order this book versus watching free YouTube videos Well though YouTube can be used to supplement this book because videos show visual representations of the skills covered each video is often unorganized and the order in which you watch the videos is NOT structured at all This book provides that structure to ensure that you are not just getting a little information in one spot and some knowledge in another without being able to understand the entire picture of how it all works together It gives every player the ability to walk onto a field and know that 1 your team will win and 2 you will lead them to victory The skills you develop will move you forward in your playing career Soccer Training contains the facts that will empower every player trainer mom and dad Please note this is not a picture book It is time for hours of SOCCER TRAINING to pay off Become the player coach or parent that changes every game from here on out Pick up your copy today by clicking BUY NOW
