Snarling Viscera New Poetry:

Children of the Snarl & Other Poems Marne Kilates, 1988 Writing Home Elmer Kennedy-Andrews, 2008 The idea of place and of being displaced is a powerful leit motif in Northern Irish poetry It is here explored in depth from the 1960s to the present day Ideas of home place and identity have been continually questioned re imagined and re constructed in Northern Irish poetry Concentrating on the period since the outbreak of the Troubles in the late 1960s this study provides a detailed consideration of the work of several generations of poets from Hewitt and MacNeice to Fiacca and Montague to Simmons Heaney Mahon and Longley to Muldoon Carson Paulin and McGuckian to McDonald Morrissey Gillis and Flynn It traces the extent to which their writing represents a move away from concepts of rootedness and towards a deterritorialized poetics of displacement mobility openness and pluralism in an era of accelerating migration and globalisation In the new readings of place inherited maps are no longer reliable and home is no longer the stable ground of identity but seems instead to be always where it is not The crossing of boundaries and the experience of diaspora open up new understandings of the relations between places a new sense of the permeability and contingency of cultures and new concepts of identity and home Professor ELMER KENNEDY ANDREWS teaches in the Department of English at the University of Ulster **Wallace Stevens and the Actual World** Alan Filreis, 2014-07-14 The work of Wallace Stevens has been read most widely as poetry concerned with poetry and not with the world in which it was created deemed utterly singular it seems to resist being read as the record of a life and times In this critical biography Alan Filreis presents a detailed challenge to this exceptionalist view as he traces two major periods of Stevens's career from 1939 to 1955 the war years and the postwar years Portraying Stevens as someone whose alternation between cultural comprehension and ignorance was itself characteristically American Filreis examines the poet's impulse to disguise and compress the very fact of his debt to the actual world By actual world Stevens meant historical conditions often in order to impugn his own interest in such externalities as the last resort of a man whose famous interiority made him feel desperately irrelevant In light of events ranging from the U S entry into World War II to the Cold War Filreis shows how Stevens was driven to make a close approach to reality in an effort to reconcile his poetic language with a cultural language Wallace Stevens and the Actual World is not only an impressive feat of historical recovery and analysis but also a pleasure to read It will be useful to anyone interested in the relationship between American politics and literature during World War II and the Cold War Milton J Bates Marquette University Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Requiem for the Orchard** Oliver De la Paz, 2010 These are vivid visceral poems about coming

of age in a place where the Ferris Wheel was the tallest thing in the valley where a boy would learn to fire a shotgun at nine and wring a chicken's neck with one hand by twirling the bird and whipping it straight like a towel In spite of such hardscrabble cruelties or because of them there is also a real tenderness in these poems the revelations of bliss driving along an empty highway like opening a heavy book letting the pages feather themselves and finding a dried flower The poet has a gift for rendering his world in cinematic images In short these poems are the stuff of life itself ugly and beautiful wherever or whenever we happen to live it Martin Espada [Elizabeth Bishop's Poetics of Intimacy](#) Victoria Harrison, 1993-01-29

[Elizabeth Bishop's Poetics of Intimacy](#) a biographical and critical study of one of the great poets of this century offers a fresh look at Bishop's published and unpublished writing over the course of her career Informed by pragmatic post modern and feminist theories Victoria Harrison's study also makes extensive use of Bishop's archives many pieces of which have never been discussed to reveal the process of the poet's writing Harrison explores Bishop's childhood memoirs journals letters Brazilian travel prose unfinished poems and draft material researching dates of undated material and reproducing Bishop's revisions cancellations and idiosyncratic spellings Attentiveness to the detail of this archival writing gives Harrison a broad foundation for arguing that Bishop treats some of our largest concerns family relationships sexuality war and cultural differences within poetry and prose that are intimate but not self revelatory and daily but never ordinary Elizabeth Bishop charges the moments of her writing with the desires fears and passions of her life [Encyclopedia of Feminist Literature](#) Mary Ellen Snodgrass, 2015-04-22 Presents articles on feminist literature including significant authors themes and history

Wytovich, 2024-09-11 Writing Poetry in the Dark brings together some of the most successful contemporary genre poets to discuss topics related to creating dark and fantastical poetry While there are countless books available for the aspiring poet there is a lack of resources specifically for and on speculative poetry and with the market thriving publishers who previously did not put out poetry are now adding it to their catalogs requesting it for their anthologies and seeking it for their magazines Given these factors it seemed like the perfect time to put together a guide for dark poets that addresses some of the unique challenges they face such as creating monsters

out of white space writing the hybrid poem or subverting folklore in the retelling of a classic tale Included in Writing Poetry in the Dark are recommendations on how to bring fear to the page write from the wound let violence loose channel the weird and tackle the dark side of daily life There are also practical suggestions for exploring different poetic forms and topics ranging from building worlds writing from different points of view and exploring gender and sexuality on the page This book will bring something different to every speculative writer who is interested in exploring poetry with a genre twist and it is our hope that this book will help poetry itself continue to evolve grow and redefine itself in the market for many years to come

The Pleasant Profession of Robert A. Heinlein Farah Mendlesohn, 2019-03-07 Robert A Heinlein began publishing in the 1940s at the dawn of the Golden Age of science fiction and today he is considered one of the genre s big three alongside Arthur C Clarke and Isaac Asimov His short stories were instrumental in developing its structure and rhetoric while novels such as *Stranger in a Strange Land* and *Starship Troopers* demonstrated that such writing could be a vehicle for political argument Heinlein s influence remains strong but his legacy is fiercely contested His vision of the future was sometimes radical sometimes deeply conservative and arguments have flared up recently about which faction has the most significant

claim on his ideas In this major critical study Hugo Award winner Farah Mendlesohn carries out a close reading of Heinlein's work including unpublished stories essays and speeches It sets out not to interpret a single book but to think through the arguments Heinlein made over a lifetime about the nature of science fiction about American politics and about himself

Tony Harrison Edith Hall,2021-01-14 This is the first book length study of the classicism of Tony Harrison one of the most important contemporary poets in England and the world It argues that his unique and politically radical classicism is inextricable from his core notion that poetry should be a public property in which communal problems are shared and crystallised and that the poet has a responsibility to speak in a public voice about collective and political concerns Enriched by Edith Hall's longstanding friendship with Harrison and involvement with his most recent drama inspired by Euripides *Iphigenia in Tauris* it also asserts that his greatest innovations in both form and style have been direct results of his intense engagements with individual works of ancient literature and his belief that the ancient Greek poetic imagination was inherently radical Tony Harrison's large body of work for which he has won several major and international prizes and which features on the UK National Curriculum ranges widely across long and short poems plays translations and film poems Having studied Classics at Grammar School and University and having translated ancient poets from Aeschylus to Martial and Pallas Harrison has been immersed in the myths history literary forms and authorial voices of Mediterranean antiquity for his entire working life and his classical interests are reflected in every poetic genre he

has essayed from epigrams and sonnets to original stage plays translations of Greek drama and Racine to his experimental and harrowing film poems where he has pioneered the welding of tightly cut video materials to tightly phrased verse forms This volume explores the full breadth of his oeuvre offering an insightful new perspective on a writer who has played an important part in shaping our contemporary literary landscape **A New English Dictionary on Historical Principles**, 1888 **AFTER AFRICA Collected Poems** Bart Wolffe, 2013-02-11 This compilation of poems is a result of ten years work since leaving Africa It shares the journey from memory and loss into discovery and new voice The writing is mostly chronological and is taken from the eight anthologies Bart has created since his departure from Zimbabwe in February of 2003
