Social Work Constructivist Research

S Ben Porath

Social Work Constructivist Research:

Social Work, Constructivist Research Mary K. Rodwell, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company *Social Work, Constructivist Research* Mary K. Rodwell, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company **Social Work Constructivist Research** Mary Katherine O'Connor, 2015-12-22 This is the first textbook to offer a clear concise articulation of the dimensions of constructivism relevant to social work practice and research Professor Rodwell recognizes the need to systematize a process of knowledge building and presents specific techniques to accomplish that while maintaining an interpretative stance with the focus on meaning Social work students will see that their basic way of engaging clients in an assessment and problem solving process is very much in keeping with constructivist research practice In addition to delineating the philosophical assumptions of constructivism this very practical text is geared to classroom use with chapters on research design rigor data collection data analysis research oversight and presentation of results Social Work Constructivist Research is divided into four sections that together should give the reader the intellectual and practical background necessary to understand and undertake rigorous constructivist inquiry The structure of this textbook is intended to provide the reader with sufficient information to competently confront all the design implementation and reporting elements of a constructivist inquiry process At the completion of all sections readers will know how the assumptions of constructivism differ from mainstream research primarily characterized by positivism or post positivism Readers will know how rigor expectations for research methods derived from different assumptions also differ They will know how to determine the feasibility of undertaking a constructivist inquiry when and where it is possible manage an emergent design and establish the trustworthiness and authenticity dimensions of a rigorous research effort For those interested in constructivist research and its relevancy to social work this book will prove to be a necessary resource Qualitative Research in Social Work Anne E. Fortune, William J. Reid, Robert L. Miller, Jr., 2013-05-21 In this volume progressive experts survey recent trends in qualitative study which relies on small sample groups and interview data to better represent the context and complexity of social work practice Chapters address different approaches to qualitative inquiry applications to essential areas of research and practice integration of qualitative and quantitative methods and epistemological issues This second edition brings even greater depth and relevance to social work qualitative research including new material that tackles traditional research concerns such as data quality ethics and epistemological stances and updated techniques in data collection and analysis To increase the usefulness for students and researchers the editors have reorganized the text to present basic principles first and then their applications and they have increased their focus on ethics values and theory New and revised illustrative studies highlight more than ever the connection between effective research and improved social functioning among individuals and groups The collection continues to feature scholars and practitioners who have shaped the social work research practice canon for more than

twenty years while also adding the innovative work of up and coming talent

Constructing Social Work Practices Arja Jokinen, 2018-12-17 First published in 1999 Jokinen Juhila and Poso comprises both theoretical reflexive articles and articles based on empirical social constructionist studies It provokes new ways of looking at social work practices as interpretative and interactive processes In addition to this theoretical and methodological contribution the volume provides empirically based material on the practical implications of an alliance between social work and social constructionism

Social Work Research Methods Teresa Morris, 2006-01-13 This is the first book to expand social work research methods to include alternative models and integrate these methodologies into general social work practice Morris also describes research methods for post positivism critical theory and constructivism in a straightforward and accessible style

Evidence-Based Practice in Clinical Social Work James W. Drisko, Melissa D. Grady, 2019-06-14 The second edition of Evidence Based Practice in Clinical Social Work continues to bridge the gap between social work research and clinical practice presenting EBP as both an effective approach to social work and a broader social movement Building on the models and insights outlined in the first edition this new edition provides updated research and additional case studies addressing relevant issues such as trauma treatment and opioid dependence Drawing on their multidisciplinary experience as practitioners researchers and educators the authors guide readers through the steps of the EBP decision making process in assessment treatment planning and evaluation The book places special emphasis on balancing clinical expertise research results and client needs and analyzes both the strengths and limitations of the EBP model in order to give readers a more complete idea of how the method will shape their own practice In addition this practice building reference Introduces core principles of EBP and details its processes in social work Features guidelines for engaging clients in EBP and transmitting research findings Offers a range of case examples demonstrating EBP with diverse clients Addresses education and supervision issues and related controversies Includes an expanded glossary and valuable resources for use in evidence based practice Evidence Based Practice in Clinical Social Work is a practical resource for clinical social work professionals and educators that broadens the field and expands the healing possibilities for the profession

