows to dole out parenting advice mainly because she doesn't really have any, and she doesn't have a weird new hook for a memoir like how she survived a year of family dumpster diving or co-parenting her children with wolves. She doesn't have eighteen kids, either, just two. And oh, yeah, only one husband, as required by state law. This collection of DeeDee's favorite columns and writings spans her first near-decade in the mom business. Reading it is like plunking down next to that funny mom at playgroup. You'll laugh. You'll cry. You'll feel less lonely in this thing. And you may even feel a little superior. That alone might be worth the price tag. Just come and sit down next to her.
