**Social Inequality, Stratification, and Mobility** Judah Matras, 1975      *Research in Social Stratification and Mobility*  
Kevin T Leicht, 2005-06-04 Research in Social Stratification and Mobility continues its tradition of publishing the best and most innovative research on the changing landscape of social inequality the world over This issue focuses on different dimensions of social closure and their relationship to social inequality processes including the changing role that education plays in sorting people into favorable and unfavorable labor market positions across a global diversity of cultural settings This issue also examines the fluid boundaries of race and ethnicity in contentious political settings relationships between attitudes and collective action and the role that technology and political context plays in promoting economic development and well being These topics and the research methodologies they represent display the vitality of social science research dealing with social stratification and the wide array of methods contexts and policies that directly affect the life chances of most of the world s peoples This issue also marks a continuation of the ties developed between RSSM and the Social Stratification and Mobility section of the International Sociological Association RC 28 This collaboration promises to promote and disseminate social inequality research throughout the world through an established network of distinguished international contributors and commentators

**Social Inequality, Stratification, and Social Mobility** Judah Matras, 1984      **The Shape of Social Inequality** David Bills, 2005-08-24 This volume brings together former students colleagues and others influenced by the sociological scholarship of Archibald O Haller to celebrate Haller s many contributions to theory and research on social stratification and mobility All of the chapters respond to Haller s programmatic agenda for stratification research A full program aimed at understanding stratification requires first that we know what stratification structures consist of and how they may vary second that we identify the individual and collective consequences of the different states and rates of change of such structures and third seeing that some degree of stratification seems to be present everywhere that we identify the factors that make stratification structures change The contributors to this Festschrift address such topics as the changing nature of stratification regimes the enduring significance of class analysis the stratifying dimensions of race ethnicity and gender and the interplay between educational systems and labor market outcomes Many of the chapters adopt an explicitly cross societal comparative perspective on processes and consequences of social stratification The volume offers both conceptually and empirically important new analyses of the shape of social stratification

**Social Stratification and Inequality** Harold R. Kerbo, 1996 This text provides coverage of research and theory relating to social stratification in the US and selected international societies It adopts general conflict principles as its theoretical orientation and focuses on the development and maintenance of the structure of inequality This edition has been updated to include data from the 1990 census and features examples figures and tables A new chapter on race ethnicity and gender focuses on important issues of inequality There are also new chapters on Germany and on Japan

**Structured Social Inequality** Celia Stopnicka Heller, 1969 Textbook focusing on social change and based on comparisons of social structures in various countries on social theory of social stratification covers various forms of discrimination and inequality problems of minority groups intergroup relations leadership phenomena interest group behaviour realities of ethnography etc References

**Inequality and Stratification in the United States** Robert A. Rothman, 1978 Monograph analyzing trends in social stratification in the USA reviews social theories on social stratification examines the dimensions of inequalities in income distribution and social status based on occupation sex ethnic group and race as well as relating economic implications and considers characteristics of social classes in the USA and patterns of social mobility Graphs references and statistical tables
