Brenner,Abir U. Igamberdiev,2020-11-30 Philosophy in Reality offers a new vision of the relation between science and philosophy in the framework of a non propositional logic of real processes grounded in the physics of the real world This logical system is based on the work of the Franco Romanian thinker St phane Lupasco 1900 1988 previously presented by Joseph Brenner in the book *Logic in Reality* Springer 2008 The present book was inspired in part by the ancient Chinese Book of Changes I Ching and its scientific philosophical discussion of change The emphasis in *Philosophy in Reality* is on the recovery of dialectics and semantics from reductionist applications and their incorporation into a new synthetic paradigm for knowledge Through an original re interpretation of both classical and modern Western thought this book addresses philosophical issues in scientific fields as well as long standing conceptual problems such as the origin nature and role of meaning the unity of knowledge and the origin of morality In a rigorous transdisciplinary manner it discusses foundational and current issues in the physical sciences mathematics information communication and systems theory and their implications for philosophy The same framework is applied to problems of the origins of society the transformation of reality by human subjects and the emergence of a global sustainable information society In summary *Philosophy in Reality* provides a wealth of new perspectives and references supporting research by both philosophers and physical and social scientists concerned with the many facets of reality *Program of the ...
