**Slinky Jane** Catherine Cookson,1997 A pretty girl arrives in the small village of Battenbun at the same time as a large eel is spotted in the river Soon the woods are full of men out to catch both the eel and the girl Slinky Jane ,2017 *The Garment & Slinky Jane* Catherine Cookson,1999 THE GARMENT Motherhood is every woman s right and the natural outcome of a happy marriage What then is the answer when a normal and beautiful young woman is forced to recognise after two years as the wife of a country parson in the north of England that her own marriage is a sham and will never bring her the fulfilment she desperately needs Grace Rouse is faced by this situation and like many other women before her she seeks to escape a mounting sense of frustration and despair by turning from the husband she has tried in vain to love to the comfort and release offered by another man The final outcome however does not conform to pattern and Grace is forced to wage a war between a man who can give her children and a man who passionately desires children but can only give them his name SLINKY JANE In Battenbun Northumberland there live four Puddleton men Grandpop Old Pop Pop and Peter Three of them have two things in common a cast in one eye and in the other a glint for the opposite sex Peter his mother s only joy has no cast and no eye for women either until one day a customer calls at his garage on the edge of the village The village hadn t seen anything like her before and wasn t certain it wanted to and from the moment of her arrival things began to happen An eel is found in a pond where never an eel has been known to visit Men creep through the woods to find this Slinky Jane but which one the eel or the strange girl **According To Jane** Marilyn Brant,2009-10-01 In Marilyn Brant s smart wildly inventive debut one woman in search of herself receives advice from the ultimate expert in matters of the heart It begins one day in sophomore English class just as Ellie Barnett s teacher is assigning Jane Austen s *Pride and Prejudice* From nowhere comes a quiet tsk of displeasure The target Sam Blaine the cute bad boy who s teasing Ellie mercilessly just as he has since kindergarten Entirely unbidden as Jane might say the author s ghost has taken up residence in Ellie s mind and seems determined to stay there Jane s wise and witty advice guides Ellie through the hell of adolescence and beyond serving as the voice she trusts usually far more than her own Years and boyfriends come and go sometimes a little too quickly sometimes not nearly fast enough But Jane s counsel is constant and on the subject of Sam quite insistent Stay away Jane demands He is your Mr Wickham Still everyone has something to learn about love perhaps even Jane herself And lately the voice in Ellie s head is being drowned out by another urging her to look beyond everything she thought she knew and seek out her very own very unexpected happy ending A warm witty and charmingly original story Susan Wiggs New York Times bestselling author An engaging read for all who have been through the long dark dating wars and still believe there s sunshine and a Mr Darcy at the end of the tunnel Cathy Lamb author of *Henry s Sisters* This is a must read for Austen lovers as well as for all who believe in the possibility of a happily ever after ending Holly Chamberlin author of *One Week* In December *The Troubled Air* Irwin Shaw,2013-04-16 New York Times Bestseller A provocative novel about one man s

struggle with courage and his conscience at the height of McCarthyism Clement Archer head of a popular radio show faces a profound dilemma Five of his employees stand accused of being communists and a magazine threatens disclosure unless Archer fires each and every one Despite his efforts to meet his own moral standards and avoid self incrimination Archer finds himself hounded from both ends of the political spectrum for his seemingly righteous actions The Troubled Air Irwin Shaw s second novel was published immediately before the author moved to Europe where he lived for the next twenty five years The story remains a powerful portrayal of a good decent man ensnared by the hysteria and cruelty of a dark period in American history This ebook features an illustrated biography of Irwin Shaw including rare images and never before seen documents from the author s estate

**British Working Class women authors (born before 1962) a list** Stefan Szczelkun , 2025-06-07 A collection of Wikipedia articles edited reformatted and with additions In chronological order References and sections on non literary activity are sometimes omitted hopefully not to the point of misrepresenting the author which might include feminist or political activism To my surprise the biographical material on Wikipedia was sometimes mesmerising although it was uneven Where there were gaps I have tried to fill them from other sources Refer back to the wikipedia articles for more context and references in some cases and if you have a verified source of information please update the Wikipedia article Wikipedia is published under a creative commons licence So this compilation also carries a creative commons licence

Introduction Looking through Sarah Richardson s Writing on the Line 1996 I was struck by how many of the working class women writers were from North America and how many more were poets Howard Slater had made a list of British working class male novelists and I selected British woman writers from Writing on the Line and found that most of them now have Wikipedia pages I first made a list of links Wanting to take this further I first looked to focus on novels and short story writers but this category started to break up as many writers wrote in many idioms producing fact fiction poetry plays screenwriting and journalism I decided on an arbitrary cut off point of writers born before 1962 When I first made the list I was thinking how few working class women novelists had been published in this period But then the lists of books by each author started to stack up and there s plenty to read and much that I missed even really hearing about Of course it focuses on the most successful others who produced a community published autobiography or self published novel did not get a Wikipedia page and they should really be included every life counts Others only published an autobiography perhaps in the last years of life

but were extraordinary writers and people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel

**The Fate of Gender** Frank Browning,2016-06-07 Frank Browning takes us into human gender geographies around the world from gender neutral kindergartens in Chicago and Oslo to women s masturbation classes in Shanghai from conservative Catholics in Paris fearful of God and Nature to transsexual Mormon parents in Utah As he shares specific and engaging human stories he also elucidates the neuroscience that distinguishes male and female biology shows us how all parents brains change during the first weeks of parenthood and finally how men s and women s responses to age differ worldwide based not on biology but on their earlier life habits Starting with Simone de Beauvoir s world famous observation that one is not born a woman but instead becomes a woman Browning goes on to show equally that no one is born a man but learns how to perform as a man and that there is no fixed way of being masculine or feminine Increasingly the categories of male and female and even gay and straight seem old fashioned and reductive Just visible on the horizon is a world of gender and sexual fluidity that will remake our world in fundamental ways Linking science to culture and behavior and delving into the lives of individuals challenging historic notions Browning questions the traditional division of Nature vs Nurture in everything from plant science to sexual expression arguing in the end that life consists of an endless waltz between these two ancient notions

**Destiny's Tapestry** Betty June Gilliland,2014-04 On a stormy night as a hurricane raced up the Gulf Coast and created havoc in its path Betty Gilliland was born on a corn shuck mattress in a barn at the foot of Sand Mountain As soon as the midwife wrapped her in a blanket and gently laid her in a cow manger Gilliland began a journey through life that would eventually test her spirit courage and most of all her power to forgive Gilliland begins by chronicling her growing up years during a challenging time in America s history Her father was drafted into the war and then abandoned his family leaving Gilliland and her mother to eke out a life for themselves in their tiny cabin surviving on a diet of wild greens nuts and roots As she weaves through the threads of her life s tapestry Gilliland recalls the challenges she confronted during her difficult coming of age journey as she suffered through hardships physical abuse emotional abandonment and her own self destructive behavior Yet through it all she never lost the faith What s more she used that faith to begin building a new life and to discover her roots **Destiny's Tapestry** shares one woman s poignant memories of moving from the darkness of abuse into the light of healing