Relational Social Work Practice with Diverse Populations Judith B. Rosenberger, 2013-06-25 Social work and relational theory have long been clinical comrades given their shared goals and ideals This close fit continues to be productive as client populations and their needs grow more diverse Clinical Social Work Practice with Diverse Populations sorts through vital matters of race ethnicity sexuality religion and social status and addresses groups and issues often seen in practice but rarely encountered in print with a profound understanding of the healing power of relational based treatment Case examples illustrate all stages of social work process offering practice guidelines for working with members of diverse groups while emphasizing the uniqueness of every therapeutic dyad The coverage recognizes the multiple relationships that comprise individuals lives as well as the individuality that co exists within group identity And the contributors carefully show readers how to check themselves for biases and us versus them thinking

and how to develop confidence along with clinical skills Included in this first of its kind text Practice technique and research support for relational therapy Whiteness Deconstruction of a practice paradox Racial and ethnic diversity including African American Latino Asian American and Asian Indian clients Religious diversity evangelical Christians Muslim and Orthodox Jewish clients Diversity of sexual identity LGBT clients Diversity of life altering experiences combat veterans reentry from incarceration homelessness Plus background chapters providing a framework for applying relational theory to social work Bridging the knowledge gaps between the diversity literature and the practical literature Relational Social Work Practice with Diverse Populations supplies clinical social work professionals educators and counselors with tools and concepts for effective efficient practice

Evidence-based Social Work Mel Gray,Debbie Plath,Stephen Webb,2009-05-08 This book provides a critical analysis of evidence based practice in social work It introduces readers to the fast changing research policy legislative and practice context and illuminates how adopting the methodology and language of evidence based practice fundamentally alters the conditions under which social work takes place

Doing Qualitative Research in Social Work Ian Shaw,Sally Holland,2014-04-15 Bringing key developments and debates together in a single volume this book provides an authoritative guide for students and practitioners embarking on qualitative research in social work and related fields Frequently illustrated with contemporary and classic case examples from the authors own empirical research and from international published work and with self directed learning tasks the book provides insight into the difficulties and complexities of carrying out research as well as sharing success stories from the field Shaw and Holland have long experience of writing for practitioners and students and in making complex concepts accessible and readable making this an ideal text for those engaging in qualitative social work research at any level Ian Shaw is a Professor of Social Work at the University of York and at the University of Aalborg Sally Holland is a Reader in Social Work at the School of Social Sciences in Cardiff University

The Practice of Research in Social Work Rafael J. Engel,Russell K. Schutt,2016-01-27 The Fourth Edition of Rafael J Engel and Russell K Schutt s The Practice of Research in Social Work introduces an integrated set of techniques for evaluating research and practice problems as well as conducting studies Evidence based practice comes alive through illustrations of actual social work research Updated with new examples the latest research and expanded material on technology and qualitative methods this popular text helps readers achieve the 2015 EPAS core competencies essential for social work practice

Science and Social Work Stuart A. Kirk,William James Reid,2002 Historically there have been two main approaches to the proper role and function of science in social work This work presents a balanced appraisal demonstrating how the fruits of scientific research can aid clinical practice

Encyclopedia of Canadian Social Work Francis J. Turner,2005-09-07 Annotation Covers over 500 topics important to Canadian social work Written by a highly diverse group of experts and covering all aspects of the field nation wide

Fundamentals of Social Work Research Rafael J. Engel,Russell K. Schutt,2014-01-14 Designed to help students develop skills in evaluating research and conducting

studies this brief version of Rafael J Engel and Russell K Schutt's popular *The Practice of Research in Social Work* makes principles of evidence based practice come alive through illustrations of actual social work research With integration of the CSWE Competencies the text addresses issues and concerns common to the discipline and encourages students to address diversity and ethics when planning and evaluating research studies The Second Edition includes a focus on qualitative research a new chapter on research ethics new sections on mixed methods research and community based participatory research and more

Social Work Jan Fook, 2012-04-05 Social work is a human profession founded on social justice It is difficult however to negotiate this in the constantly changing context of the twenty first century Now in its Second Edition this book considers the critical tradition of social work and updates it with postmodern thinking Jan Fook draws on critical reflection to help social workers deliver flexible responsible and responsive practice and to celebrate the ageless ideals of the profession Jan Fook draws on her own experiences to relate theoretical ideas to real life Summaries exercises and further reading are also included in each chapter

Methodologies and Ethics for Social Sciences Research Demircioğlu, Aytekin, 2024-01-16 Ethics the moral compass guiding our actions stands at the core of academic integrity In the field of social sciences research ethical violations persist as a silent threat overshadowing the pursuit of knowledge Uncovering the pervasive challenges *Methodologies and Ethics for Social Sciences Research* boldly addresses the often overlooked ethical breaches within scientific research From plagiarism to the distortion of data the book meticulously dissects common ethical pitfalls emphasizing their significance in maintaining the credibility and trustworthiness of research outcomes Recognizing the global nature of academic endeavors the book sheds light on the cultural factors influencing ethical considerations fostering a collective awareness among scholars *Methodologies and Ethics for Social Sciences Research* transcends geographical boundaries offering a comprehensive exploration of research methodologies in social sciences It equips researchers academics teachers and students with the tools to navigate the intricate terrain of scientific inquiry while upholding ethical standards With a focus on the multicultural perspective the book features contributions from academics worldwide enriching the narrative with diverse experiences and insights By incorporating practical examples of ethical violations from different countries it not only highlights common ethical dilemmas but also provides a foundation for a shared global understanding of research ethics

Analyzing Social Policy Mary Katherine O'Connor, F. Ellen Netting, 2011-02-02 From formulation to implementation an approach to the analysis of social policy through the lens of research *Analyzing Social Policy* prepares professionals and students to make better informed decisions related to identifying and understanding the intricacies and potential impact of social policymaking and enactment on their organization as well as their individual responsibilities goals and objectives Authors Mary Katherine O'Connor and F. Ellen Netting thoroughly examine various approaches to the analysis of social policies and how these approaches provide the knowledge multiple perspectives and other resources to understand and grasp the nuances of social policy in all its complexity Comprehensive and based on

research Analyzing Social Policy explores An overview of the practice of social policy analysis The role of research in guiding policy analysis The idea of policy analyses as research Themes assumptions and major theories that undergird rational models of policy analysis Nonrational themes assumptions and major theories informing nontraditional interpretive and critical approaches to policy analysis Strategies for applying selected models and approaches when engaging in policy analysis as research Providing practitioners and students with a set of tools that can be used to enhance an understanding of what constitutes policy as well as acceptable standards for critical analysis of policy this resource enables policy advocates regardless of their level to be political strategic and critical in their work *An Empowering Approach to Managing Social Service Organizations* Donna Hardina, Jane Middleton, Salvador Montana, Roger Simpson, 2006-08-30 Presenting an empowerment oriented management approach this ground breaking how to guide covers the most recent innovations and current theories you need to create a successful social service organization This all in one guide to service organization management best practices will help you gain the skills you need to effectively lead and empower your staff Expert authors provide a comprehensive approach and tackle every important issue related to this complex management field including Values and ethics Organizational structure Diverse clientele and access to services Barriers to service delivery Cultural competency Fight for social justice Financial resource management Evaluating program outcomes Control of the external environment A must have reference *An Empowering Approach to Managing Social Service Organizations* will help practicing professionals and students on the cusp of leadership improve service delivery to clients make improvements in workplace conditions acquire critical resources and retain the leadership power needed to survive in a turbulent social political and economic environment **Qualitative Research Skills for Social Work** Malcolm Carey, 2017-03-02 Malcolm Carey provides social work students academics and practitioners with a practical guide to completion of a small scale qualitative research project or dissertation This clear text takes the reader through the process of beginning and developing a research problem or question defining their objectives and undertaking empirical or literature based research that involves data collection analysis writing up and dissemination The book also highlights and details potential obstacles essential techniques and methods types of theory and methodology used and presents case studies and ongoing debates involved in qualitative social work research It suggests ways by which sometimes difficult processes such as the literature review interviews with practitioners etc can be made easier to complete and explores traditional methods such as the focus group or interview alongside less conventional methodologies such as participative narrative discourse or ICT related approaches Recent investigation has highlighted the lack of research skills held by many social workers in practice This book overcomes these problems by providing an essential and easily accessible guidebook to qualitative research methods for social work students and practitioners as well as being of interest to tutors who teach research methods to social work students or supervise dissertations **Spiritual Diversity in Social Work Practice** Edward R, Canda, Leola Dyrud Furman, Hwi-Ja

Canda, 2019-10-15 Social workers and helping professionals serve many people who draw upon religion and spirituality to find meaning, thrive and overcome oppression and obstacles in their lives. The third edition of *Spiritual Diversity in Social Work Practice* provides a comprehensive framework of values, knowledge and skills for spiritually sensitive and culturally appropriate practice with diverse religious and non religious clients. This classic text contains forty different case examples and stories that vividly illustrate the professional values and ethical principles that guide spiritually sensitive practice. Learning activities at the end of each chapter encourage readers' personal and professional development through self reflection, dialogue, creative expression, outreach to the community and skill application. The book also draws connections between spiritual and cultural diversity, gender and LGBTQI issues. It introduces beliefs, values and social welfare applications of Buddhism, Christianity, Confucianism, Hinduism, Indigenous spiritual perspectives, Islam, Judaism, Existentialism and Transpersonal and Deep Ecological Theories. Skills for spiritual assessment and spiritually sensitive practices include mindfulness, meditation, ritual and ceremony, forgiveness, spiritually sensitive administration and engagement with community based spiritual support systems. For social workers and other professional helpers committed to supporting the spiritual care of individuals, families and communities, this definitive guide offers state of the art interdisciplinary and international insights as well as practical tools that students and practitioners alike can put to immediate use.
